CONCILIATORY MEASURES.

LONDON, November 29.—A. M.—The Marquis of Hartington, secretary of state for India, will address his constituents in northern Lancashire tomorrow night, on the subject of the plans of the Gladstone administration with regard to Ireland, as finally matured after much discussion, will be introduced. In an interview with Mr. Gladstone on his return to London from the cabinet council held at Windsor, he stated that it was decided in the council that parliament should be called to order on the 6th of January next. It was afterwards agreed that early in the session several measures shall be introduced with the intent to give to the House of Commons a bill to amend the law, and to hand to law, and that no other bill should be introduced until all other bills have been passed, and the use of force has become an absolute necessity to the government.

CAPITULATIONS.

WASHINGTON, November 28.—10 p. m.—Prof. F. N. Hayden, the geologist, has just received a telegram from the president of the Topographical and Geological Survey, Paris, advising that the society had conferred on him the grand medal of honor.

SHIPPING DISASTERS.

CHICAGO, November 28, 10 p. m.—The propeller "Simcoe," of the Chicago and Gallego line, which left here on the 18th inst., for Gallego, Wood, Ont., with 1000 barrels of flour, is undoubtedly lost, with all hands, on Lake Huron. The "Simcoe" was commanded by Captain Robert Hill, and carried a crew of twenty-one men. She had on board 375 barrels of flour, bound for Ogdensburg, N. Y. Since her departure a word was heard of her whereabouts until Friday, when her cabin, wheelhouse and a lot of freight and wreckage were picked up by the propeller "Canada," in Lake Huron. The "Simcoe" was a vessel of 375 tons, and belonged to the Michigan Bay transportation company. She was valued at \$50,000, and was insured for \$100,000. She was captured by the schooner "Edmund," and was taken to Ogdensburg, N. Y.
