The Month in Which Roses and Diplomas Bloom to Perfection.

College Commencements - A New Course of Study-Omaha Graduates, btc.

Of all the year June is the month most anxiously looked forward to by students, teachers and all connected with or interested in public schools and colleges. This month closes the labors of those whose duty is to teach the young ideas how to shoot, and for those whose ideas have become expert marksmen it is the end of school or the farewell to their alma mater.

Commencement programmes are being arranged, essays written, orations committed to memory and banqueta and parties looked forward to. In Omaha the list of schools in which the June exercises come off includes the High school, Creighton college and Brownell hall.

THE HIGH SCHOOL.

In this important institution the commencement exercises will take place on the evening of June 30th. The class of '82 consists of nine members, all residents of Omaha and containing but one young gentleman. The list is as follows: Misses Alice Rogers, Clara Roeder, Joste McCague, Luzzie Sharp, Hattie Brewster, Maggie Read, Mary Fitch, Susie Phelps and Master D. W. C. Huntington.

-Dr. Mercer has moved his office to the southeast corner of Harney and Eleventh streets, the building formerly occupied by '76, which numbered sixteen. All the graduates of '82, with one exception, have been through all the grades in the Omaha high school, and taken its course. The one exception is a young lady who was admitted on a certificate from an Iowa school of excellent standing. The class of next year will be about the same as the present one.

THE DIOCESAN SEMINARY. There are four members of graduating class at Brownell Hall this year and the graduating exercises occur on the evening of Tnursday, June 22d. Monday, Tuesday and Wednesday prior to commencement will be devoted to public examinations. The anniversary services will be held on Sunday, June 18th, in the Cathedral The graduates are as follows: Paul, Minn.; Miss Mamie Ambrose, of Omaha; Miss May Waggoner, of Omaha.

CREIGHTON COLLEGE. The annual commencement at Creighton college will as be of the most interesting character. The exercises take place on the evening of June 28th and a comedy prepared expressly for the occasion will be one of the features of the evening. STATE NORMAL SCHOOL.

A NEW SYSTEM OF STUDY.

Prof. W. W. Jones, state superintendent of public instruction, is preparing a new system of study for the common, ungraded schools of Nebraska. The design is to systematize the work for teachers and pupils, A NEW SYSTEM OF STUDY.

not with reference to time, but to the accomplishment of defisite work; pupils only attempting to accomplish work in a definite time when such a course is justifiable in the judgment of the teacher, as the difference in the length of school hours makes it necessary to leave time out of ocnsideration. So, pupils having passed an examination in one course, a record will be made of the fact, and the next teacher will lose no time in learning where each pupil is to begin his work. These upon progress in reading-a primary, an intermediate and a grammar class. Supt. Jones has drawn freely from the tested. The Ber reporter, visited the spot and secured the skull and crossbones, which a physician pronounced to be those of an Indian, who must, from their extraordinary size, have been over eight feet in height.

Subsequently Contractor Steven-son's force began work on the B. & M. dump and the resurrection of the remains of an Indian squaw and a quantity of jewelry will be remembered. It proves to be the case that the dump, the dark and bloody ground which was the scene of the March troubles, was formerly utilized by the Indians as a burying ground, and ever since the work began bones have come to light too numerous to mention. Yesterday a skeleton was turned np

The latter line announced a twentyeight hour schedule between Kansas City and Denver a few days ago. The old Kansas Pacific immediately took up the gauntlet and sent its trains into Denver in twenty-six hours. Not satisfied with this rapid transit, this line now announces a through schedule, embracing not Denver only, but Cheyenne, Ogden and San Francisco, taking effect Sunday, June 4.

The Union Pacific proposed two years ago to quicken the pace of its trains between Kansas City and Denver, but was met with a protest by the Atchison road and a threat of war upon rates. That line is 115 miles onger than the Kansas Pacific, and at that time was in poor condition and could not well have increased the speed of its trains. It costs money to run trains at a high rate of speed, and the Union Pacific would not favor such fast time were it not for the fact that it enjoys a most liberal patron-

Trains leave Cheyenne after arrival of the overland express at 8:30 p. m., and arrive at Kansas City at 4:45 p. m. next day, making the run from Denver to Kansas City in 22 hours and 15 minutes. The Kansas Pacific having the ad-

vantage of steel rails, well ballasted track, and 115 miles in distance, can always take the lead of the longer lines. The Union Pacific, Omaha & Denver Short Line, which has been the cause of all this interest in quick time to Denver, has 185 miles the advantage of the Atchison, and 80 miles of the Kansas division, Union Pacific. It will be the next to make a record for fast time, and will probably run its trains on an 18 hour schedule.
