## STOCKS.

The stock market was more active; opened with firm undertone prices, advancing from 1/16 per cent, the latter in Jersey Central, which rose to 100; Louisville & Nashville came next, rising from 75 to 76. Towards midday a weaker feeling set in and under sale to realize profits New Jersey fell off 1/4 per cent and Louisville & Nashville 1/4. Lake Shore was also notably weak and declined under free sales from 103 to 102. The rest of the list declined fractionally, after the second call the market was firm again. Prices improved but the advance was not maintained. Towards the close the lowest quotations of the day were generally made. Lake Shore was the feature of late dealings, declining to 101 1/2, the lowest price for a long time. The decline in this stock was due to the unfavorable annual report of the railroad, made public to-day.

CHICAGO MONEY.

CHICAGO, April 28.

Preston, Kean & Co., bankers, report the market irregular and dull. Government bonds remain at last night's quotations with a tendency to advance. The demand is very limited here and holders are not inclined to sell.

Railroad bonds are quiet and the market looks likeless.

In all other kinds of securities it looks as if investors were waiting the action of the treasury department in issuing the next call for bonds, which is expected at an early day.

Money abundant with a fair demand from borrowers; rates are unchanged, being from 5/8@ on call and 7/8@ on time, according to collateral and names.

Sterling exchange is strong and is 1/2 higher than yesterday.

Eastern exchange is firm at 75@ 80 cents per \$1,000 premium.

Clearings for the day, \$6,241,000.
