track after resting two hours. At first the runner was able to jog at a rate of five miles an hour. At 8 o'clock over 5000 people were in the building. The excitement was intense. O'Leary walked around the track on a cart, and the crowd on the track on the other side of the river. At 8 p. m. they remained in the same order as in the preceding scene. Albert appeared on the track in a few minutes, looking as if he was about to faint. Instead of ending the contest, Rowell says he will be selected to compete against Hugh in the coming day's contest at Madison Square garden. At 9 o'clock Hughes came on the track again, and was loudly cheered. He was followed by Campbell, carrying a broom. Albert and Vint followed, and a lively sport for two or three laps took place between the four. At 9:07 Campbell, after completing 425 miles, and after the scores and left the track. Shortly after Hughes, carrying the stars and stripes, completed 568 miles, and at the same time, making the following comparison of percentages of deaths per 1000 inhabitants for 1880: Chicago 29.79, New York 26.47, Brooklyn 23.33, Boston 23.53, Baltimore 22.21.

bodies of all of them were found in the ruins. It is reported that the family was murdered, the house robbed, and then set on fire.

#### Floods on the Pacific Coast.

Special Dispatch to the Bee.

SAN FRANCISCO, January 31.—A. M.—An extraordinary fall of rain has visited this section, over four inches having fallen during the last forty hours. Napa river is higher than ever before, and Napa City is completely deluged. The Sacramento river lacks only three feet of flood mark, and there is every prospect of its rising to that point. The damage in this city is very great. Whole blocks of sewers have caved in, engulfing a number of houses, many of which were destroyed. The cells in the business portion of the city are flooded, and great loss will ensue from the damage to goods stored in them. The railroads leading to the city have suffered greatly from washouts, and all trains have been delayed. The storm still continues, with no sign of abatement.
