The Official Count and the News in Brief.

BOARD OF TRADE.

The Council Bluffs board of trade met in regular session on Monday night, Henry Metcalf in the chair. The secretary, E. H. Odell, submitted his report, which was read and approved and ordered placed on file. Dr. A. B. McKune, from the special committee appointed to visit Chicago and confer with the management of the various railroads, submitted an oral report with reference to what the railroads would do towards building the projected levee. The report was received and the committee continued. The committee on the application of Conrad Geise reported favorably and a ballot was taken, which resulted in his being elected to a membership in the board. On motion of W. C. James, the resignation of Jacob Williams as one of the directors of the board was accepted and Dr. A. B. McKune chosen to fill the vacancy. Dr. McKune offered the following: "Resolved, That all persons delinquent in the payment of initiation fees, be again called upon by the secretary and requested to pay and on failure to do so their names to be dropped from the roll at the next meeting of the board. On motion of Doctor Woodbury the resolution was adopted. M. G. Griffin offered the following resolution: Resolved, That the executive committee be instructed to assess members pro rata sufficiently to meet the present indebtedness of the board. Adopted. A. B. McKune moved that a special committee of five, composed of the following members, M. G. Griffin, T. J. Hart, H. E. J. Woodbury, T. L. Cavin and Henry Metcalf, be appointed to solicit membership to the board of trade. The board adjourned to meet on Monday evening, October 24th.

AN EX-EDITOR COMING.

W. A. Spera, a farmer, who lives a short distance from this city, called at THE BEE office. According to his own account of himself he is a man of more than ordinary attention. He is a newspaper man by trade, having early in life entered upon James Buchanan's old organ, the Lancaster (Penn.) Intelligencer, established in the year 1780. He was thirteen years controlling editor of the Lancaster Enquirer. He served four years in the Union army, being with Sheridan when he took his famous ride down the Shenandoah valley. At that time Mr. Spera was major of the 117th Pennsylvania cavalry. He appears to be a man of considerable intelligence, a staunch republican but not a stalwart. He thinks Conkling will be the next president if he lives. He settled in Pottawattamie county in 1874, and believes that the state of Iowa was the original garden of Eden. What Council Bluffs needs is less free trade advocates and more factories. He has no doubt in a few years we will be the leading farming and manufacturing as well as the railroad centre of the northwest.

SPRINGING UP AGAIN.

The grounds and buildings about the Rock Island freight depot are rapidly assuming their former appearance. Nearly all the debris has been carted away. The famous hole in the ground has become a thing of the past, which fact is regretted very much by the traveling public. A new freight house, 30x200 feet, will soon be completed near the site of the old one, together with an ice house, 20x100 feet. Bartlett & Cuppy are raising the walls of the round house, and soon no remainder of the great disaster will be left, excepting the new buildings, which will stand as a monument to the fearful explosion which took place on the 26th of September, that day of national gloom and sadness.

IT IS POSSIBLE.

It is reported that a noted astronomer observed not long since a peculiar shaped shadow pass over the face of the moon. We presume that Professor Paig, with claim that it was a piece of the roof of the "dynamite car." THE BLUFFS IN BRIEF. Council Bluffs mud is sticky. A young man caught his foot in some of it yesterday. As he sunk he called for help. A gentleman went to his rescue, and between the two the mud was saved. When he got on the side-

walk he remarked that he was thankful he was not in Omaha.

Thus far the season has been favorable for stock. The rye and timothy never looked better or furnished more food for cattle. If cold weather keeps off the amount it will require to get the stock through the winter will be enough less to nearly compensate for the shortness of the corn crop.

No farmer should neglect to provide for sufficient shelter. The cold weather is sure to come before long.

The official count shows that Morgan's majority over Clayton was only twenty-four, and any galoot can tell where they came from.

There is one thing about Morgan when he gets home at least. That is a good wife and she won't keep any of his representative secrets, either. Mrs. Morgan was awakened last night by a noise in the next room, resembling a cross between a poll parrot and a boar. She fell along the bed and, finding the representative missing and the noise still going on in the next room, she stepped softly to the door. The first thing she heard was "caker!" "caker," and finally, "Mr. Spee-e-e-aker!" She opened the door and there stood the representative in his midnight attire practicing for the lower house.

Our county board of supervisors met in this city Monday to canvass the vote cast at the recent election. We give the official count, which will be observed to be not much different from the account given by THE BEE.

The young Dane who died at the Denmark house, on Washington avenue, was an entire stranger in the city, having arrived in this country about six weeks ago. He was taken with typhoid pneumonia and was sick only four days before he died.

Seventeen years ago to-day Gen. Sheridan made his famous dash over the old turnpike road in the Shenandoah valley, turning defeat into a splendid victory for the union army.

It is said that there is not a first class house vacant in this city at the present time, and that people who would gladly remain here are obliged to move on or camp out.

H. Eisenman, of the well-known clothing house of Eisenman & Co., on Broadway, has returned home from an extensive pleasure trip throughout the west. He visited the baby show in Utah.

Charles H. Ferson has gone to Fitchburg, Mass., on a visit to his home and friends.

It is said that one-half of The Globe is mortgage for more than it would bring under the hammer.

Mr. E. K. Burch, attorney-at-law, and wife, of Dunlap, are in this city on a visit to Mr. and Mrs. Aylesworth.

Ex-Representative Carson says he does not understand what these asteroids that have appeared lately in THE BEE mean. He asks why we don't spell his name in full, so people can see something besides stars.

How can a meeting be happy and unhappy, pleasant and unpleasant, all at the same time? ask Morgan and Hemsted.

John R. Bell, of the firm of Bell & Hall, grocers on upper Broadway, has gone to Colfax Springs to be treated for neuralgia.

B. H. Baxter, editor of The Mirror, Bourbon, Ind., was in Council Bluffs yesterday, at the Pacific house.

J. A. George, of Misouri Valley, was at the Pacific yesterday.

It looks quite natural to see Capt. Henry on our streets daily again.

Reardon, the unconquerable, was taken from jail yesterday and, under the care of Officer Morse, went in search of a justice to try him, but, not finding one disengaged, he was marched down to the jail again. Morse says he is the easiest prisoner he ever led around.

The celebrated glanders case is still engaging the undivided attention of Justice Abbott, George H. Holmes, John Linde and sixteen jrymen. There is a full attendance from outside each day. A respondent says if it took \$10 to cure such a horse, unless he was an intimate friend he would let him die.

Superintendent Eator, of the gas company, has a large crew of men engaged putting in new gas mains at the junction of Bancroft and Broadway.

There were 202 car loads of stock received at the union stock yards in this city up to Monday night; reckoning twenty head to the car, and we have the total number of cattle received 4,040. Sometimes there are more than twenty head in a car, and sometimes less, but the average is about twenty.

Palpitation of the Heart. J. M. MIGHT, Syracuse, N. Y., writes: "When I first commenced using your Burdock Blood Bitters I was troubled with fluttering and palpitation of the heart. I felt weak and languid, with a numbness of the limbs. Since using, my heart has not troubled me and the numbing sensation is all gone." Price, \$1; trial size, 10 cents.

The Democratic Candidate for County Treasurer.

STATE OF NEBRASKA, COUNTY OF DOUGLAS, ss. Mrs. Lina Peters being first duly sworn deposes and says, she is well acquainted with one Chris. Hartman, and that on or about the 1st of July, 1877, said Chris. Hartman then being the city treasurer of Omaha, she presented to said Hartman as such treasurer, a city warrant amounting to the sum of \$25.00 and interest in the sum of \$1.00. Affiant says said warrant was not paid on or about the 1st of July, 1877, and that she has since that time been unable to get the same paid. Affiant further says that said Hartman told affiant that said warrant was not worth much, as it would not be paid for seven or eight years. Affiant further says that about one week afterwards, the said Hartman called at affiant's harness store of Farnham street, and informed her he could get a man to buy said warrant. Thereupon said Hartman, himself, paid affiant the sum of \$12.00 for said warrant. Affiant further says that during the same month of July, 1877, said warrant was paid in full, to-wit: the sum of \$29.00.

Affiant further says she sold said warrant for \$12.10, relying entirely upon the sum of \$1.00 and interest, and that she has since that time been unable to get the same paid. Affiant's representation of said Hartman. Affiant says she was then, and is now a widow.

Subscribed in my presence and sworn to before me this 19th day of October, 1881. LUTHER R. WRIGHT, Justice of the Peace.
