SANTA CLAUS FOUND Last year an excursion sailed clear to the Pole and suddenly dropped into what seemed like shots where wonder of wonders they found a newland. Thile fairy-like beings appeared on each hand.
There were mountains like ours, with more beautiful green, and tar brigner skies than ever were seen, little with the bucs of a rainbow were found, While flowers of exquisite fragrance were grow long were they left to wonder in doub.

A being soon came they had heard much about.

Twas Santa Claus' self and this they all say,

le leoked like the pictures oscoevery day.

He drove up a team that looked very queer,

Twas a team of crasshoppers instead of reindeer,

He rode in a shell instead of a sieigh,

Sut he took them on board and drove them Bway.

He showed them all over his wonderful realm, and factories making goods for women and men furriers were working on hats great and small, to Bunce's the said they were seeding them all it's Kingle, the Glove Maker, told them at once, all our Gloves we are sending to Sunce, sants showed them supremeders and many things and showed them supremeders and many things.

anta showed them suspenders and many things more.

Saying I alse took those to friend Bunce's store.

Santa Claus then whispered a secret bed tell.

As in Occahe every one knew Europe well.

He therefore should send his goods to his care,
Knowing his frie-ds will get their full share.

Now remember ye dwellers in Occahe town,
