

THE LODGES.

Meeting of the Nebraska Grand Lodge of Masons.

'Cereau' Scottish Rite Masonry—The Odd Fellows.

The Freemasons THE GRAND LODGE.

The twenty-fourth annual communication of the Grand Lodge of Nebraska A. F. & M. was opened at Lincoln on Tuesday last, M. W. Jas. A. Tulley, Grand Master, presiding.

Four new lodges have been instituted during the past year; lodge No. 77 at Nelson, lodge No. 78 at Albion, lodge No. 79 at Geneva, and lodge No. 80 at Waco.

Dispensations have been granted to form new lodges at Fairfield, Clay Co.; Blue Springs, Gage Co.; Doniphan, Hall Co., and Niobrara, Knox Co.

The following decisions were rendered during the year by the Master: 1st. Can a lodge whose charter has been suspended and afterward restored charge the members with dues during the time of such suspension?

Ans. The members are not liable to dues during the suspension of the charter.

2d. A. B. petitions a lodge for initiation, a committee is appointed on said petition, but are not present at the next regular meeting. The W. M. adds two members to the committee, who report immediately, and the candidate is balloted for and elected.

Were the proceedings regular? Ans. No. If the original committee were not ready to report, or if not present, no action should have been taken.

3d. If a candidate should be initiated where the report of committee and the ballots were irregular, would he be a clandestine Mason?

Ans. No, but the lodge would render itself liable to discipline.

The following recommendations were made by the Grand Master: First.—That the grand lodge furnish all the subordinate lodges, to be hereafter chartered, with the books and blanks necessary for proper lodge work, and that the present charter fee be increased to such a sum as may be necessary to include the additional expense.

Second.—The abolition of the present custodian system, which has been in use for a sufficient length of time to demonstrate its failure to accomplish the purposes for which it was inaugurated.

Third.—As the 25th anniversary of the organization of the grand lodge will occur on September 23, 1882, the grand master recommended that some action be taken with reference to a celebration of said anniversary, and would suggest that such celebration should include a general reunion of all the masonic bodies of the jurisdiction at some point to be hereafter designated.

The report of the grand treasurer showed receipts of \$7,293.15, and expenditures of \$3,608.98, leaving a balance of \$3,684.17 at the end of current year.

The grand secretary's report was not as full as usual owing to the fact that reports from a large number of lodges throughout the state had not been received. There are seventy-four chartered lodges in the state.

If the grand lodge makes no radical change in its organization the annual dues for each master mason can, your secretary thinks, be safely reduced from seventy-five to sixty cents. Each year increases the aggregate number of lodge members, and improved methods in this office diminishes the annual expenditure per capita. The expenses of the grand lodge do not increase in the same proportion as the membership. If no change is made in our affairs, the annual dues can probably be reduced to fifty cents per capita. But this point should be considered by the committee on ways and means.

MISCELLANEOUS.

The amount of funds received at the present session of the Grand Lodge amounted to near \$4,000.

Charters were issued to six new lodges, as follows: Composite, No. 81, Rising City; St. Paul, No. 82, St. Paul; Corinthian, No. 83, Leport; Tyne, No. 84, Blue Springs; Fairfield, No. 85, Fairfield; Doniphan, No. 86, Doniphan; Ionic Lodge, Niobrara, was continued under dispensation.

Mileage for attendance at future sessions of the Grand Lodge was reduced from ten cents to six cents.

Changes in the by-laws of sundry lodges were submitted, considered and approved.

Tuesday evening Brothers G. W. Linsinger and N. K. Griggs entertained the lodge with descriptions of Masonry and Masonic work in the United Kingdom, on the continent of Europe and in Palestine.

For the future, officers of the grand lodge will receive mileage and per diem the same as representatives.

Many details of the inner work or domestic affairs of the lodge were rearranged and improvements made.

Arrangements were made for printing the report of the committee on foreign correspondence.

The financial condition of the lodge is most excellent—out of debt and money in the treasury.

A pleasant incident of the session was the presentation by P. G. M. Linsinger, to the grand lodge and each P. G. M. of a beautiful gavel made of wood from the Holy Land. The handle is of sycamore, or shittim wood, and the head is of the olive tree. On each is printed the name of the donor and the Hebrew word for "Jerusalem."

Thanks were voted the Masonic Temple craft of Omaha for having furnished the grand lodge an office.

The following officers were elected for the ensuing year: M. W. G. M.—James R. Cain, Falls City.

R. W. D. G. M.—Edwin F. Warren, Nebraska City.

R. W. G. S. W.—Sam'l. W. Hayes, Norfolk.

R. W. G. J. W.—John J. Wemple, Hastings.

R. W. G. T.—Christian Hartman, Kearney.

R. W. G. Sec.—William R. Bowen, Omaha.

'THE CEREAU BRANCH.'

To the Editor of the Inter-Ocean.

In your edition of June 11th there is an "extract" in relation to the so-called "Cereau Branch" of the A. S. Rite. An unfortunated brother might be misled thereby, and think that it was a legitimate affair.

I desire to warn members of the "York Rite" to have nothing to do with the frauds who are peddling out what they call Scottish Rite Masonry under authority of the Cereau Council.

The whole scheme is a swindle, and has no color of legitimate authority, and the degrees professed to be Scottish Rite are only portions of the old defunct Memphis, or Egyptian, Rite under new names.

Brethren, wherever you find a "peddler" of Scottish Rite degrees, you may put him down as an impostor, and all who invest in his "degrees" are assured that they will never be recognized by any regular body, or individual, of the A. A. Scottish Rite.

G. L. W. BARNARD, 33 deg., Grand Sec'y Oriental Consistory.

Dr. Albert G. Mackey, of Washington, author of Mackey's Masonic Manual and one of the most prominent Masons in the country, died at Fort Monroe Tuesday morning.

His remains will be taken to Washington for interment.

The Triple Link THE SUPREME CIRCLE.

In the jurisdiction of Wisconsin the grand encampment have instituted a new degree called "The Supreme Circle." The object of the new degree is to be an aristocrat of odd fellows to represent the templar degree in masonry.

Some opposition is being manifested to the new degree among eastern brethren, one of whom makes the following strictures on the new departure:

"Secret societies have a great lesson to learn from the old-fashioned adage, 'Let well enough alone.' There seems to be a growing inclination to crowd the membership of old and prosperous orders with new degrees and 'side shows' to the detriment of the order generally.

There is a hankering on the part of our young men to wear buttons and a stand up collar. It looks well on paper, and if the young Purple degree members can afford to buy an imitation templar uniform possibly they should be allowed to do so.

LINKS.

The season for installations is drawing near.

The prospects for Odd Fellowship in Omaha has never been better than at present.

Eight new lodges have recently been instituted in California.

The new work meets with great satisfaction in Missouri.

SOCIAL SALT.

Which Has Nearly Lost Its Savor—Pickings Here and There Through a Dull Week.

The heat of the week has been largely responsible for the inactivity in social circles, and there are few events to chronicle.

SARA TOGA SOCIETY.

Mr. Robert and Miss Julia Christie were the happy recipients of a very pleasant surprise party last Thursday evening, the occasion being the visitation of a party of their Omaha friends, together with a few Saratogians' families, a sacred reunion which will not be easily forgotten by those who were present.

Dancing was continued until the small hours, when the gay throng turned reluctantly homeward.

The lawn party given by Miss May Willitt at her home, on Saunders street, last evening was a very pleasant affair. The party though small was congenial and was highly entertained by that queen of hostesses, Miss Willitt.

Supper, which was served at 9 p. m., included the delicacies of the season.

The festival of a week ago was largely attended and a financial success.

The many city friends of Miss Minnie Smith will be glad to learn of her continued improvement from her long affliction.

NOTES.

A musicale was given Friday evening by Miss Clara Rustin at the residence of her father on Harney street.

Among those participating were the Misses Poppleton, Rebie Yates, and Mrs. Squires and Messrs. Mayor, Cahn and J. Northrup.

On Tuesday a pleasant little picnic at Pries lake, was held by the families of Messrs. J. and J. S. McCormick, Mr. Geo. Mills, Al. Patrick and the Misses Lou Jjans and Callie McConnell, who were also members of the party.

The "Azulkeit" club held a meeting on Tuesday evening at Mrs. Beals on Davenport street.

The "Pleasant Hours" club have decided upon holding two moonlight picnics this summer in Hanscom park; one during July and the other in August.

The riding party held a meeting this evening.

Miss Carrie Millard has returned from the east.

Miss Tompkins, who will be pleasantly remembered by many friends in Omaha, is in the city, a guest of Mrs. D. O. Clark.

Miss Allie Brown and Miss Jessie Millard, have returned from school in New York.

FORT CALHOUN.

Juniata's Observations of a Beautiful Hamlet.

And Casual Chat About Its Residents.

Correspondence of the Bee.

FT. CALHOUN, June 14, 1881.—The run over the Omaha & Northwestern railroad from Tekamah to this site of the long-ago fort is in many respects pleasing, even though the train be somewhat "mixed."

After years of experience upon the beautiful but treeless and sometimes waterless prairies of the west, the part of our great state—which, by the way, is having an extensive artificial growth of trees)—thrills of joy reach the heart by reason of what comes under the observation of the eye.

Forests of the grandest appearance and of great magnitude are constantly in view, especially on either bank of the Missouri; while the numerous streams winding their way to the great reservoir likewise present charming views of fruit and foliage.

Then, there is not that sense of sameness that at times becomes oppressive in less favored portions of our state. The variety is sufficient for the gratification of the most exacting. Long and luxurious stretches of broad and fertile bottom-lands, then of rich and beautiful table-lands, then of abrupt bluffs, and then of broken and rolling prairie present themselves to the gaze of the admiring beholder.

Fort Calhoun is one of the oldest settled points in Nebraska. It was here that the famous Clark-Lewis council was held in 1804. The fort was built. At the time of the building of this fort, the Missouri river ran within about one-fourth of a mile therefrom.

It has since given itself away to the Hawkeyes, by moving off about 35 miles. At one time the village had a population of 500; it now has about 250, but of a choice character. There is a fine little episcopal chapel; a good school house; principally by Prof. R. L. Livingston, a model educator, who has about 100 pupils enrolled; and the people say that he has as good a school as there is in the state.

The Masons have a lodge, and own the hall, the former portion used as a postoffice. J. B. Kuony, Est., keeps the village store, which is well stocked, and the business done "are the equal."

There are many beautiful residences, especially that owned by Hon. L. Crouse, United States revenue collector. It is not gaudily but neatly and comfortably constructed and furnished. It is surrounded by choice fruit and stately forest trees, rising from a rich carpeting of Kentucky blue grass, while small fruits, grapes and flowers emit a fragrance most grateful—all conspiring to make a home indeed, and charge it with sweetest associations and memories.

What a fine opening here for your Omaha business men, who desire a quiet home retreat, with plenty of elbow room, and to be had without the expenditure of a formidable fortune. Good land, convenient to the depot, can be had for \$25 per acre and upward. Far preferable, one would suppose, to the hazy brush hillsides of north and south Omaha, and only sixteen miles from Omaha.

Quite largely many of the citizens of Fort Calhoun are engaged in fruit raising. Among these may be mentioned: E. N. Grenell, president of the state horticultural society, Hiram Craig, Esq., Dr. Andrews, David Conchman, Esq., Hon. Lorenzo Crouse, Messrs. Kober & Frahm, J. B. Kuony, and others. Each has ample grounds, clarity, well-cared for trees, and a meeting with encouraging measures of success. Apples, pears, plums, grapes and the smaller fruits receive most attention. The yield will not be so great this season as last, but there will be enough and to spare—that is, considerable fruit for shipment. Mr. Grenell last year shipped 600 bushels of apples.

Non is the famous Clark flouring mill, at present having a rest. Whether it will start up in the fall we do not know.

Wood is abundant and cheap in this market, selling at \$2.25 to \$2.75 per cord, and of good quality. Think of that, Ye Omahas, and then think that on or about the 1st of September, by which time it is hoped that the railroad cut-off will be completed and the track laid, you will be only about thirty-five minutes' ride from this Nebraska paradise. Better come at once and select your new home-site.

JAUNTER.

NEWS FROM SALT LAKE

Three Utah Railroads to be Consolidated Under One Management.

Sad Death—A Swedish Prophet—Kate Claxton Still Followed By Fire.

SALT LAKE CITY, U. T., June 22, 1881.

Correspondence of the Bee.

The Utah Central, Utah Southern, and Utah Southern Extension railroads will consolidate on the first prox. under one name (the Utah Central) and one management, the controlling interest being held by Jay Gould, or his representatives. The line runs southward from Oregon, tapping the Utah and Western (or Utah and Nevada) at Salt Lake City, the Bingham Canon railroad at Junction, about twelve miles further south, the Wasatch and Jordan Valley railroad at Sandy, one mile beyond, and the Pleasant Valley road at Provo. It is itself the same gauge as the Union Pacific, but its feeders are all narrow gauge lines, turning into coal fields and mining camps in the adjacent mountains. This will become the trunk line of the larger cities and towns in territory, for instance, Salt Lake, Provo, Payson, American Forks, Nephi,

Springville, Lehi, Bountiful and Farmington, and connects at Ogden with the Union and Central Pacific, and the Utah and Northern roads. The Utah and Nevada, understood, will be taken directly to San Francisco by the Central Pacific.

Jay Gould, Dillon and that crowd are backing it. Another road to enter this city has just been incorporated. It is styled the Salt Lake & Park City railroad and will most probably connect at Park City with one of the two lines now running from that place into the coal fields of Summit county. There is railroad communication between the two cities now, but it is almost as roundabout as it would be to go from Junction to Lincoln by way of Kearney Junction, the distance from here to Park City being 24 miles, and by the railroads about 110. The grade of the Denver & Rio Grande road has already reached Castle Valley, which lies directly east of Sumneta, one of the most populous and richest valleys adjacent to the mountains.

A gloom has been cast over the entire community by the untimely death last Sunday of Mrs. Josephine Schetter, the wife of Hon. Paul A. Schetter, treasurer of Salt Lake City, a gentleman with whom many visitors to our city from Omaha have formed a pleasant acquaintance. The lady was bathing in the waters of the great Salt Lake, at Garfield Landing, a pleasure resort a few miles west of here on the Utah & Nevada railroad, when she got out of her depth and swallowed a considerable amount of the strong brine of which the lake is composed. Her brother was with her and brought her to shore, but notwithstanding every effort was used to restore her, she died three hours afterwards. Her death did not arise from drowning but from strangulation. Those who have bathed in the lake know how very painful it is to accidentally swallow a few drops of this exceedingly salt water, for which reason few people have the hardihood to dive, but gradually walk into the deeper parts from the shore. This naturally causes delay when an accident happens, for persons on the pier or landing have to run back to the shore and then into the water before they can render help, instead of, as in other waters, diving directly to the spot. It is perhaps fortunate that the lady has left no children to mourn her loss.

An aged Swedish gentleman of this city named Ericson has given into the prophetic business on his own account, and is causing some little trepidation among the weak-minded, by reason of his delirious predictions. Of course it is difficult to find folks who acknowledge that they believe his prophecies, still it is evident from the amount of talk there is on the subject that his sayings have taken hold of the public mind. Under ordinary circumstances he would be noticed only as a so-called "medium," but lately he has said about the present astrological aspect of the planets his predictions receive a degree of consideration of which they are utterly unworthy. It was in everybody's mouth that he had said that Salt Lake City would be destroyed on the 18th inst., by a great flood coming down the Great Canyon, which opens into this city from the north. He denies that he said the 18th but "within eighteen days" from the time when he saw his prophetic vision. Already one woman is reported as having gone crazy through fear arising from this and similar prognostications, and other ignorant people are much disturbed.

Salt Lake is a city of few confagurations; but we had Kate Claxton playing here for four evenings last week, and she has maintained her old reputation in this connection. On the day her advance agent arrived one of our hotels, the Moch house, was damaged by fire to the amount of \$1,000. During her short stay two fires occurred in the city, and during the few days of this week fire has already taken place in Ogden, Salt Lake and Bingham; at the last named a minor, named Alexander Lawson, was burned to death. This is another sop for the superstitious.

BRUFORD.

Juniata Jottings.

Near by is the famous Clark flouring mill, at present having a rest. Whether it will start up in the fall we do not know.

Wood is abundant and cheap in this market, selling at \$2.25 to \$2.75 per cord, and of good quality. Think of that, Ye Omahas, and then think that on or about the 1st of September, by which time it is hoped that the railroad cut-off will be completed and the track laid, you will be only about thirty-five minutes' ride from this Nebraska paradise. Better come at once and select your new home-site.

A Significant Fact.

The cheapest medicine in use is THOMAS' EUCHEMATIC OIL, because so very little of it is required to effect a cure. For croup, diphtheria, and diseases of the lungs and throat, whether used for bathing the chest or throat, for taking internally or inhaling, it is a matchless compound.

Haunted Mo.

A workman says: "Debt, poverty and suffering haunted me for years, caused by a sick family and large bills for doctoring which did no good. I was completely discouraged, until one year ago, by the advice of my pastor, I procured Hop Bitters, and commenced their use, and in one month we were all well; and none of us have been sick a day since, and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost." cod-jyl

A WONDERFUL DISCOVERY.

For the speedy cure of Consumption and all diseases that lead to it, such as stubborn coughs, neglected colds, Bronchitis, Hay Fever, Asthma, Croup, Whooping Cough, dry hacking cough, tickling in the throat, Hoarseness, Sore Throat, and all chronic or lingering diseases of the throat and lungs, Dr. King New Discovery has no equal and has established or itself a world-wide reputation. Many leading physicians recommend and use it in their practice. The formula from which it is prepared is highly recommended by all medical journals. The clergy and the press have complimented it in the most glowing terms. Go to your druggist and get a trial bottle free of cost, or a regular size for \$1.00. For Sale by d(5) I. H. & McMAHON, Omaha.

1880. SHORT LINE. 1880.

KANSAS CITY, St. Joe & Council Bluffs RAILROAD

Direct Line to ST. LOUIS AND THE EAST From Omaha and the West.

No change of cars between Omaha and St. Louis, and but one between OMAHA and NEW YORK.

SIX Daily Passenger Trains

BRANCHING TO EASTERN AND WESTERN CITIES WITH LESS CHARGES AND IN ADVANCE OF ALL OTHER LINES.

This entire line is equipped with Pullman's Palace Sleeping Cars, Palace Day Coaches, Miller's Safety Platform and Compler, and the celebrated Westinghouse Air Brake.

See that your ticket reads VIA KANSAS CITY, ST. JOSEPH & COUNCIL BLUFFS RAILROAD, via St. Joseph and St. Louis.

NOTICE.

Gilbert Wesson will take notice that on the 30th day of April, A. D. 1881, the County Judge of Douglas County, Nebraska, issued an order of attachment for the sum of \$20, in an action pending before him, wherein Arthur A. Parker is plaintiff, and Gilbert Wesson, defendant, that property to-wit: Funds have been attached under said order. Said cause was continued to the 25th day of July, 1881, at 9 o'clock a. m.

ARTHUR A. PARKER, Plaintiff.

GILBERT WESSON, Defendant.

PROPOSALS

For grading, curbing and guttering sixteenth street from Douglas street north to the bridge. Sealed bids will be received by the undersigned until July 13th, 1881, at 12 o'clock noon, for the grading, curbing and guttering of said street from Douglas street north to the bridge. Plans and specifications of which can be seen at the office of the engineer. Said bids shall specify the price per cubic yard for such grading; also shall specify the price in detail for such curbing and guttering. Bids to be opened at the regular meeting of the City Council, July 13th, 1881. The city council reserves the right to reject any and all bids. Envelopes containing proposals shall be marked "Proposals for grading, curbing and guttering 16th street," and delivered to the undersigned not later than 10 o'clock a. m. of the 13th day of July, 1881.

J. L. O. JEWETT, City Clerk.
