is prepared to issue to the Indians of | Two Families Turned Out of Doors at Daybreak

About 5:30 yesterday a fire took place on the north side of Dodge street, between 9th and 10th which left two families without a roof over their heads an hour later. The house was a small one story cottage of five rooms, three of which were occupied by the family of Frank Nicholas, the owner, and two by the family of Charley Kohler, who is a renter. There are six children in Mr. Nicholas' family and four in that of Mr. Kohler. The wife of the latter was sick, having been confined but a few days ago.

helping the Kohler's, was making biscuit while Kohler started the fire. according to an occasional custom, with kerosene. A roaring noise was heard in the chimney and at tracted the attention of both the parties in the room who, on looking up saw the whole roof about the Union Pacific Railway Company to chimney in a blaze. The alarm was day on the charge of forging the A. M. Fleming: s | sw | section 6, at once given and the families easily made their escape saving all their household goods, the fire meantime being confined to the space be tween the ceiling and roof, the house itself however being lightly built, old and a mere tinder box Mrs. Kohler saved herself by running across the yard barefooted to a neighbors house.

An alarm was sent in through the Central office by telephone, followed by an alarm pulled from Box 5, and the entire department turned out promptly. The burning building made a big blaze in the darkness of early morning, but when two streams were got on from the adjoining hydrants the fire was quickly drowned out. The entire roof was destroyed and the house probably cannot be repaired. The actual damage will not exceed \$300 and there is a policy on the house for \$200, in the Glen Falls Insurance Co., of New York, represented in this city by Judge Weiss, which would not expire until April next.

The probability is that in starting the fire it was too sudden a blaze and set the chimney on fire and, the surroundings being so dry some caught from the heat and resulted in the destruc.ion of the property.

Humbugged Again.

I saw so much said about the mer its of Hop Bitters, and my wife who was always doctoring, and never well, teased me so urgently to get her some, I concluded to be humbugged again; and I am glad I did, for in less than two months use of the Bitters my wife was cured and she has remained so for eighteen months since. I like such humbugging .- H. T. St. Paul.
