THE RACES
A DAY OF JOLLY GOOD SPORT YESTERDAY.

Owing to the heavy rains Monday the track at the Driving park was heavy for the races yesterday afternoon. It was thought by the management that it would not be possible to run either of the races on yesterday's programme. The sun, however, broke through the clouds about 4 o'clock and Mr. McKune rang the bell for all who had entered in the 2:27 class, purse \$500, first \$250, second \$125, third \$75, fourth \$50, to make ready. The following horses came up to the stand: Business, b. g., entered by W. L. Beck, Chicago. Corbin's Bashaw, ch. s., entered by W. Corbin, Chicago; Edwin B, blk. g., E. Bither, Racine, Wis.; Ethel Medium, b. m., M. Hopkins, St. Clair, Mich.; Mattie Graham, b. m. In drawing for position Mattie Graham got the pole, Edwin B second place, Pine Leaf third, Business fourth, Ethel Medium fifth, Corbin's Bashaw sixth. At the word go Edwin B took the pole and led the others, with Pine Leaf close on his heels. These two horses kept together until they reached the three-quarter mile stake, when Edwin B. spurred ahead, came to the wire in good shape and went under in 2:31 1/2, with Pine Leaf second, Mattie Graham third, Corbin's Bashaw fourth, Fairmount fifth, Ethel Medium sixth, Business seventh.

Here the management, finding it was getting late, concluded to waive in the first heat of the running race, the purse being \$200 for the first, \$100 for the second, \$50 for the third and \$40 for the fourth. The following horses were entered: Brenda, ch. m., George Hakes, Springfield, Ill.; Hector Hart, B. Lannor, Council Bluffs; Minnie D., O. E. LeFever, Denver, Col.; Mollie McCreey, Colvin & Gray, Marysville, Mo.; Minnie D. easily won this heat; yet time, 1:48 1/2.

The second heat for the 2:27 class was then called. The horses, after scoring several times came to the wire in very good shape. Edwin B. darted ahead and took the pole, with Pine Leaf hugging his wheel. Bashaw fell behind but kept his place in good shape until Edwin B. won the race in 2:32 1/2, with Fairmount second, Pine Leaf third, Mattie Graham fourth, Ethel Medium fifth, Business sixth.

The horses entered for the running race were called to time. Only three appeared. Hector Hart having been distanced in the first heat, Minnie D. easily won this heat and the race in 1:50, with Mollie McCreey second and Brenda third.

At the end of the running race the horses for the third heat in the 2:28 class were again rung for position. The horses came to the wire in very good shape for the word go. Edwin B. took the pole and kept it. Mattie Graham held him pretty hard to the half mile stake. There also broke and Edwin B. spurred ahead, turning the three-quarters mile pole some distance in advance, and winning the third heat, and consequently the race, in 2:30.

Notwithstanding that the people supposed, there would be no race on account of the bad condition of the track, there were about 500 people on the grounds. There were more or less delays during the afternoon which will not occur again. Every thing will go off smoothly to-day. The following is the programme together with the 2:50 race postponed from yesterday:

2:30 CLASS, PURSE \$500.
G. D. Wilson, Missouri Valley, Iowa, br. g. Little Sioux, by Monitor, by Eugenia.
J. A. Batchelor, b. m. Mattie Graham, by Herald, by Manhattan Chief.
B. J. Johnson, Creston, Iowa, b. g. Fairmount, by Belmont.
Mark Hopkins, St. Clair, Mich., b. m. Ethel Medium, by Happy Medium, by Harris Hambletonian.
D. I. Corson, Kansas City Mo., b. g. Sam Patch.
W. L. Halladay, b. g. Prince.
RACING—\$500.
One mile heats, 3 in 5. \$250, \$150 and \$100. Entries close evening before the race.
2:38 CLASS, PURSE \$300.
W. S. Cook, Dallas, Texas, b. m. Mattie Thompson, by Goodridge Horse.
J. W. Jacobs, Lincoln, Neb., Colorado, by F. Dillon.
John S. Wolf, Oklawaha, Ia., b. s. Gen. Garfield, by Am. Clay.
G. J. Fuller, g. j. Billy Bashaw, by Green's Bashaw.
Cooke & Blaine, Chicago, Ill., ch. m. Reite, by Tramp.
Mark Hopkins, St. Clair, Mich., b. m. Lucrece, by Bob Walley, by Bys' Hambletonian.
A. A. Bombach, Kansas City, Mo., b. g. Sissy Bill.
Henry Loughlin, Racine, Wis., b. m. Kitty Clyde, by Kirkwood Jr.
W. C. Calkins, Galesburg, Ill., s. m. Lady Low, by Hadley's Fear Not.
A. Barnes, West Union, Ia., b. m. Mountain Girl.
H. Brown, St. Paul, Minn., br. s. Chas. G. Hays, by Tramp.

E. M. C. MANSFIELD.
HIS DEATH OCCURRED YESTERDAY.
E. M. C. Mansfield, one of the soldiers of the late war, passed from life at his residence near the bloom factory in this city, about 11 o'clock

Monday morning, after a long and lingering illness. Mr. Mansfield early in the war enlisted in the Twenty-second New York mounted guards as a private and soon rose to the rank of first lieutenant. He was taken prisoner and kept for a long time in one of the southern prisons until finally exchanged. He was sent to one of the Union hospitals after he was released, as he had contracted a disease in the prison in which he was confined. He rallied and was, as soon as he was able, transferred to the army for active duty. He soon received an appointment as captain, which rank he held when the war closed. Mr. Mansfield had never since he was confined in prison been a well man. After leaving the army he went to New York thence to Burlington, Iowa, where he received an appointment as professor of mathematics in a business college. About three years ago he came to Council Bluffs and engaged as check clerk with the C., B. & Q. railroad, the last position he held before his death. Mr. Mansfield was a young man of excitable temperament, and had some faults, as all have, but on the whole was an agreeable man to transact business with; a man whom we believe to have been honest and always did as well as his circumstances would allow. Mr. Mansfield a short time ago had obtained a divorce from his wife and married a woman named Brock, daughter of a farmer named Sylvester, who lives near this city.

DR. McKUNE
HE IS CONSIDERABLY BUT NOT FATA LLY CASED.

The fact became noised about on the streets Monday evening that Dr. McKune had met with quite a serious accident. The story went that a gentleman, a stranger in the city, had met the doctor and gave him such a caning as he would not forget during the remainder of his natural life. The BEE man could hardly credit the report, and to make assurance doubly sure left home in a drenching rain and repaired at once to the doctor's office on Main street. The doctor was not suffering so much as expected. He was asked in regard to the rumor and he sat down and related the incident. He said he met the stranger and for some reason unknown to him he caned him. Why he did it he could not say. It might have been because he had not taken much interest in the new driving park, but there it was standing in the corner of the counting room one of the most beautiful gold-headed canes THE BEE man ever saw. He will recover.

ENTITLED TO FULL CREDIT.
In our history of the new Bloomer school building which appeared in last Saturday's issue, we stated, "That although Mr. Clausen and Mr. Spooner have been added to the board since the building of the Bloomer school house was begun, yet they are entitled with the rest of the board with credit for supplying the city with one of the most magnificent structures ever devoted to common school purposes." Since writing the above we have learned that Mr. Spooner and Mr. Clausen were on the board at the time the money was raised, and furthermore L. L. Spooner was chairman of the building committee composed of himself and John Clausen, and to the untiring efforts of this committee is in a great measure due our getting the Bloomer school building completed in such a perfect manner and in time to hold our fall term of school in the same.

THE SOLDIER'S REUNION.
The grand reunion of old war veterans closes to-day with the following programme. Early this morning a salute was fired from the Council Bluffs battery. At 8 a. m. grand mounting, 8:30 a. m. to 2 p. m., grand reunion of regiments, companies and squads; 2 p. m., the republican and democratic members will separate and a grand sham battle will take place between them. This will be a very interesting spectacle. At 4:30 p. m. all the forces will be mustered out of service, and the reunion will end for this year, but let us hope not for all time. They should not separate to-night until they have fixed upon a place for their next meeting. The old soldiers formed friendships during the rebellion that have become as earnest and lasting as any secret society and as the time that will be spared to them on earth will only be a few years at the most, they should try and get together once a year, and renew in a peaceful way the stories and scenes of the war.

What a grand thing Herdic coaches would be these times to convey people to the driving park.
The "Freie Presse" should have a few moments' conversation with Alderman Fonda. The BEE wonders if that article about our mayor was originally written in German.
The Nonpareil thinks that W. R. Vaughan is making a first class mayor. That he makes a nice little fellow to sleep in a political bed with. At any rate they are satisfied with him, and for this reason it is the duty for this congressional district to stand by the Nonpareil and Vaughan. We understand from J. E. Ahles that Mr. Vaughan is aspiring to congressional honors.
Let us hope that the proclamation of Mayor Vaughan will not prove to have been issued too "previous."

THE BEE thinks that our city council are doing as well as they know how, and that the mayor knows how better than he is doing.
It is understood that an effort is being made to take the postoffice away from Judge Baldwin's widow, and give it to a young man whose wife is related to President Garfield.
The new clock machinery for the Bloomer school building will soon have something for the figures on the face outside to tell about it.
Wm. G. Oliver remarks that the lightning-rod on the new Bloomer school building is about as much use as a wart on the end of a pig's tail. He says that where lightning strikes a steeple once, it will strike the corners of the building a hundred times, and do more damage.
THE BEE reporter overheard two of our oldest and most honored citizens discussing yesterday the great question, "What shall we do with

Indian creek?" Mr. John Keller thought that as the people became more civilized there would be some way improved to protect the health of the public. Mr. C. E. Stone said that he had been waiting until civilization would come to the rescue, but he thought we were developing the other way, if the present condition of the creek was any criterion. He had lived for a great many years in the vicinity of this little Chicago, and he must declare that it grew worse and that there was considerably more of it. He thought the best and cheapest way for the city to handle the stench was to convert the creek into one vast sewer by confining it to a given channel and then covering it.
L. L. Spooner, book-keeper for the extensive wholesale dry goods firm of Smith & Crittenden, informed THE BEE yesterday that never since he has been in charge of the books of the firm did they show such extensive sales for any three months as the three last past.

We understand that the brick layers are preparing for a strike. Two colored ones, working for Mr. Straub, struck this other day, near Churchill's pump works.
Col. D. B. Dailey's company of light guards left yesterday morning to attend the reunion at Shenandoah. The boys looked finely and will, we are afraid, make some of those old soldiers think they never knew how to march.
We were shown some fine specimens of corn now on exhibition Mr. Hessel's restaurant on Broadway. The ears were about a foot long and very large. This corn is a sample of the corn grown this year by Eli Perkins, of Keg creek, and Mr. Perkins says it is a fair average of forty acres planted to this year.

The wife of Hon. B. F. Montgomery, of Silver Cliff, Col., is in the city on a brief visit.
We understand that a coal oil company has purchased several lots in the city near the C., B. & Q. depot, and contemplate immediately erecting thereon extensive warehouses for storing their oils and make this one of their general distributing points. There is no large point where so many little points can be reached from as right here in Council Bluffs. THE BEE welcomes Mr. Newell and his Standard Oil company.
There will be a grand excursion up into central Minnesota on the 5th day of September. The party will go over the Sioux City & Pacific.

Little Manie Caruthers, who was so severely injured a few days by Manihan's team knocking her down and trampling on her, has so far recovered under Dr. Pinney's treatment as to be able to be removed from her home, on Bancroft street, to her aunt on Twenty-fifth street. We understand that her injury was not quite so severe as at first supposed, yet it is a wonder that she did not get trampled to death.
Upon request of L. M. Pusey, general manager, H. E. Eiseman, treasurer of the driving park association, E. W. Jackson was appointed special chief of police in the driving park grounds during the races by Mayor Vaughan. All police will now report to him.

Who stopped the bull!
I said the Nonpareil,
With my little unbarrel
I stopped the bull.
Who told the tale!
I said Mr. Morgan
With my little organ,
I told the tale.

Visible Improvement
Mr. Noah Bates, Elmira, N. Y., writes: "About four years ago I had an attack of bilious fever, and never fully recovered. My digestive organs were weakened, and I would be completely prostrated for days. After using two bottles of your BUCKEBOCK BLOOD PURIFIER the improvement was so visible that I was astonished. I can now, though 41 years of age, do a fair and reasonable day's work." Price \$1.00, trial size 10 cents. edwlv

What for Laying Hens
The Mark Lane Express, London, says that an American writer says that as chemical analysis proves wheat to contain more albumen than any other grain, it should be the foundation of egg production. If the white of a hen's egg contains 12 per cent. of albumen, it is certain she cannot produce so many eggs from food which is deficient in albumen. On the other hand, it is not so useful as maize for flesh and fat forming—thus, while one food is useful for laying fowls, the other would appear to be more valuable for fattening for market. There is, however, something else to be considered, viz: cost. Wheat may be better than maize, but the question is, is it better at the price? If wheat is 50 per cent. dearer than maize, weight for weight, does it contain 50 per cent. more in feeding value? If not, it is not so cheap.

Cured of Drinking.
"A young friend of mine was cured of an insatiable thirst for liquor, which had so prostrated him that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made his nerves steady, and he has remained a sober and steady man for more than two years, and has no desire to return to his cups. I know a number of others that have been cured of drinking by it."—From a leading R. A. office, Chicago, Ill.—Times. aug15-sep1

HOPBETTER'S
CELEBRATED
STOMACH BITTERS

Malaria is an Unseen, Vaporous Poison, spreading disease and death in many localities, for which quinine is a genuine antidote, but for the effects of which Hopbeter's Stomach Bitters is not only a thorough remedy, but a reliable preventive. To this fact there is an overwhelming array of testimony, extending over a period of thirty years. All disorders of the liver, stomach and bowels are also conquered by the Bitters.

For sale by all Druggists and Dealers generally.

WARNER'S
SAFE

ATONIC BITTERS

PURELY VEGETABLE

For the Kidneys, Liver and Urinary organs, use nothing but WARNER'S SAFE KIDNEY and LIVER CURE. It stands Unrivaled. Thousands owe their health and happiness to it. Price, \$1.25 per bottle. We offer "Warner's Safe Tonic Bitters" with equal confidence.
