DESTRUCTIVE OIL FIRE Raging About Bradford, Pa-Thousands of Barrels Burned.

BRADFORD, Pa., September 1.- The oil country is being scoured with a series of destructive fires. Sparks from a locomotive on the Kendall & Eldred railroad set fire to an oil-well near Baker's trestle. The flames spread rapidly and at this hour thirty rigs and about 3,000 barrels of or have been consumed. The drought has made a scarcity of water and the How the Patient Can be Carried fire is still raging, threatening a

wholesale destruction of oil property. Forest fires are raging at various points near Bradford. Gangs of men are fighting the flames, but they are working against desperate odds. If the fire at Baker's trestle is not got under control soon several monster iron tanks in the vicinity will go up n smoke.

On authority of a prominent cabinet officer, it is stated that the subject of asking the vice-president to temporarily relieve the president of his executive duties has not been seriously considered, and is not contemplated at present. Suggestions have been made that the president could ask the vice president to act for him, and he could do so, or that congress might pass an act of disability and have that act submitted to the supreme court for decision as to its constitutionality.

But these suggestions have not been comfort by the patient. The febrile Mary was arrested.

Liscots, September 1 .- At the meeting of the state central committee was raised, Messrs, Thurston and Eleventh and Twelfth districts in addition to their home ones, and the man of the people, Pat O'Hawes, of "I will say that every charge made Omaha, representing Polk county by proxy. The question being raised as lution declaring it to be the sense of this committee that no proxies be admitted where holders are not residents of the district for which proxies were given. The matter brought frowns freely from those holding alieu proxies, and by diligent buttonholing on the part of Mr. Cams, the questson was tabled temporarily, and before adjournment, by vote was left tabled. The object arrived at to make such a

loose system of work a matter of rec ord on the part of the committee, was accomplished, although the resopugned the resolution and action ceedings as published show nothing regarding it.
