HALF A MILLION.

Wednesday Morning, Sept. 22 | The D faulting Banker Who Took it Arrested in Omaha,

> By Special Agents of the Department of Justice.

The Biggest Sensation of the Season.

Perhaps one of the most noted events that has occurred in Omaha f r years ast, and one, the news of which has by this time traveled over half the continent by light ing, was the arrest morning, of Siles M Waite, the de- a reet. faulting president of the Brattleboro, occurred in the city within the past forty ' Vt , First National bank. The arrest was made by special agents W. H. H. Llewel'yn and W. H.

Shields of the Attorney-General's department, assisted by special agent -An attempt was made Sunday night | John B Foray, of the postoffice de-

It will be remembered that Waite absconded about the 10th of June last and it was for so ne time supposed of the country and was a fugitive in Europe. He had, it is claimed, previous to his fight oftered forgad paper amounting to unwords of half a million of dollers, the result being a flood of suits against the directors, brought by the stockholders, and roin and woe to many poor people. It was believed by the

directors and with good grounds, reached the second story. It will be, when that he had taken a large completed, one of the finest livery stables sum of morey with him, how much could only be determined by a long, searching investigation. The forged paper included the Conofficial programme, valuable information necticut River railroad for about \$50 relating to the exposition and interesting | 000; Frederick Billings, \$20,000; Trenor W. Park, \$20 000; Lvon & Healy of Chicago, \$20,000; Tannton Locomotive Works, about \$12,000; C J.

Amidon, Hinsdale, \$15,000 Narmlive & Co., New York, some \$75 000, and others. How much of this paper was used by Waite as colleteral upon order for a gold medsl, valued at s'xty dol- which he may have raised large amounts for individual use the directors were unable to say, but the Sering. field and B ston banks were victimized in this way we be'ie e.

June 17th thed re tors of the bank offered a reward of \$5000 for the capture of the fugitive and in addition to the incentive thus offered the off ase having been against the United States Davins took active measures for the detection of the abscomaing banker to effect his capture. It became known that he was still in the United Work on the new sewer is progressing S a'es, and the special agent of the

TALE OF A TRAVELLER.

How a Flying Train Was Wrecked on the Plains

A Graphic Story of a Moon it Hor or.

Superintendent Clark being out on been one of the great statuections in ly to him, instead of to his office here. finish of the dress reflects great credit The train did not leave the scene of on the maker. If the dress had been the wreck until between 2 and 3 displayed at the fair it would have o'clock p m. ye terday, and it a riad been as excellent advertisement for I this city at 9:10 a. m. to-d y in two the establishment of Mrs. Cox. sections, the first bringing h - mail, biggage and express goods in bix e rs.

the emigrant passer gers from the cas ton Block. bound train, which was following No. 4 slosest Tres c nd section brought three Pullman craches and two day coaches fill d to their utmost capaci y and hauled in a reverse order. From one of the passengers who was on the ill fated trin we learned

THE GRAPHIC STORY of perhaps the worst wreck that has occured wihn the history of the Union Pacific read, The everla d train, No. 4, should meet freight be 23, at 10 o'clock a m. train N . 9, at a siding three miles west of Julesburg at 9:40 p. m Sun day night the freight train was late and had orders to meet the .xp ess train at another side track three mile. east of the above station. The

freight made her time right and was pulling on the id ng when No. 4, drawn by a new engine, No 11, Pat O'Hare, engineer, and W. Fonds, fireman, and in charge of Conductor W. L. Seele. up to await the signal to come sheed, slowing down until our inform at says he thought they were stopping at a first choice. station. The moon was shining very

brightly at the time, and objects were distinctly visible at a great distance. O'Hara from his post in the cab saw the "come shead"signal given, and pul ingout the throtele drove down the line as full speed, probably thirty m les an hour. At this time the freight train was not and one car still being out. It to de nied on the one hand that any signal to come shead was given, and claimed on the other that the signal was g ver but was for the engineer of the freigh train to pull ahead. It is probable that the latter is the correct version, Co's., Fifteenth and Douglas, you can and that the mistake in regerd to the signals was, in fact, the fault of no one, but a mistake that might carily from France.

be made under the circumstances. reight quick as a flish. The bt us in was seen too late to be avoid d One shriek from the e-g no give too wa ning, and the next instant th crash was h ard, followed by a scen t a beggara de cri, ton. The extre 3 just b ck of the trucks, and rake w b her, cut right but the cabonse, an I ke a fish the ice motive, two miniseys, the mail, baggage and . xpress feight cars were involved in mass of confusion an run The engineer having reverse

his engine, clapped on the sic brak s firm'y to his post while his from steed spraig houth the air and tanded his teen feet distant on the ear of He had not budged one inch when she strack The tend r, torn from her could g was thrown high io the sir and turn a somers u't over the engine la htin in front of her. The bremen was thrown down the eight embank ment at that point and prento the ground by a tuwed by the e g ne and tank un dishe tedink ys w re wrecked, wh n the ma car, occupied by route are ts W. H. Herbert and Seth Moblev turned

over and landed on its roof, rama ning in that position. The xpress car REARED LIKS A HORSE and it am as the mail car, while the agg ge car j ined in the plung , and the am ker with its load of sle ping passengers ell across up boiler of he engine, where a par trucks were tul d against it. E cars were thus dire ed together, and a worse pic use of ruin cannot be d scribed. Strange to say the rem in ing cars were not only left stand a on the track, bu h occupanta sea co ly awakened. The conductor and en gineer lost not a moment is costing after those who were supposed to be boried in the work. and they worked literally like Topians. Berbert, who w s in the forward end of his car, was buried beneath tous of

mail marter, while Mobiley was lef free and called out f r help to extr cate his companion, going to work lik. a hero bimself. THE WRECK TAKES FIRE.

To add to the confusion the oil lamps in the cors t tire to the wreck. and cries of "fire" and "bring water were be rd on all sides. Fortunately, the flames were soon ex-tinguished and in twenty minutes time Harbert was taken out, his left arm crushed, but otherwise un njured. Fonda was released by a Pull ner passenger, who was riding in the moker, and who escaping himself by the skin of his teeth lost no time i lending sid to others. The fireman was badly brused about the he same at his wholesale house, 1110 One or two others received face, but is not dangerously bur slight scratches but none worth men

In the Pullman cars nearly every one was abed, and only one or two got up at first to see what was the Hoods, Nubias, Leggings, Socks, matter. Conductor Patterson was in & .. , &c. the wash room, and the first he knew he was thrown forward, the cars made three violent plunges and stopped still, He looked out to see the extent of the isnger and then re uniet to quiet and resssure such of the passengers as the smoker, who sat on the front seat, had just time to get his head away from the window when

First Baptist Church. Music by Hoff- crushed it in like an egg shell. The freight er gine was detached and drew the train and its passengers bock to Julesbu g whe e they lay until A c . day aftern on, when a sack was c mpleted around the wienything in the Jewelly Line, 1314 and the ire a mane it in two way. You goe bert came it in the train and seemed not to feel very bad ov r his misforune. After receiving the con.r teletions of his ferends at the depot he walked up to-n se briskly as ever. One and all amo g the passengers spoke in glowing terms of the conduct of the train officials of both train; but especially of Messrs. Seeley and O'Hara, whose work they say was nover excelled for herosam or effective-

ness. It was, as stated, impresible to

clair away the wreck very fas , and

is used for passing trains.

Just unpacked to day, at Edbo'm & G ld and si'ver, atesl and rubb r E ickenr's another latef those ha de spectacles and eve c'asse, at some black welout clicks.
