STOCKS

A strong feeling characterized the dealings on the stock exchange to-day, and a further advance was established, the quotations made being in some instances the highest of the week. Western Union was a feature of the list, rising to 89¾ on large transactions. Denver & Rio Grande, St. Paul, and coal shares were more prominent and advanced sharply. In the Southwestern shares, Texas Pacific, Kansas & Texas, and Missouri Pacific were strong and advanced. There was a general improvement in the rest of the active list in sympathy with the advance in the above mentioned stocks. There were reactions at intervals, but each decline brought in fresh orders to buy, and near the close the highest prices of the day were current. In final dealings there was a reaction of ⅛@¼ per cent., which left the closing quotations ⅛@3½ per cent. higher than yesterday.

FINANCIAL REVIEW.

Events of the week in financial circles were important. Money was weak throughout, and rates for call loans ranged from 3 to 5 per cent., with exceptional transactions at 2 per cent.

Governments were strong throughout, except for continued 5's, which after an early advance lost part of the improvement.

Foreign exchange was firm and higher.

Stocks were strong throughout the week and prices advanced sharply. At intervals there were sales to realize profits, which caused some sharp reactions, but they were all subsequently recovered, and prices for the active list in the last dealings showed an advance of 2@7 per cent., led by Denver & Rio Grande, Texas Pacific, Western Union, Missouri Pacific, Lake Shore, Wabash, New Jersey Central, Central Pacific, Ohio & Mississippi, and Kansas & Texas. The rise in Southern specialties was marked, some of them advancing 10@20 per cent.

COMMERCIAL.

Omaha Wholesale Market

OFFICE OF THE OMAHA BEE, Saturday Evening, March 25.

Of the wholesale market during the past week little can be said, except, perhaps, a steady increase in the volume of business, and a greater number of buyers were present in person. This, together with the settled spring-like weather of the last few days, is an indication that trade is fairly opened, and the anticipated boom is now at hand, as up to this time the bulk of business has been done through orders.

The local grain trade of the past week is reported more active, and a steady increase in prices, to a limited extent, has ruled throughout the week. To-day's report show the following increase over this day of last week:

Wheat—No. 2 advanced 2½c; No. 3 advanced 3c.

Barley—No. 2 advanced 1c; No. 3 advanced 2c.

Rye—Advanced 1c.

Corn—Advanced 2c.

Oats—Advanced ½c.

Flour—There has been a moderate home trade, and quotation prices have been well maintained, but outside of this business in this line has been dull.

Bran and chopped feed is still scarce and in demand.

Provisions are reported steady, and a fair business was transacted.

Produce receipts have been very heavy throughout the week and prices generally declining.

Eggs—The market is glutted, and prices are rapidly declining. Sales have been made as low as 10½c; outside figures, 12c.

Potatoes—The market has been good, but heavy prospective receipts would indicate a decline. Prices have been ruling so high in this market that several cars of Imported Scotch Champions have been received and sold largely for seed.

Poultry—Scarce and in good demand. All lots sell on arrival at 13@13½c for turkeys and 12c for chickens.

Butter—Receipts are heavier and prices weakening. Choice lots have been sold at 31@33c.

Beans—Owing to large importations from Germany, prices have declined, large lots having been sold as low as $3.30.

Apples are scarce and demand light.

Onions are in fair demand and prices declining, selling from stores as low as $3.50 per barrel.

Oranges—As the season advances, large shrinkage in repacking forces an advance in prices.

Lemons rule steady at quotation figures, but as warm weather approaches higher prices are anticipated.

Green vegetables from local gardens are in good supply.

Groceries—A good movement is reported, particularly in dried fruits and can goods. Prices are steady, as a rule, yet sugars have advanced ⅛@¼c, and syrups 5@7c per gallon. This is principally on account of the present high price of corn over last year's contracts.

Dry goods, drugs, clothing and other general merchandise are reported, quotations and prices, as a rule, well maintained.

Hogs—Farmers are shipping more freely; receipts of 50 cars reported—is a better showing than for several weeks past.

Lard is improving, but slowly. Packers are holding in anticipation of better prices.

Brick are reported in demand and advancing to ruinous prices, $16 per 1000 being demanded for kiln count. From the present outlook for the next three or four weeks, we should consider this a good market for shippers.

The only changes in to-day's market are as follows:

Wheat—No. 2 declined ½c; No. 3 declined ½c.

Barley—No. 2 declined 1c.

Oats—Advanced ½c.

Eggs—Declined 1c.

Lard Oil—Declined 5c.

Headlight Oil—Declined ½c.

Turpentine—Advanced 1c.
