#### THE NATIONAL CAPITAL. MORGAN DECLINES.

WASHINGTON, October 25 .- It officially announced that ex-Governor E. D. Morgan, of New York, has declined to accept the secretaryship of the treasury.

President Arthur has stated tha

ex-Governor Morgan's declination of absolute and that no further nomination will be sent to the senate until to-morrow. REPORTED ASSASSINATION OF THE CZAR.

A great deal of excitement was I here to-day by rumors from New York that the czar of Russia had been assassinated. Inquiry made at the state department and at the Russian ministers showed that no information of such an occurrence had been received at either place and at both places the reports were disbelieved. MACVEAGH LEAVES FOR PHILADELPHIA.

Gen. MacVeagh, with some mem-bers of his family, left for Philadelphia this afternooon. He does not intend to return, at least in his offi--cial capacity.

FOLGER TO BE NOMINATED. Members of the cabinet expect that the name of Judge Folger, of New York, will be sent to the senate to-

morrow, in place of that of Gov. Morgan, who has declined the treasury portfolio. A CONFERENCE. President Arthur had a conference this evening with a few personal friends, including Senators Logan, Jones (Nevada), Cameron (Pennsyl-vania) and Allison. The conference lasted until a late hour. After its

the question of Governor Morgan's acceptance or declination of the treasury portfolio had not been settled.

UNSETTLED CABINET AFFAIRS. Most careful inquiry to-night elici-ted a mixed state of cabinet prospects. It appears that word was received today from Gov. Morgan begging the president to excuse him from serving, as his friends considered that it would be unwise for him to assume the duties the position would impose. Members of the present cabinet stated today that Treasurer Gilüllan's name had not been mentioned for the secretaryship except as a possible temporary incumbent to bridge over for a time until some other choice could be made. Mr. Gilfillan's ability is not questioned but a man of more political capital is sought for. To nights conference resulted in a general approval of the plan to try to induce Governor Morgan to accept tem-

porarily or until other matters can be arranged or a fit successor found. Under these circumstances it cannot be predicted what names will be sent to the senate to-morrow. If Morgan insists on declining it is hardly probable the treasury nomination can be decided on before to-morrow's session and no nomination for attorney-general will be sent in until the treasury portfolio is filled. If Morgan had accepted, ex-Senator Howe's name would have followed as MacVeagh's successor. If he accepts [between now and to-morrow noon Howe's name will go in, though it is stated to-day that Howe's nomination is not definitely settled.

An appeal was made by the successful gamester to his vanity by taunting him with having no money. He produced five \$50 bills from his pocket and his newly found friends snatched the roll. The detectives arrested Frederick Mason, who was identified by Walker as one of the three card monte players. He had though it is stated to day that Howe's nomination is not definitely settled. \$311,000 worth of United States 4. The assurance of this is gathered from the fact that MacVeagh has agreed to act for a week or so. Moreover, Howe is in southern Colorado, where it takes the mail or telegraph. where it takes the mail or telegraph a week or moreto reach him, and it is not certain that he has been communicated with. It is generally thought, how-ever, that Howe is sure of the place if not until by and by. The friends of secretary Kirkwood have assurances that he will not be disturbed. Judge French will continue to act as secre-

tary of the treasury. The senate will probably adjourn on Thursday. DORSEY ARRIVES. Ex-Senator Dorsey arrived in town to-day and will remain until after the star route prosecutions are resumed. Postmaster-General Tyner in relation to the alleged causes for his resigna-tion. The question of Tyner's resignation will positively be settled with-GUITEAU GROWING MORE COMPOSED.
