The Result of the Election Yesterday.

The election yesterday passed off more quietly than was expected. On a hot day like Monday there would have been more excitement, more drinking and everybody's blood worked up to fever heat, but with union. the falling mercury the spirits of the crowds everywhere fell considerably and all settled down to a quiet but

A call at the polls in all the wards in the forenoon and another after dinner, resulted in no reliable information as to the result. The number of tickets in the field was legion and each had its workers. DEMOCRATIC VICTORY IN FREMONT. Special Dispatch to THE BEE.

FREMONT, Neb., April 4. - The democrats elect the entire city ticket by from 8 to 50 majority. The repulicans elect one councilman. There was no fight on the school board. MUNICIPAL ELECTIONS ELSEWHERE.

In Dayton, Ohio, the entire democratic city ticket was elected by majorities ranging from 300 to 1,000. The democrats gain two members of the city council, but that body still

remains republican.
Returns from Columbus, Obio, show a democratic victory of from 500 to 800 majority.
The election in Cincinnati resulted

in a defeat of the republicans by 4,000 to 5,000. The liquor interest was the cause of the defeat, all of the Germans voting the democratic ticket. About 5,000 democrats voted the republican ticket in disapproval of the action of the liquor dealers, but they were not numerous enough to overcome the heavy vote which went the other way.

The township elections in Indiana were held throughout this state on Monday. In the Indianapolis township the democrats forced the prohib itory question into the canvass and carried the township by from 800 to 1,000 majority, a democratic gain of over 2,000.

At Richmond the republican trustee was defeated for the first time in a number of years, owing to local In New Albany the republicans

elected their trustee for the first time, by a gain of over 1.600. LITTLE ROCK, April 4.—There was a municipal election here to-day, but the result had no political significance, as all the candidates claimed

HAZEL KIRKE.

A Splendid Audience and a Fine Play

"Hazel Kirke," the most successful of modern drama now on the boards, 21 was played at Boyd's opera house last night to a very large audience. The 57 company is Steele McKaye's Madison 196 Square theater company, of New York, and the cast is one of the most 213 evenly balanced of any that has appeared here this season. The greater part of these people composed the admirable company that has played "Hazel Kirke" in New York steadily for the past two and a half years, which is guaranty enough for their merit. The audience last evening was led unconsiously from tears to laughter repeatedly by the fine pr.s entation of this powerful play. "Hazel Kirke" is from the pen of Mr. Steele McKaye, the a tor and playwright, who has made him justly famous. Three years ago, when the play was first produced as "The Iron Will," it was not a success, and the name was changed to "Hazel Kirke." since which its immense popularity has shown no signs of waning.

PERONAL. Miss Bell Archer has for some time been leading lady of the Madison Square Theatre company, and is an actress of great talent.

Miss Margaret Cone is a sister of Kate Claxton, and has played in this city in "Two Orphans."
Mr. Charles Wheatleigh is an old

stager from away back; is well known both in Europe and America, and at different times has been manager of New York theatres. Mr. Edward Coleman is the original

Janitors, \$456; sixty-five teachers, \$4,581.55. A communication was received from Trumann Buck, City Treasurer, sub-mitting the report of the city treasurer, as to whether or not, he should be custodian of the bonds purchased by the board as an investment of a

part of the school sinking fund. The city attorney's opinion was to the effect that Mr. Buck should be the custodian. "The bonds are not such 'documenta' as the law contemplates should be kept by the secretary, nor such 'property as is to be exclusively in the hands of the board, but represent and are substantially money, and although bonds are still practically a part of the sinking fund, whenever moneys are invested, it seems to me are securities and should

Additional Facts Concerning Yester day's Tragedy.

The inquest in the case of the two Jonases, whose terribly tragic death was recorded Monday, was concluded during the afternoon. The witnesses were Officer Grady, James Jarca, Officer Kasper, Adolph Bukel

and Mr. and Mrs. Theo. Roesing, the

latter a daughter of the deceased. The jury was composed of James France, C. C. Megeath, F. M. Mc-Donagh, C. H. Withnell, John Hill Donagh, C. H. Withnell, John Hill and John Miles. No important facts were elicited more than were given yesterday, and the verdict was that Francesca Jonas came to her death at the hands of her husband, Joseph

Jonas, who then killed himself. General O'Brien, who was the attordey of Mrs. Jones, is authority for the following statement which may be relied upon as being correct:

Francesca Jones was fifty-seven years of age, and was born in Guttenburg, Bohemia. About thirty-six years ago the was married to Joseph Jonas at Guttenburg. Two years passed by when he was arrested, convicted and sent to the penitentiary for one year for destroying his brother's grain.
Upon the expiration of his term, he returned and lived with his wife for one year, when he was arrested for for destroying his brother's grain. The appplication of Isabel Gardner one year, when he was arrested for maliciously killing a neighbor's hogs. for which he was sent to prison one year. Upon his release he again returned to his wife, and only a short time passed, by when he was arrested for killing deer on a private reserve, and for this offense has served a term of nine months. When this term was ended, he went home again, and again was he arrested, this time for a more serious offense-the charge of being the murderer of a woman. He was convicted in a lesser degreecorresponding to the second degree in this country- and he was sentenced to twenty years' imprisonment. After serving sixteen years he was released, together with a large number of other prisoners, this being done by the emperor of Austria in honor of the birth of an heir to the crown.

The subsequent history of the couple has been given in full. Monday afternoon Judge Beneke was handed two letters by a Bohememian woman, a friend of Mrs. Jonas. One was written in Bohemian and the other in English, with directions to be delivered to the police judge. The English letter was dated March 2d, the day on which she began her divorce suit, and was as fol-
