THE LABOR TROUBLE.

The Strike at the River Front Increases in Its Proportions. The Workingmen Parade the Streets with a Brass Band. The Sewer Men Join the Ranks of the Strikers. The Fight for Wages on Which Men Can Live. The situation between the striking laborers on the B. & M. grading contract and Contractor Stepperson assumed a more serious appearance this morning. The announcement that there would be men on hand who would work resulted in a large and enthusiastic crowd being assembled on the spot at 6:45 a. m. Further attempts at negotiation between the contractor and the men resulted in accomplishing nothing. The men wanted \$1.50 per day and declined to accept \$1.40 which was offered them. After considerable parleying the men formed in double line, and after securing the Bohemian band marched to Stephenson's brick barn on Tenth and Harny where they displayed a dummy rigged up to represent the man who would work for \$1.25 a day. It was stated to have been the intention to carry it through the streets and then burn it, but before that could be done some of the men demolished it entirely and scattered the remains in the street. THOUSANDS OF SPECTATORS. The sound of a band of music at so early an hour in the morning attracted considerable attention from the main streets and when a few minutes later the striking workmen marched to the Poppleton corner there was at least three or four thousand people there. The sidewalks were black and windows everywhere curtained by a throng of heads. The men carried at the head of the procession a red flag on which were the words, "Striking for \$1.75 per day," this being the amount demanded after the refusal to go above \$1.40, though Mr. Stepperson subsequently offered to pay \$1.50. After playing several airs the flag and band led the way up the south side of Farnham street, the band stopping occasionally to serenade some of the business houses on that thoroughfare. THEY GREET THEIR OLD EMPLOYER. At Farnham and Thirteenth they caught sight of Mr. Stephenson coming down on the opposite side, escorted by a squad of the police, headed by the city marshal and deputy. There was a great shout at this but the contractor and police passed on down without a word, the procession thereupon reversing the direction of the march. On Eleventh and Farnham they met the same party coming back and another halt was made, horns tooted and loud groans and expressions of disapproval indulged in. ORDERLY AND GOOD NATURED. There was nothing in the actions of the crowd, on the streets, to indicate any intentions of violence but rather a good humored joking of fun at the contractor. Proceeding down Farnham they halted to serenade THE BEB and just as they did so the stars and stripes were thrown out over the government building, which brought out prolonged cheers. The Union Pacific headquarters and the Canfield house were also treated to music, the crowd making quite a long stay at this point. After playing to the Union Pacific clerks and officials, a man in the throng cried out, pointing to THE BEB office, "There is our friend," and, turning to the headquarters building, "There is our enemy." PROMISED ASSISTANCE. One of the men informed a reporter that they had received word from the men in the U. P. shops and Smelting works that it necessary they would stop work and help swell the procession. He said that the U. P. foundry had already shut down, and that a portion of the moulders had quit work and that only a few were at work in the blacksmith shop. Inquiry did not develop any further facts, and shortly before noon the crowd dispersed and re-assembled at 1 p. m. IN THE AFTERNOON About 500 men assembled on the dump and marched from there to Tenth street, between Douglas and Dodge, where the sewer work was going on, and where about twenty-five men were on the trench. AT THE SEWER. Here one of the party addressed them, and they all with three exceptions ceased work at once, and the majority of the visitors moved on to the corner, a few still remaining. Two of the sewer men got out of the ditch on being told to do so and the third remained longer, when he was told to get out or he'd get dirt thrown on him. At this he got out, and as he was about to start away he was handled in a pretty rough way and finally carried off bodily. Quite a number had joined the strikers since the forenoon and there were many who expressed the opinion that it would prove the beginning of a strike in which all the workmen in town would join. It is said that there has been dissatisfaction for some time in various quarters at the reduction of prices when living has been so much higher than usual, and hence there was much conjecture as to the outcome of the example set by graders. A number of business men and others expressed themselves as blaming Mr. Stephenson for the whole trouble. Not one has been heard to blame men for not wishing to work at \$1.25 a day, as they say no man can live and keep a family on \$7.50 a week. MAYOR BOYD was asked by THE BEE reporter as to

BOTTS BREAKS FAITH, And Tells a Plausible Story of the Shooting of Stroebach.

Which, if True, Would Exonerate Him Entirely. The network of proof against the alleged murderers of Henry Stroebach in Keg Creek township, Pottawattomie county, Iowa, is slowly closing about them. It was made more secure yesterday by the confession of Joseph Botts, the colored man arrested at the house of Mrs. Green near Metz' brewery, in this city, and who from his well known character was suspected strongly of having been the man who fired the fatal shot. Botts immediately after his arrest played innocent to perfection but the proofs as to his complicity in the affair were too overwhelming and yesterday he made a quiet confession to Henry Grebe, the deputy sheriff and the jailor, Mr. Joe Miller. Botts' story is a plausible one, and is confirmed in several details by known facts. He says that on Friday afternoon last Murray and Dan Shearer came over to Omaha from the Bluffs, and met him near the headquarters building. They asked him to go across the river with them and act as doorknoper at a lecture to be given by Murray at a school house in the neighborhood of the residence of Stroebach. Whether there is any such school house or not Botts don't know, but it is known that Murray, who is an Englishman, has delivered several lectures at different times. The trio crossed the river on the 2 o'clock dummy, Murray paying the fares of all three. They reached the place at about 5:30 o'clock, but were late and could not find it, if it was there. Joe then wanted to return to Council Bluffs, but the others refused and proposed hunting for a farm house, which they did, bringing up at Stroebach's. Here they encountered a dog which was belligerent, and Botts was assigned the duty of pacifying him, while the other two tried to find lodgings at the house. Having got the dog quieted and finding that his companions had entered the house, Joe started to follow them. He got only inside the hallway when he heard the shot. He says he thinks one of the two fired it, of course, but don't know which one. All they got was the \$6, and of this small booty none fell to his share. The pistol was obtained at a Council Bluffs pawnshop, a friend having offered it to them for protection on the trip if they would pay the amount due on it. He claims that he was not let into the secret of the object of the visit in the slightest degree. While this story may or may not be true it is a plausible one, and further confessions may be had which may help to unravel the mystery. Botts, who was arrested as a witness, being the party taken in to do the work and who backed out, was taken over to Council Bluffs yesterday. It was rumored on good authority last night that Stroebach's wounds were after all not likely to prove fatal. A NEW GRAND JURY. Judge Savage Grants the Request of the District Attorney. At the opening of the district court yesterday District Attorney Burrham made application for the calling of a special grand jury to finish up the criminal work of the term interrupted by the illegality in the organization of the regular body. The law under which this is asked is as follows: Section 405, Criminal Code of Nebraska: "After the discharge of the grand jury it shall be lawful for the court when it shall be deemed necessary, to order the sheriff to call together a new grand jury from the by-towners or neighboring citizens, of sixteen good and lawful men, having the qualifications of grand jurors, who shall be returned and sworn or affirmed, and shall proceed in the same manner." The state's attorney took the ground that one of the cases thus interrupted was for alleged murder and that to delay the action of the grand jury and the trial of the case was to keep a large number of witnesses on hand at a great expense to the state and annoyance to them. The court granted the desired order, and the new jury will probably get to work to-day. In the meantime Koster renews his bail, which he did this morning. It is stated by his attorneys that it is not customary for a court to exercise this privilege except on extraordinary occasions, and they do not think this one. But one special grand jury was ever called before in Douglas county by that was by Judge Lake several years ago, when a murderer was under arrest and had to be dealt with by law at once or probably be lynched. There are two or three supreme court decisions bearing on the subject and the new indictment will no doubt be attacked by the defense. Maine News. Hop Bitters, which are advertised in our columns, are a sure cure for rheumatism, biliousness and kidney complaints. Those who use them say they cannot be too highly recommended. Those afflicted should get them at fair trial, and will become thereby enthusiastic in the praise of their curative. -Portland Argus, mar 1-d2w. Army Orders. The following general orders have been issued from the headquarters of the department of the Platte, Omaha, Nebraska: A general court martial is hereby appointed to meet at Fort Bridger, W. NOT AN OMAHA HACKMAN, But a Council Bluffs Sleigh that Made Trouble for Anna Dickinson.

The recent publication in THE BEE concerning the hard time that the Anna Dickinson party, or a party thereof, had when her recently, was given upon the authority of THE Lincoln Globe, and was considerably incorrect. The trouble experienced by the party in finding the depot was not due to a "drunken Omaha hack driver," as stated, but to the weakness of a Council Bluffs sleigh. The episode occurred after the performance in Council Bluffs, as the party were being driven through the snow storm to the transfer depot. Just as the sleigh was about to start, the old pork horse was reached the sleigh in which the party were stowed away broke down, and it became impossible to go any further. The passengers started out on foot to walk to the transfer and lost their path in the snow storm. As a consequence they wandered about on the prairie for about an hour until they finally struck the right road and arrived at the depot. It is needless to say that they suffered much and were generally disgusted, but the cause thereof was not the inebrity of a hack driver nor the fault of any other individual, but due to the weakness of the conveyance in which they started out. TRUE TO HER TRUST. Too much cannot be said of the ever faithful wife and mother, constantly watching and caring for her dear ones, never neglecting a single duty in their behalf. When they are assailed by disease, and the system should have a thorough cleansing, the stomach and bowels regulated, blood purified, malarial poison exterminated, she must know that Electric Bitters are the only sure remedy. They are the best and purest medicine in the world, and only cost fifty cents. Sold by Ish & McMahon. SHREWDNESS AND ABILITY. Hop Bitters, so freely advertised in all the papers, secular and religious, are having a large sale, and are supplanting all other medicines. There is no denying the virtues of the Hop Bitters, and the proprietors of these Bitters have shown great shrewdness and ability in commencing a Bitters, whose virtues are so palpable to every one's observation. -[Examiner and Chronicle, mar 1-d2w. Winslet Safe "at Home." George or William Winslet, the tascally contractor shown up in THE BEE on Tuesday, was brought to this city yesterday morning by Sheriff Myers and taken to Plattsmouth. Winslet was taken to a hotel on Tenth street for breakfast and put in a square meal. He didn't look at all worried and is probably relying on his monumental cheek to carry him through. RACE FOR A PRISONER. Hazen and Neigh Try their Leg Powers for the Possession of Wilson. Charles Wilson, the man who was arrested as the burglar who robbed the American House, was dismissed, from custody yesterday, by a note procured entered by the district attorney, the principal witness against him not being able to appear in court. Immediately upon this action, Capt. J. J. Neigh and Detective Hazen, each started after the prisoner, on the way to the county jail to secure him ahead of the other. Neigh reached the jail first, and on Hazen's arrival there was a contest of words as to whether Wilson should be taken to Lincoln on Neigh's warrant for burglary or to Blair's for Hazen for B. & M. robbery. It was finally agreed that he should go the state capital for trial on the charge now pending against him. PERSONAL. Geo. Wildish, of Aurora, is in the city. E. W. Gunther, of Albion, is at the Withnell. Gen. J. M. Thayer arrived in the city yesterday. Frank Ireland, of Nebraska City, is again in the city. J. Riggs, of Pine Ridge, is in the city. He is at the Withnell. Dr. O. K. Thompson left yesterday for St. Paul on a business trip. Maj. J. J. Upham is a guest at the Withnell, where he arrived last evening. G. B. Smith and wife and Mrs. Eliza Sutfen, of Missouri Valley, are at the Withnell. A. C. Williams, of Lincoln, arrived in the city yesterday. He is registered at the Withnell. Prof. A. C. Will is came up from Lincoln last evening and stopped at the Withnell. Master Mechanic Condon and Superintendent Stevens arrived in a special car yesterday afternoon from Grand Island, where they have been examining the shops. Engraving done in the latest style at Edholm & Erickson's. Hyvess' Snow Flake Flour at French's. A Heavy Swell. Jacob H. Blosser, of Virgile, N. Y., writes: "Your THOMAS' ELECTRIC OIL cured a badly swollen neck and sore throat on my son in forty-eight hours; one application also removed the pain from a very sore leg; my wife's foot was also much inflamed--so much so that she could not walk about the house; she applied the oil, and in twenty-four hours was entirely cured." 628-d2w4d

HUNG IN MID-AIR. A Horrible Death Met at a Midnight Hour.

A shocking sight was that seen this morning on Thirteenth street below Jackson, where a large and fine looking cow hung by the neck and fore feet in a well, dead of course, her tongue protruding from her mouth from strangulation. It appears that there was a loose platform across the mouth of the well, which while strong enough, was too small for the aperture it covered. It had been used for some time, and yesterday coal wagons were drawn over it in safety. It probably worked to one side, and about midnight last night the cow, which belonged to Mr. Allan Sattley, in wandering about, struck the platform and both went down into the well, which was dry and quite deep. After falling feet down until her head was below the surface of the street several feet the animal and the platform became wedged and would go no farther. In this position she was discovered and efforts made to draw her out with a derrick and tackle were without success, and she finally died from strangulation. This morning her owner found her and secured assistance, but up to noon had not got her out, as her weight and wedged in position were too much to handle easily. He will endeavor to make somebody pay for the cow as he claims her loss is due to the carelessness of the well owner or the city. SPECIAL NOTICES. M. D. THOMAS' ELECTRIC OIL. M. D.
