Thieman will regret to learn that he was very low yesterday from the effects of heart disease, from which his recovery is doubtful. —Workmen began putting the new roof on the courthouse yesterday. They have to work in carpet slippers and muffled hammers to keep the old building from caving in. —A meeting of the executive committee of the Omaha Labor Protective union will be held on Friday at 10 o'clock a. m., on Leavenworth, between Seventh and Eighth streets. By order of P. O. Boyesen, treasurer. —Willie Kingsley, the little boy who was so badly poisoned two weeks ago by wild yew, while out in the woods on the Iowa side, has almost entirely recovered, although his face bears plain traces of the treacherous plant's work. —The injuries received by Mr. John B. Furry were not as bad as at first supposed. His arm was not broken, only severely crushed, and he was not otherwise seriously injured. He will be out in a few days. —Six tramps were arrested while occupying temporary lodging quarters in box cars at the B. & M. depot. Four of them exhibited cash to prove that they were not "without visible means of support," and were discharged. The other two went over the hill for six days to eat bread and water. —A company of eighteen picked men of the department of the Platte are now steadily at work practicing at target shooting on a new rifle range on the prairie just west of the barracks. This is to be kept up some time, and the twelve best marksmen are to be sent to the national rifle match at Creedmoor, R. I., where, next September, they will meet a like number from every military department in the United States. —Agn Benzon and G. A. Lindquist, two well known Omaha gentlemen, will leave next month for an extended visit to their native country, Sweden. The former has not crossed the ocean now for ten years and thinks it about time to go back once more. —A new and extensive brick-yard has just been started on North Sixteenth street, near the yards of Estabrook & Co., on which work was begun Monday. The new yard includes twenty-five or thirty lots, and the supply of clay is almost inexhaustible. The proprietors are S. T. Johnson & Co., the "Co." being Messrs. John Steel and Aug. Benzon. Three gangs will be worked and about 16,000 brick per day turned out as soon as they get fairly started. It is an important addition to this branch of industry, and we hope will prove a success. —There are few men who show a record of a quarter of a century of steady and faithful service for one firm, but Mr. William Herman, the engineer at Krug's brewery is one of the number. Twenty-five years ago he went to work for Mr. Fred Krug and has remained in his employ ever since. The quarter-centennial anniversary was celebrated Monday, when, in the presence of all the employees, who had gathered in the handsome office on Jackson street, Mr. Will Krug, on behalf of the firm, presented the engineer with a beautiful gold watch and chain worth about \$200. The gift is a grand one and the engraving is very fine.

An ordinance establishing the grade of streets in Knutze and Ruth's addition, was passed. Several ordinances levying and appropriating moneys for various purposes were passed. The president appointed Messrs. Herman, Baker, Corby and Kaufmann as the special committee on market houses. Col Smythe, attorney for William Sexauer, asked permission for his client to endorse his cash upon the bond which they had allowed him to file, and made a written motion to that effect. Mr. McGuekin moved that the motion be placed on file. Mr. Baker moved as an amendment that Mr. Sexauer be allowed to withdraw his bond from the file, and take possession of it. Carried. At this the counsel for Mr. Sexauer said that all he wanted, and that it would allow him to endorse the oath on the paper, and withdraw, leaving the council in a tangle as to how the matter stood, in the midst of which an adjournment for two weeks was taken. A CHARMING WEDDING. Father English Unites two Loving Hearts at St. Philomena. A very pleasant social event took place yesterday being the wedding of Miss Maggie T. Shannon, eldest daughter of Hon. Barney Shannon, ex-alderman from the Third ward and a prominent member of the fire department, and Walter F. Moyer, son of Mr. A. Moyer, proprietor of the Ninth street planing mill. The ceremony took place at the cathedral of St. Philomena, at 9 o'clock, Rev. Father English officiating and high mass being celebrated. The wedding party were driven to the church in a handsome carriage drawn by four white horses, whose waving plumes indicated something out of the usual line of occurrences, and so it was, for Mr. Shannon was determined to give his daughter, of whom he is very fond, the best in the land. The attendants were Miss Lizzie Buckley for the bride and Mr. Thomas Dugdale for the groom. The youthful appearance of the happy couple was very noticeable, the bride looking a beautiful brunette of eighteen years and the groom a handsome young man of twenty-two years, whose fair complexion contrasted very strikingly with his bride's. Certainly a nicer looking couple could not be found in a long search. At the conclusion of the ceremony at the church the wedding party was driven to the residence of the bride's parents, on Capital avenue, where a sumptuous and delicious dinner was served. At the beginning of the feast Mr. Shannon, who is quite an eloquent speaker at times, made a neat little speech of congratulation to the young couple, and presented the bride with a handsome sum of money in twenty dollar gold pieces with the assurance that the paternal pocketbook was always at her disposal. The party then proceeded to do justice to the feast, which included all the delicacies of the season, and was set off by a magnificent bride's cake of enormous size and tempting appearance. The presents on this occasion were numerous and very beautiful, the families of each of the young people vying with each other as to who should do the most by way of starting them out in life. Mr. Shannon gave her daughter a gold chain and locket for a present, and not less appropriate for the charming bride, who is a Philadelphia girl by birth, and as her father says, "as good a one as ever crossed the Missouri." The Bee offers its sincere congratulations and best wishes for the future of the happy pair. Iowa and Nebraska Patents. IOWA. H. H. Bell and W. L. Hess, Belle Plaine, washing machine. G. B. THE SPREADING SCOURGE The Pest House Receives Another Inmate from South Omaha. The excitement concerning the small-pox on Capitol Hill has hardly subsided when the fatal disease shows itself in a new place. Yesterday it was discovered that Annie Johnson, a fourteen-year-old Swede girl, who lived with her parents in the brick house near Leavenworth and Eleventh streets had developed a genuine case of the disease and last evening she was removed to the small pox hospital by Steward Houck. There being no other patients there at present except two who are nearly ready to be set free, the young lady will have the best of care from the two sisters and be better off than if quarantined at her own house. The only parties known to have been exposed in this instance are her father and brother, the latter working at the bottling works adjoining the house. There is nothing new in regard to the Capitol Hill cases. Mrs. Gunn and the little boy both doing as well as could be expected. RAILWAY NOTES The Missouri Pacific Railroad will to-day make connections with the Union Pacific at Papillion Junction, the road will then be completed from Omaha to Hiawatha, Kansas, from which trains will have to run a short distance on the St. Joe & Denver road in order to connect with the other end of the Missouri Pacific. Trains are now running north from Hiawatha, and are doing a good business. The distance from Hiawatha to Ash Grove yet remaining to be completed in order to unite the two ends of the line is thirty-nine miles. This will be completed by July 15th. On the first of May track laying will begin at both ends, and will be put through at a lively rate until completed, when trains will begin running between Omaha and St. Louis. General Superintendent Holdrege, of the B. & M., returned yesterday from a trip over the Denver extension of this line and reports work progressing rapidly. On Monday last two miles and a half of track was laid and track laying will continue at the rate of two miles a day, so that should the weather remain fair they will reach Denver within forty days, or by the first of June. There remained yesterday but seventy miles to complete between the present terminus of the road and Denver. Jay Gould is now in St. Louis and is expected up to Omaha in a few days, when he will take a trip over the northern end of the Missouri Pacific, from Papillion Junction to Hiawatha, on an inspection tour. A Very Pleasant Affair. On Monday evening last John Merritt's well known restaurant presented quite a gay and festive appearance. The occasion was Mrs. Merritt's birthday, and a number of her friends assembled to celebrate the affair in a befitting style. Mrs. Merritt was the recipient of some very handsome presents, the most noteworthy of which were a very elegant rocking chair, a gorgeously gotten up fan, a magnificent toilet set and some very handsome boxes, and a variety of other articles too numerous to mention. Among the guests present were Mr. Prings, Sr. and two daughters, Mr. Sol Prince, the Messrs. Peavy, P. Gothermer, Miss Flora Rosenthal, Mr. and Mrs. Schank, Mr. and Mrs. Reichberg, Messrs. Lewis Bros., Mr. Bloom, Miss Julia Hoisch, Messrs. George Heims and brother, Mr. and Mrs. Shaw, and Mr. and Mrs. Gertz. Quite a novel feature was introduced during the evening in the shape of a new game known as the "Soap Bubble," in which all took part with gusto. Odd Fellow's Anniversary. The approaching anniversary of American Odd Fellowship, the sixtieth, will be a rousing affair, and one of the most interesting ever seen in this city. There will be a grand parade at 2 p. m., anniversary exercises at 4 p. m., at the hall and a free musical and literary entertainment, and ball in the evening. A supper will be given the visiting lodges, of whom a number are expected, at 6 o'clock. Everybody who contemplates purchasing FURNITURE will find it to their own interest to inspect the immense stock at the store of CHAS. Erick, the Hardware and Stove Merchant, No. 615 and 617 16th street, who is sole agent for the Celebrated Rubel's Wrought Iron Range. Considered the most complete in use.
