-Prof. Langley, from Washington observatory, Pittsburg, and a party of assistants, passed through this city yesterday, on their return from the top of Mt. Wilhitey, Col., where they have been making some important experiments.
-Gen. F. Sauer, of New York, has definitely decided to locate in Omaha. He is an accomplished violinist, and will be a great addition to the musical talent of the city. Mr. Sauer studied with Martin Cahn, of this city, in the conservatory at Leipzig.
-Recently, the long-haired man of the Grand Island Independent, is in town. He is a trick which is worth two of an ordinary kind. He comes to Omaha in the night, arriving here in the morning. Then he don't hurry his business at all, in order to catch the noon train westward, but waits until a freight train pulls out at night, and comfortably sleeps during the trip westward, having taken but one day from his office. Great is genius.

FARMERS AND MECHANICS.

If you wish to avoid great danger and trouble, besides a no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleaned, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from spring malaria. We know of nothing that so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle. [Exchange.] Sold by Ish & McMahon. (1)

COLD LEAD.

That is What Sam Kline Shot Into a Companion.

Both Boys are Pupils at the Dodge Street School.

George Frank, eleven years old, was shot as he was coming down the steps of the Dodge street school last evening, by a schoolmate named Sam Kline. The ball struck the boy to the right of the nose, just below the eye. The affair caused intense excitement, in the midst of which the boy was carried to the home of his father, Jacob Frank, at 418 south Tenth street. Dr. Parker, the family physician, was at once called in. He saw that the case was very serious one, and sent for assistance. In a very short time Dr. Coffman, Peabody and Darrow were upon the scene. The wound was proved to a depth of three inches, but the ball could not be found. One of the physicians thinks that the ball might have lodged in the mouth and another that it might have passed into the throat and fallen into the stomach. The boy last night was lying in a precarious condition, although the physicians have hope of his ultimate recovery. Sam Kline, who did the shooting, is only about 14 years old and his reasons for so doing are unknown. Immediately after the act he ran away and disappeared and at a late hour last night had not yet been found. As far as can be learned a number of children were coming down the steps together just after school had been dismissed. Kline was somewhat in advance of Frank, and as he reached the bottom of the steps it is said he suddenly wheeled around and without warning drew a 32 calibre revolver from his bosom. This he deliberately pointed at Frank and, pulling the trigger, fired. The report had not died away before he had disappeared around the corner. Kline lived on Twelfth street, and is said to be a pretty hard case for one of his years. He has been in several other scrapes of the kind and was the terror of smaller boys.

Dwelling House Burned.

Mrs. Gavino's house, at the corner of Third and Pine streets, was destroyed by fire yesterday afternoon. The loss is about \$300. The house is not insured. Mrs. Gavino was cooking a steak, and called from the kitchen by the cry of her sick child, she left on the stove. On her return she found that it had in some manner caught fire, and that the fire had spread to the kitchen walls. Mrs. Gavino had barely time to get her child out when the house was enveloped in flames.

RIGHT FROM ALASKA.

Return of Naval Officers From the Northwestern Territory.

As noticed briefly in THE BEE of yesterday, on board the overland train on Monday were a party of naval officers direct from Alaska, where they have been stationed for a year or more in command of the United States squadron. At the head of the party was Lieutenant Commander C. H. Rockwell. The other officers were Lieut. E. P. McClellan, Ensigns J. O. Nielson, N. R. Usher, H. Minnet; Post Assistant Surgeon N. M. Farber; Post Assistant Paymaster J. A. Roney; Post Assistant P. H. Smith, and L. L. Martin.

Board of Agriculture Meeting.

The state board of agriculture held a final meeting at the office of the secretary last evening, in connection with business relating to the state fair. Secretary McBride, Vice President Walker, Treasurer Hartman, Judge Kinney, and Messrs. Grinnell and Williams were present. The meeting was long, and devoted entirely to the consideration of accounts against the board. Many were allowed, some cut down, and others rejected. The board adjourned, to meet at the call of the president.

Punishing a Thief.

James Daily stole a bride, halter and blanket worth less than \$10 from Geo. Canfield. A short time afterward he sold the articles for \$1 25 to a colored man who tried to dispose of them to Mr. Canfield. The property was at once recognized by Mr. Canfield, who traced out the thief and had him arrested. Yesterday Daily was sent to jail for twenty days by Judge Benke.

Burglars at Work.

Fred Herz's Eklhorn Valley house was burglarized some time Monday night. The thieves effected an entrance by cutting out a pane of glass in one of the windows and then cutting away the inside blinds. The money drawer in the bar-room was broken and its contents, fortunately only a few nickels stolen. Nothing else was disturbed, not even the cigars and liquor which lined the shelves. The house was similarly entered during Fair week.

COUNCIL CAPERS.

Referring the Sloumb Ordinance to Another Committee.

Fifty Thousand Dollars Worth of Bonds to be Sold.

At the meeting of council last evening President Dailey was absent, and Mr. Dunham was, on motion, called to the chair. The mayor reported having approved the ordinances for establishing a grade of St. Mary's avenue to the Union Pacific railroad track, and a special ordinance appropriating money to John H. Green, for curbing and gutting Farham street between Fifteenth and Eighteenth. This was filed.

VIEWING THE RUINS.

The ruins from the terrific explosion in Council Bluffs on Monday were the object of curiosity and interest to thousands of the citizens of that city and Omaha yesterday. The spot presented a deplorable sight. The description of the explosion and its effects, given in THE BEE yesterday, was in all particulars correct, and enumerated nearly completely the individuals whose property was damaged. Nearly a hundred men were put to work early this morning by the Rock Island company, who did effective service in clearing away the debris.

LET AGAIN.

Coats, of Detroit, Will Probably Build the Court House.

The Commissioners Gave Him the Contract this Afternoon.

The commissioners at a meeting held at 3 o'clock p. m. yesterday decided to let the contract for building the new court house to John F. Coats, of Detroit, Mich. Last Saturday, Deltone & Mulaney to whom the contract had been originally let, claimed that they had the necessary bond in \$30,000 ready. Mr. Mulaney is a resident of Dubuque. When he came here it was understood that he was worth \$80,000. According to the commercial agencies his worth is not near that amount, and Mr. Deltone had not been facing the fact that he had himself without any security. The consequence was a rupture, and as the contract was given to Deltone & Mulaney, neither one of the parties could undertake the work himself. This hitch having arisen the commissioners extended the time for giving the bond until Saturday. The two bidders had come to no terms and yesterday the commissioners sought the advice of Gen. Cowan, the county attorney. The result of his opinion was that the contract should be let to the lowest bidder. The following resolution which was passed unanimously, embraces everything. Whereas, the bidders, Deltone and Mulaney, have failed and still fail and neglect to enter into contract to build a court house on their proposition, and fail and neglect to furnish bond as required, therefore Resolved, That the award made to them is revoked and no longer of force and effect and is further directed that suit be instituted on their bond for damages for their failure to enter into contract and furnish bond. Be it further resolved that John F. Coats, the next lowest bidder, be awarded the contract for the construction of said court house upon his entering into contract and giving bond and furnishing a fair and complete schedule as required in the premises. That the public generally will uphold the commissioners in their attempt to have the work done as rapidly as possible. Mr. Coats has been communicated with and expresses a willingness to begin work at once. He will remove his family and business to Omaha, so as to give the work his constant personal supervision. Deltone & Mulaney bid \$187,000; Coats' bid was \$198,000.

At Yokohama, Japan, Rev. Mr. Porter and Miss Reed will leave the party. The others will continue their journey until they arrive at Shanghai, which they will do about the middle of October. No Blood Pilled.

A man was arrested yesterday near the depot, on complaint of Mrs. O'Brien, who keeps a restaurant. Her charge was that he pulled a revolver on her. The difficulty arose over delay in a meal which the man ordered. He went out of the restaurant, not eating or paying for the meal. He alleged she threatened to shoot him, when she would carry out her alleged threat. He was examined before Judge Benke, who dismissed the case.

King Kalakaua Coming.

King Kalakaua, of the Hawaiian Islands, who was in Omaha a few years ago, will arrive here again in the course of a few days. He and his party are in Baltimore to-day, and will visit Hampton, Va., Washington, Lexington, Ky., to examine blooded stock, and will then probably come directly to Omaha. The royal party will reach San Francisco and leave for Hawaii by October 27.

Accidentally shot.

A young man named Thomas was injured last night by the accidental discharge of a revolver in his pocket. He was scuffling in Kueer's summer garden with some companions, when the revolver went off. He was taken to his home and Dr. Peabody was called. Thomas, who was drunk, refused to allow him to feel the leg and the doctor left. How badly Thomas is injured is not known.
