PRESIDENTS' GRAVE.

Where the Remains of Our Nation's Rulers Rest.

Short Description of the Burial Places-The Neglect of Our

Great Dead It is not a very difficult matter to prove that the United States is an un-memento: "James Monroe, born in Westmoreland county, 28th April, 1758; died in the city of New York, 4th of July, 1831. By order of the general assembly his remains were regrateful republic, if neglect of her moved to this cemetery 5th July, dead Presidents is to be taken as complete evidence of it, without any of Virginia for her good and honored counterbalancing testimony. Not even son." Over this monument is a gothic the states in which the presidents are temple twelve feet lang and nine feet buried are known to most people. The graves of a number of them are un-foundation of dressed Virginia granmarked with a monument, while those ite. There are a few noble exceptions, but it is not the United States that has rusted. Around it are beds of flowers been grateful but the state of the and tall oaks. one's nativity or his personal friends. WASHINGTON.

The grave of the first president, the father of his country, has been visited by thousands of Americans and forinterest to the majority of readers to peruse a description of the place now. The Mount Vernon association has taken good care of the first president's last resting place. Washington's re-mains were denosited in their present gateway in a marble tablet is the simple inscription: "Within this enclosure rest the remains of Gen. George Washington," Two coffins lie in the vestibule of the vault, the first is that of Washington and the other that of Martha Washington.
