

THE DAILY BEE. Saturday Morning, Jan 14. Weather Report. (The following observations are taken at the same moment of time at all the stations named.)

Table with columns: Station, Barometer, Thermometer, Wind, Clouds, State of Sky. Rows include Denver, Cheyenne, Omaha, etc.

LOCAL BREVITIES. The weather did not moderate much yesterday and the walking is solid.

The Pullman travel on the Denver run is reported very heavy. A pleasant party took place at the residence of Mr. Geo. Armstrong, on Cass street, Thursday.

The Standard club will give a reception on the 24th of January to D. Kaufman and bride, upon their return from Boston.

The route laid out for the present season takes the Mastodons from Omaha down the Missouri river to St. Louis, and thence a complete circuit of the Atlantic coast to New York city from which they go to San Francisco.

Next year they make another tour of England, where they made such an immense hit on their last visit.

Mr. Barney is known to many in this state. He came to Nebraska in 1874 to clerk in a drug store at Wahoo, and the grasshopper's making business dull, took to doing a little work on the old Nebraska Revereille, run by McLaughlin at Wahoo.

Deputy U. S. Marshal Allen, Thursday served a writ of attachment on the property of Orlin H. Ballou, in favor of John B. Taylor, for \$3,200 for money loaned, etc.

STILL AT THE TOP. The Report That Haverly's Original Mastodons Were About to Disband Denied.

They Will Visit England Again Next Year. THE BEE yesterday enjoyed a pleasant call from Mr. Ariel N. Barney, general representative of all J. H. Haverly's enterprises, who left the Original Mastodons at St. Paul Thursday.

On being asked as to the reliability of the rumor recently published in the Chicago Times, to the effect that Cushman and Rice were about to leave the company and that it would be disbanded, Mr. Barney authorized a complete denial of all such reports.

The facts are that a couple of the men who were dissatisfied with a change of managers, did some talking a Chicago about quitting Haverly and organizing a company of their own.

On learning of this talk The Times published the report alluded to. Mr. Haverly had not heard of the trouble until he saw it in the paper and he then telegraphed to Philadelphia for two equally good men, and also to the dissatisfied parties that their withdrawal would be accepted.

On this the two weakened and the consequence is the company will appear here in all its original entirety. There isn't the slightest possibility of the original Mastodons ever going to pieces.

They played at St. Paul to houses so large that those who were turned away would have made a good house for an ordinary show.

The route laid out for the present season takes the Mastodons from Omaha down the Missouri river to St. Louis, and thence a complete circuit of the Atlantic coast to New York city from which they go to San Francisco.

Next year they make another tour of England, where they made such an immense hit on their last visit.

Mr. Barney is known to many in this state. He came to Nebraska in 1874 to clerk in a drug store at Wahoo, and the grasshopper's making business dull, took to doing a little work on the old Nebraska Revereille, run by McLaughlin at Wahoo.

FAIR TO THE FAIR. The Land League Cause Valiantly Supported.

A Large Crowd and Best Receipts at Masonic Hall. The Land League fair at Masonic hall is proving a most unprecedented success.

The receipts up to last evening had aggregated about \$1,300, which covers all expenses and ensures a sum of fully a thousand dollars, to be applied to the silver set proceeding quite lively last night; but the telegraph boys haven't waked up to business yet, and the McShane party are ahead.

A general court martial is appointed to meet at Fort Omaha, Neb., on the 10th day of January, 1882, or as soon thereafter as practicable, for the trial of Private George Klein, band, Ninth infantry, and such other prisoners as may be brought before it.

Not the least of the fair's attractions is the fine supper spread, under the superintendence of that earnest and loyal Irish woman, Mrs. Henderson. It is worthy an attendance to the fair to sit down to one of the tables and partake of the delicacies.

At the time of the unfortunate accident, train No. 14, being made up at Valley and Anderson was engaged in coupling cars. While so doing he caught his foot in a frog at one of the switches, and all efforts to extricate it proved unavailing.

He was struck by the cars, knocked down and run over at the right thigh. He was immediately picked up and carried into a house near by and a telegram sent to Superintendent Nichols, who dispatched a special train with the wife and child of the unfortunate young man and the company's surgeon, Dr. S. D. Mercer, the run being made at the rate of a mile a minute.

On arriving at Valley Anderson was found to be in a dying condition, though perfectly conscious, and able to recognize his wife and child. An hour later he expired. The remains were at once placed on board the special and brought to this city, when they were taken to the undertaking rooms of John Jacobs.

It is not deemed necessary to hold an inquest and yesterday Mrs. Anderson sent word that she desired the body brought to his late residence, Tenth and Davenport, and fixed the hour for the funeral at 2 p. m. today.

At the time of the unfortunate accident, train No. 14, being made up at Valley and Anderson was engaged in coupling cars. While so doing he caught his foot in a frog at one of the switches, and all efforts to extricate it proved unavailing.

TERRIBLE DEATH. An Union Pacific Brakeman Run Over and Killed at Valley.

The BEE yesterday morning published an account of the fatal accident at Valley Station, in which John Anderson lost his life. The following are additional particulars of the sad affair.

John Anderson was a young man about twenty-three years of age, and was for about three years in the employ of the B. & M., but recently went to work for the O. & N. Y. branch of the Union Pacific. He was married about two years ago and had one child, now about six months old. Steady and industrious, he was respected and esteemed by all who knew him, whether officers or employees.

At the time of the unfortunate accident, train No. 14, being made up at Valley and Anderson was engaged in coupling cars. While so doing he caught his foot in a frog at one of the switches, and all efforts to extricate it proved unavailing.

He was struck by the cars, knocked down and run over at the right thigh. J. C. Blackman, U. P. agent at Fremont, is in the city yesterday. T. A. Brooke, of Tecumseh, is among the arrivals at the Metropolitan.

IMPORTANT ARREST. A Watch Thief and Burglar Taken Into Camp.

Stolen Property Found on His Person - The Ross Jewelry Recovered. An important arrest was made last night by Detective Hazen, which is important in more than one sense, as it will doubtless lead to several other captures and revelation of a gang of thieves who have for some time infested this city and Council Bluffs.

After Wilson was locked up he was stripped and searched, and a gold watch, valued at about \$100, was found tucked in his leg just above his knee. The watch corresponds to the description of one stolen on Monday last in Council Bluffs. While showing his man yesterday the detective obtained a clue which enabled him also to recover the property taken from Julius Ross house on Sunday night last. He also obtained evidence of Wilson's connection with this affair. Further arrests of more members of the gang and some decidedly sensational developments are expected to-day.

A Happy Restoration. PORTLAND, Mich., Aug. 24, 1881. H. H. WARNER & Co. Sirs - I most heartily recommend your Safe Kidney and Liver Cure, to all sufferers from urinary difficulties. I owe my present existence to its use.
