

COUNCIL BLUFFS.

Various Events Now Occurring in That City.

The Odds and Ends of the News in Brief Paragraphs.

IOWA'S CORN CROP.

It is generally conceded by the farmers of Pottawattamie county that there will be fully as much corn put upon the market next season as ever before, for several reasons. First, there will be less fed to stock, there being an unusual quantity of hay grown. Second, the cornstalks are in better condition to feed. Third, there will be more care taken of the crop. As a general thing a good deal of corn each year is stacked in open cribs; consequently quite a quantity goes to waste by moulding; and again, there won't be so much left in piles on the ground to rot. There will be no need of the corn-growers keeping a bushel to spoil, as there will be a ready demand next year for Iowa corn. The crop being, as is well known, short in southern Illinois and Kansas. The corn this season will be picked cleaner and better cared for than ever before, and will find a ready market at a fair price.

It may not be generally known that Judge Looborou's reporter, Mr. John Clark, as well as the judge himself, was an old soldier. Mr. Clark entered the army as a private and was soon raised to the rank of captain of company H, 10th Iowa regiment, for gallant and meritorious conduct on the field at Champion Hill, where he was wounded four times. Mr. Clark carries in his pocket, and has for thirteen years, a piece of one of his company's banners that was shot out during that famous combat.

"PUT IN THE FILLIN'."

A young man from the country yesterday drove his team, containing to his eye a precious cargo, up to the court house. He seemed to be in a great hurry. He rushed in, and depositing the requisite amount, demanded a license. The clerk executed the document and laid it on his desk. The young man had stepped to the door to keep an eye on the girl as he saw Ed Bowman coming across the street. He reentered the office and picking up a paper, rushed out, gathered up the lines and off they went to the esquire's. On arriving there he handed him the instrument, telling him he was in a hurry, that he wanted to be back at a certain time. The esquire opened the document and behold, it was blank. He remarked to the young man to keep cool and informed him that he must go back and have the paper filled out. "There hasn't no use in that, judge, as there's no fillin' yet and let us go, I'm in a awful hurry." Not being able to get the esquire to "shove in the fillin'" the young man returned to the court house, taking the girl with him. Very soon the "fillin'" was supplied and the whole business transacted to the complete satisfaction of all concerned.

SETTLING A BET.

A man giving his name as John Wilson was arrested in a Main street saloon for ruffling the collar of another man. It seems they had bet on the result of a game of pool and everything was as fair as could be made in such a case. Wilson, it seems, won and the other man handed him \$20 to pay the bill. Not having sufficient money to change the bill, Wilson said he would go out and get the bill changed. The man objected to this, and to assure him that everything was all right, Wilson took from his neck and vest pocket a gold watch and chain as security that he would return with the change all right. The man objected, claiming that the security was not sufficient. This, Wilson thought was a direct challenge of his good intentions and started his ire, whereupon he collared the man and was squeezing his shirt collar perhaps tighter than the law would allow, when chief Field stepped in and arrested both the participants.

WHO OWNS THE CHAIR NOW?

A colored individual from Chicago named Alexander Hamilton knocked his man down in front of his barber shop on Broadway last evening. The Jew knocked was a Jew, who keeps a second hand furniture store near the aforementioned Hamilton. A dispute arose over the ownership of a barber's chair. The Jew berated the darkey for not paying for the chair that the darkey had purchased from some man in Omaha, as he claimed, and had a receipt in his pocket to back up the assertion. The Jew, after considerable talk, let fall something that the darkey construed to mean that he was a liar. This Alexander Hamilton, could not stand, and, without waiting for a challenge (like his name-sake), struck hard from his shoulder and the Jew fell. Several parties afterwards jumped on to the darkey and a general fight ensued. Several arrests were made.

THE BLUFFS IN BRIEF.

Mr. and Mrs. F. B. Hart and their two daughters, Helen and Lucy, returned from Excelsior, Lake Minnetonka, yesterday, where they had been on a brief visit for health and recreation. The captain looks very much improved.

Rev. M. D. Collins, pastor of the Methodist society in this city, has gone to Indiana to attend a session of the church conference. Mr. Collins, we understand, is well pleased with his people, and in return they are well pleased with him. The changing pastor at the will of a conference is the worst feature about the government of this church. Mr. Collins is a good speaker and an earnest worker, and we doubt see that any good can be accomplished by making a change. We hope to see him returned to the Broadway church society.

accomplished by making a change. We hope to see him returned to the Broadway church society.

S. L. King, attorney-at-law, of Logan, called at THE BEE office yesterday. Mr. King says that the corn crop in Harrison county is fully up to the average.

W. A. Myster returned from Omaha yesterday noon. He has charge of the fish department on the fair grounds, and intends to erect the finest aquarium ever exhibited at any state fair in America. Over two thousand varieties will be on exhibition. Mr. Myster says that the Omaha state fair is a grand success.

Richard Stack, who came very near being drowned in Indian creek and who was rescued by Mr. Stewart, and afterward played such a mean trick on Chief Field, continued his drunk until yesterday. He was then found on the sidewalk in front of Smith & Crittenden's, on Main street, in a beastly state of intoxication, by officer Sterling who lodged him in the cooler.

The circuit court has nearly reached the last case on the calendar.

Mrs. L. A. Horton has returned from an extended visit in the east.

Mrs. N. F. Stony is home again after a brief sojourn eastward.

J. S. Shropshire, an attorney of the U. P. railway was in attendance on the circuit court yesterday.

Mrs. H. B. Stowe passed through this city yesterday.

Theodore Tilton will lecture in Council Bluffs this fall.

Judge Paige will commence his fall and winter campaign the 10th of this month in the northern part of the state.

Fred Spelman and family have gone to Chicago on a visit.

Edwin Burbridge, who once stumped England to defeat Lord Beaconsfield for the house of commons (so he says), called at THE BEE office yesterday and scribbled.

THE BEE reporter would acknowledge receipt of a basket full of luscious grapes fresh from the vineyard of A. S. Borham.

There should be a crossing put in leading from the northwest corner of Bayle's park to the Baptist church.

At the main street meat market they chop their meat by steam power.

Mr. Jackson's "twin" house on the corner of Fourth street and Willow avenue is under way and nearly boarded in. Those two houses make a great difference in the appearance of that locality.

A man named John Riley undertook to run away with Malby's delivery wagon. He was caught however, before he had gone three blocks and was delivered over to Judge Bencke.

The democratic county convention will have the benefit of the following well known citizens of our city to aid them in selecting candidates for the various offices:

First Ward—W. R. Vaughan, R. Rain, Joseph Ross, C. D. Walters, T. E. Gavin, C. Geise, Thomas Carey, G. A. Holmes, C. E. Dawson and F. A. Guenalla.

The delegates were instructed to vote for James O'Neill for sheriff. Wm. Wilson was chosen committee-man.

Second Ward—J. C. De Haven, Wm. Patton, M. F. Rohrer, J. W. Mikesell, Wm. Groneweg, James Mithen, Peter Bechtel, R. L. Hines, N. Schurz, J. N. Casady, C. E. Stone, J. W. Crossland, Theodore Voight, J. J. Lutz, Wm. Patton, member committee.

Third Ward—Jno. Dohany, Geo. Blaxinn, Max Mohr, Ed. Britton, M. Keating, H. Toller, J. C. Morgan, B. Donahoe.

Fourth Ward—C. R. Mitchell, Jno. Jay Franey, Thos. Sweeney, S. P. Hammon, Ed. A. Troutman, R. D. Amy, O. P. Wickham, Chas. Graul, Frank Trimble, Pat Guinude, W. H. M. Pusey, W. C. James, Jas. Porterfield, Wells Cook, E. Troutman, committee-man.

We notice among the list several new ones, including Hon. W. H. M. Pusey and W. G. James. The others are old-timers, and understand the business. It is said that Thomas Bowman wants to be a candidate for chief of the treasury department about as much as Bennett does, and for about the same reason—to save the party. Well, if he runs there will be quite a fight before the campaign ends.

Monday evening, Rev. Father McMenomy united in marriage Mr. M. B. Roseman and Miss Maggie Murphy.

Jimmie O'Neil likes the smell of the jail better than farming.

W. R. Vaughan heads the list of delegates from this city. How would he run for the assembly? Worse men than he have been there.

The council will pay the mayor say \$100; he pays \$20 per month for office rent, or \$24 a year. Did it cost him anything to get there? Now, if C. R. Scott receives the money that was given the fire boys, and Vaughan has to pay \$250, why he wouldn't make enough out of the whole thing to pay his way to the Omaha state fair.

Our contemporary states that one of Council Bluff's shippers was paying \$1.20 cash for wheat at the same time quotes wheat in Chicago at \$1.27, leaving a margin of only seven cents, although it costs nineteen cents to put it down in that city. We don't see how a shipper can stand that. Our millers in this city, we understand, are governed wholly by Chicago, and always keep their prices within ten or twelve cents of the latter market.

One of our fair committee who went to Des Moines to attend to procuring the next state fair here got a little off. It seems he inhaled the breath of those who had indulged in the ardent until he began to feel something in his own head. That was not just natural. It worked its way into his arm and he struck some one that was standing too close to him. For this he was arrested but when it was found that he hailed from the Bluffs he was immediately discharged.

She Passed It Along. "I send you my testimonial in reference to SPENCER BLOSSOM, having taken it for dyspepsia, and received almost immediate relief. I passed it to my neighbor, who is using it with the same results."

Mrs. J. W. LEFFERT, Elmira, N. Y. 12c and 15c Price 50 cents, trial bottles 10 cents.

Buying Them Up

The North Platte Republican has the following in its last issue: W. A. Paxton has been slinging money around somewhat lively of late. He has bought the Laing Brothers' cattle and ranches, Barton & Dillon's heaves and one or two small stock men have also sold to him. A bargain is also on the tapis between Mr. Paxton and Barton & Dillon, the offer at present by Mr. Paxton being \$250,000 for all that company's stock and ranch property in this and adjoining counties.

More Liquor Suits

The absent members of the committee representing the temperance alliance have returned and Monday held a meeting in the office of O. F. Davis. They decided upon a certain line of action and will no longer bring suits in the police court. Yesterday information was filed in the county court before Judge Chadwick against Messrs. McNamara, Hornberger, Kaufman and Gustave Rosenman and these cases will be pushed vigorously.

D., who is professor of Hebrew, Latin and Greek in the university of Rochester, and was one of the revisers of the New Testament, in general conversation with a number of gentlemen a short time since, said: "I have received from the use of Warner's Safe Kidney and Liver cure very marked benefit and I can most cordially recommend it to others. sept12-tod4"

A STRUGGLE FOR LIFE.

Hundreds of them every hour in the day and night at the fair grounds in the nest of the glass hen—hundreds of chicks kicking themselves out of their shells for dear life. The big nest containing 800 eggs at a time will turn on a turn-table by an electric engine of 400 horse-power, making 500 revolutions per minute. At two of our exhibitions in Canada over 35,000 people saw the Chicago glass hen. The Marquis of Lorne, governor-general of Canada, who has a level head, said it was the most interesting exhibition on the grounds. We expect a grand rush at the glass hen, and to avoid such, women and children should early in the day.

The leading Scientists of to-day agree that most diseases are caused by disordered kidneys or liver. If, therefore, the kidneys and liver are kept in perfect order, perfect health will be the result. This truth has only been known a short time and for years people suffered great agony without being able to find relief. The discovery of Warner's safe Kidney and Liver Cure marks a new era in the treatment of these troubles. Made from a simple tropical leaf of rare value, it contains just the elements necessary to nourish and invigorate both of these great organs, and restores and keeps them in order.
