STOCKS

The stock market was active and irregular throughout, and the dealings were very large. The total sales were over 530,000 shares. The market underwent frequent changes, and at the close was decidedly weak, prices being at or near the lowest of the day. The principal dealings were in D. & R. G., Reading, L. S., W. U., N. Y. C., Erie, N. P., D., L. & W. and U. P.

NEW YORK, January 24.—The Lehigh and Wilkesbarre Coal companies' mines passed into the control of the corporations yesterday from the hands of the receivers. The stock and bondholders will henceforward manage the affairs.

Seligman & Co. say they anticipate a great improvement in Paris to-day, as a syndicate of bankers has been formed to protect the market and buy all shares of Union Generale. The price yesterday was 1,000f., and it is predicted will be 1,300f. to-day.

It is deemed probable the trunk lines may postpone the deposit of the forfeits fixed for to-day, because of the action of the Boston & Albany road in refusing to make the advance agreed upon.

Private cable advices from Paris say a panic is undoubtedly averted, but the feeling last night was very much mixed, and while the bears predominated, the conservatives were strong, and argued that the market was too low to drop. In short, interest in the market was admitted to be very large, and among the bears are reckoned Gould, Sage, Keene, Smith, Mills and Clark.

The stock market had a sharp rally after the first call this morning, some stock rallying as much as 2 per cent, the latter in Wabash preferred, which sold up to 68¾. There was a little reaction at noon, but feeling continued strong.

CHICAGO MONEY MARKET.

CHICAGO, January 24.

The demand for money was on a fairly active scale, and all classes of borrowers were in attendance. The supply of loanable funds was good at 6@7 per cent per annum. The present state of the weak market keeps up an active business in the way of margin checks.

The stock of grain in the Chicago elevators is 10,826,244 bushels, against 10,525,990 a week ago, and 14,563,040 at this period last year.

The clearings of the associated banks were $6,100,000.

Eastern exchange between city banks was quoted at 50c discount per $1,000.

LONDON, January 24.—The political and financial situation on the continent is demoralizing all the markets.
