Another Trojan Who is Determined to Redeem Ryan's Defeat.

The New Champion Likely to Have His Hands Full-Egan Coming to New York to Display His Ability with the Gloves.

New York Star, Feb. 13. Among sporting men yesterday about the only topic of conversation was the recent mill between Paddy Ryan and Yankee Sullivan No. 2. Whenever a half dozen of them got together some talk of the fight was sure to start up. There was a very decided feeling that Ryan would have won the fight had it not been for his hernia and the trouble he had with his truss, but there were not a few who believed that Sullivan could have whipped him, hernia or no hernia. Harry Hill is one of these.

Mr. Fox of The Police Gazette yesterday sent to Troy all the necessary expenses to bring to New York Egan, the stonecutter, who has challenged Sullivan. Egan stands 5 feet 10 cents inches, and weighs 228 pounds, and is generally looked on as a terror. He will spar with Steve Taylor at Harry Hill's, on Thursday, and if he shows any science, he will be at once backed heavily against Sullivan.

Mr. Egan has announced to his friends that the money is ready to be put up and that within two weeks he them a good seacoast on the Pacific will issue a challenge to Sullivan to Ocean, enables them to succor their fight him for the championship of Asiatic possessions by naval force, America. The distribution of these premiums will take place on the 4th day of March, 1882. All articles that can be sent by mail will be forwarded postpaid to the subscriber's address. Articles to be shipped by express or freight will be forwarded to their destination with freight payable by the consignee.

The subscription price of The Dally Bee is Ten Dollars per annum.

Direct your remittance to The Omaha Publishing Company by money order or registered letter, who will forward you a numbered premium receipt, which will be registered in a premium book. Each remittance should also give explicit direction as to postoffice address. Parties to whom articles are allotted that are too bulky for mail will be notified and requested to give directions how and when shipment is to be made.

The distribution will be made without discrimination or favoritism, through a com mittee selected by the subscribers present at the time the awards are made. All we aim at in this scheme is to collect our back dues and secure payments for the coming year, and to extend our circulation over a greater territory.
