-A saloon man Bonerkinple, complained of for selling drinks within two miles of the city limits without a license, was in the supreme court Saturday. -There was a largely attended and enthusiastic meeting of the several committees of the Knights of Pythias yesterday, to make further arrangements for receiving the Grand Lodge, which meets here in October. SCUFFLE AT SCHOOL.

It has Resulted in the Death of One of the Boys-The Finding of the Coroner's Jury.

A boy named Charles Enos Bartlett, living on Walnut, became engaged in a boyish scuffle, or fight, with some of his schoolmates on the school house grounds at the close of school on the 15th day of May. In this fight it is said that two brothers named Peck pounded the boy severely, and inflicted such injuries that the next day he was unable to leave his bed, and from that time on he continued very ill, until at last death came, ending his sufferings last Thursday. Coroner Faul was notified and a post mortem examination was had and inquest held. There were evidences of very severe internal injuries which had caused death, but there were no witnesses who were knowing to the details of the affair, or who saw the Peck boys inflict these injuries. The deceased was aged about eight years and the Peck boys are about ten and twelve years old respectively. The Bartlett boy's parents are dead and he has been living with his grandmother, upon whom this sad and sudden deprivation falls heavily. The jury after examining such witnesses as appeared before them returned the following verdict: We believe that the deceased, Charles Enos Bartlett, died from inflammation of the bowels caused by external injuries at the hands of some party or parties unknown to us.

Archibald Appreciated.

Dr. Archibald, the late superintendent of the institution of the feeble-minded at Glenwood, was happily surprised last Friday evening at his home in that place. The employees of the institution joined in presenting himself and his worthy wife, who for so many years served as matron, a costly and beautiful set of silverware, as an expression of their kindly feeling toward the recipients, and as a token of the high regard felt for them. The surprise was as complete as it was joyous, and came with particular force at this time, when so much has been said concerning Dr. Archibald's management of that institution.

This is only one of many proofs that the doctor holds the confidence and respect of those who have been in a position to know best concerning the management of the institution. Dr. Archibald's removal from the institution has caused many expressions of indignation from different parts of the state, which in turn has called forth an attempt to defend the action of the trustees by the publication of charges against Dr. Archibald's management. These charges have been made public by papers which refuse to publish his explanation. Elsewhere will be found Dr. Archibald's defense, which is full, clear and frank, and which puts an entirely different phase upon the matter. It should be carefully read by all who are interested in the prosperity of our state institutions.

THE CAMPAIGN.

Some Interesting Facts Concerning Its Progress and the Candidates.

How Anderson is Trying to Keep Up His Boom.

The organ to whose music Anderson is now dancing, has made quite a hurrah over a meeting held in Logan last Friday. It claims that the Sapp forces tried to call out a local candidate in Harrison county, by getting up the meeting at Logan, but those attending finally concluded to come out for Anderson. The fact is that the call for this meeting had less than ten signers, and a majority of those were Anderson men, while one or two were not pronounced in their preference. All the ear-marks of the meeting indicate that it was a purely Anderson scheme from beginning to end, similar to those which have thus far marked his course in the contest.

Another whoop is given to the boom by the announcement that in the primary in Hamburg twelve Anderson delegates were chosen. The mayor's organ and the organ's mayor fails to state, however, that these delegates were elected by a scratch, the vote being Anderson 85, and anti-Anderson 71.

Elsewhere will be found a communication from Mayor Beach, of that place, which shows up another piece of Anderson's work, which will be read with interest, and will have weight, as its writer is a young man of not only ability but reliability, as many here will gladly endorse Anderson.

One interesting coincidence in Dr. Bogan's withdrawal from the contest is that his son visited this city the other day and remained over night. Simultaneous with his return home his father announced that he would withdraw. In view of the way Anderson has worked to suppress other candidates, it seems reasonable that a consideration or promise caused the sudden change.

It is currently reported that \$1,000 of railway money was left in Missouri Valley one week ago to help along the Anderson boom. Anderson's well-known sympathy with railways, and his support of corporations as against the welfare of the people renders it probable that there is much truth at the bottom of the report.

This seems to be about Anderson's way of conducting his part in the contest. It is in keeping with the great game of an early convention. It is in keeping with Anderson's monopoly principles, and in keeping with the trickery and petty trading which has marked his official career. If he secures the nomination by such means he is none the more worthy of the honors which he seeks. Even success will not change the spots of the leopard, and whether he wins in the contest or goes down to defeat, he has shown himself a man unworthy of even the support which he has thus far gained.

THE OTHER SIDE.

The Facts in Regard to Bogan's Share in the Congressional Contest.

HAMBURG, Ia., June 2, 1882.

To the Editor of THE BEE.

The article "About Political Matters" in the Nonpareil of the 1st inst. has attracted my attention. If the writer had been better informed on the situation in this county, he could not have been guilty of so many errors, unless misstatements and misrepresentations is a part of the programme by which the nomination of Major Anderson is hoped to be affected. From the article referred to, one would infer that Dr. Bogan had not been a candidate in opposition to the major in this county.

It has been known for a year to the friends of Mr. Bogan that he had congressional aspirations, and in casting about for a man to make the canvass in this county against this major, Dr. Bogan was selected by the opposition as one who would develop the greater strength in the few days left for a canvass. He was consulted and found to be eager for the contest. He freely stated that Anderson was responsible for his defeat for representation in this county last fall, and that while he had but slight hopes of being nominated himself, he was willing to put his name into the political pot and abide the result. Plans were quickly laid for the canvass and his friends set to work. After his nomination was assured in this county he unceremoniously and without consulting his friends, withdrew from the contest. The Nonpareil article represents Dr. Bogan as trying to prevent fraud, and does his friend's a positive injustice.

Dr. Bogan was consulted in every detail of the canvass, and all plans met his hearty approval, so that if fraud was practiced or attempted, he was party to it and expected to reap the reward.

But the doctor, over his own signature exonerates all his friends from any attempt at fraud. The fact is Maj. Anderson has educated a class of citizens of Fremont county to believe that any local, personal or political matter that would in the least conflict with his plans is a fraud and a crime. "The well for the major that Bogan folded his tent and evacuated the field, for the humiliation of defeat at the hands of an obscure man certainly appeared to be his fate."

The major will find employment at home until the county convention is over, and nothing but the kindness of heaven can keep the alumbering volcano from bursting under his feet here in his own county.

Most respectfully, J. P. BEACH.

Popping Pigeons.

Some of the members of the Council Bluffs Sportsman's Club and the Council Bluffs Gun Club had a little pigeon shooting Saturday afternoon. Some fine wild pigeons had been procured for the event and an interesting time was had. The matches were participated in by Col. Hoffmayer, Dug

Hurlie, J. T. Oliver, W. G. Oliver, A. W. Rickman, M. C. Fisher, John Bohm, Wm. Pyper, S. E. Garrow, John Whittman and Robert Mullis. Matches were shot at 25 yards rise, 10 single birds; 4 pair double birds, 18 yards rise; 3 pair double birds, 21 yards rise; and 3 single birds, 31 yards r. e. Some very fine exhibitions of skill were given by several of the party and Council Bluffs people may expect to hear a favorable report from her sportsmen who depart to-day for the state tournament at Cedar Rapids.
