It was only by threats of breaking through the door that this poor ser vant girl could be induced to admit the officers. Mr. Buck has had sufficient experience to know that he is a violator of chapter 58, section 2, general statutes of Nebraska, for harboring a criminal and fugitive from justice, and as such is subject to indictment, and the fact that this man Waite, whom he says he loves as a brother, stands charged with the lar eny of over \$500,000, and also stands charged with running several hundred depositors, among them many widows, orphans, poor working men and ser vaat garls, does not redound to the credit of Mr. Buck, who concealed him from the officers of the law. The boom of the bad mob which in fests North Omaha continues and another robbery is reported from that locality, which happened Monday night. The house of Conductor Samuel Herman, of the Omaha & Northwestern road, was entered during the night by thieves, who carried of a quantity of silver spoons, forks, knives and other valuable property.

They also committed several depredations that were needless, knocking over jelly glasses and disarranging and damaging things generally. A meeting of the vigilance committee will be held to-night to take steps towards organizing a patrol and otherwise preparing to rid the community

of the daring criminals.

Mr. Herman and his family were absent from home at the time, and there was no one there but Mr. C. H. Hendricks, of the B. &M., who rooms in the house.
