## DIRTY OPPOSITION.

The appearance of this page in yesterday's BEE rather surprised its friends and readers here as it was Mrs. Eddy's return to Chicago, About wanting in the usual amount of fresh that time the little one was taken suddenlocal news. This news was closely gathered, and carefully prepared, as usual, for THE BEE readers, but in transit to the office was stolen by some one evidently anxious to keep THE BEE from giving the news. The local matter was afterwards mysteriously ing continued by Recorder Burke until returned to the office in Omaha, but of course too late for use. This is not the first attempt made to thwart and halt the enterprise of THE BEE. The skiff used in the interest of THE | tinued. BEE in crossing the river has twice been stolen. Such despicable tricks to interf re with the public desire to get and read THE BEE cannot stop its growth, and cannot keep its patronage from increasing steadily. Every possible precaution will be taken to prevent any further attempts of this kind to deprive our readers of the news, and steadily increasing. Cotton has shown steps will be promptly taken for the detection and punishment of the great versatility. The company furnishes guilty parties.

Talk of Vaughan's Contesting the Election.

Prospect That It Will End Where It Began, In Smoke.

For twenty-four hours past there have been rumors of all sorts of exagerated statements to the effect that

Mayor Vaughan, not satisfied with the result of the election, proposed to have been less. contest it. With some these rumors

excited only laughter, and with most it caused only wonderment as to what possible grounds he could have upon which to base a contest, while with a few it aroused a fear lest Vaughan

should, for purposes of his own, start a contest merely for the sake of excitement, and to let himself down easy, even at the risk of arousing scenes of

disorder and strife. Yesterday afternoon Mayor Vaughan,

Citizens Feel Cheerful Over the Prospect of a Decent City Gov-

ernment. A Chance Which Those Placed in

Power should Improve.

On all sides are heard expressions of satisfaction at the result of the city election. Many would, of course, have been better pleased if certain ones of their particular favorites had been elected, but taken all in all there is a general contentment. This arises in part from the fact that Vaughan was so completely laid out, he being 164 votes behind the nominees in the race, and that not one distinctive Vaughan candidate was elected. It

arises also in part from the feeling that the new administration will be a great improvement upon the old, and there will be some marked changes in favor of decency and order. Mr. Bowman has been made mayor

by a majority of 34 only over the re-publican candidate, Dr. Lawrence. He must concede, and it is understood

this would prove a sufficient one. He will have for his council a body of men who, viewed from a political standpoint, rank as five republicans and one democrat, another check to steadily increasing. Cotton has shown some strong points, and is an artist of great versatility. The company furnishes an excellent support, and with a varied

The largeness of the majority is due much to the fact that many `f the tickets were printed "For the establishment of a superior court," without any dis-senting clause, so that many cast their votes in favor of the court without hardly knowing that they without hardly knowing that they voted upon that question. Still there was evident among those conversant with the question, a decided majority in its favor, and the result would

Thomas Hills Badly Beaten and Bruised by Midnight Rowdies.

A brutal assault took place near the corner of Broadway and Pearl streets on the night of the election. Mr. Thomas Hills was proceeding homeward in company with two or three others, when a party of young fellows pretty full of budge, yelled out, 'Hurrah for Vaughan." Hills responded, "Hurrah for Bowman," and 202 Broadway, COUNCIL BLUFFS had hardly got the words out of his mouth before one of the crowd which had yelled for Vaughan hit him in the face; another kicked him, and he was knocked into the street, trampled upon and badly thumped. He was so badly used up that he was unable to get out of doors until yesterday, and

Warrants were issued for Charles Jacobs, John Col-lins and Robert Fosdick, and they were arrested yesterday afternoon. They claimed they were not the parties concerned, and the question of identity entered mainly into the con-test. Jacobs and Collins were dus-charged but Fosdick was found guilty charged but Fosdick was found guilty and fined \$30 and costs.

-A horse and buggy driven by John Willy, made a I'vely runaway Tuesday. The horse dashed north on Glen avenue, and would have gone crashing into a Broadway store front, had he not slipped. As it was he took a tumble, and stopped with a slight wreck.

-Yesterday the Scott-Richardson cases were disposed of by Justice Abbott. John Lindt looking after Scott's interests, and Mynster & Adams for Richardson, Scott was charged with stealing Richardson's pocket-book, and was on trial acquitted. Richardson was then tried on the charge of perjury for having sworn to the information charging Scott with larceny. He, too, was acquitted.

-It is strange how a little authority spoils a man. Those who have been made pecial policemen at Omaha, and stationed on the B. & M. dump, with tin stars tied to their buttonholds, confound you with others who are loafing about, hooting First National bank of Newton, Ia., at passers-by, and using insulting langusge.
