—The public library has now hung on the outer wall a new sign of gold letters in script upon a black background.

—Sherraden is the boss photographer.

—Closing out of entire stock at Herzman's.

—Rich F. Trevellick, of Detroit, will be in Council Bluffs on the 15th inst., to deliver a lecture on "Labor and Its Wrongs."

—Herzman is bound to close out.

—Don't forget to call at the new ice cream parlors of Mrs. J. A. Gray, over 605 Broadway. may22-tf

—Burnham, Tulleys & Co. are having placed in their office some of the most elegant counters ever seen in this city. The improvement is not only one of convenience but of beauty.

—Joseph Ross, of 615 Upper Broadway, Council Bluffs, makes the best butter tubs in the west and sells them at the lowest cash price. apr23-tf

—John Harris, of Missouri Valley, is mentioned among the democrats as liable to secure the congressional nomination from their hands. The name of W. H. M. Pusey, of this city, is also whispered in the democratic camp.

—Railroad tickets bought and sold—Bushnell, five doors north of Postoffice. Can save money on the tickets.

—A new line of riding, driving and drovers' whips just received at Bockman's. Buy of him and save money.

—There is a prospect for a hundred-bird shoot to take place soon between Dr. Harle and Mr. Hoffmeyer, as representatives of the two sportsmen's clubs in this city. As both are excellent shots, such a match would prove a decidedly interesting one.

—The anniversary of Simpson Centenary college at Indianola, Iowa, will occur June 15th to June 21st. Bishop Simpson is to be present and will give the annual sermon on Sunday the 18th, and an address on the following Monday evening. The annual meeting of the alumni will be on the following Tuesday evening.

—The funeral services of Mrs. Barstow, wife of Dr. Barstow, and daughter of Capt. Knabe, were held yesterday afternoon at the Presbyterian church and were largely attended, the deceased having many friends to thus join in paying respect to her memory and sympathy to the relatives. Rev. Dr. Cleland officiated, and conducted a very tender and touching service.

—Everything and everybody at Seaman's book store and paper warehouse seem on the boom, and preparations are being made to soon move into more commodious and convenient headquarters, Mr. Seaman having leased the store now used by Mr. Judson, No. 405 Broadway. He will occupy the entire building and will take possession next month.

—The new ordinance passed by the council regarding the measuring of wood, provides that the seller shall get a certificate from the city weighmaster as to the amount of wood in the load, unless the buyer agrees as to amount or to have it corded up on delivery, and then if buyer and seller cannot agree on amount the city weigher is to be called on to measure it, and is to be allowed extra fees. The penalty for violation is $5 and costs.

—There seems to be a disposition to let the chieftainship of the fire department remain nominally vacant for a time at least, and to let First Assistant Templeton occupy the position. The department have elected Mr. Guanella, and asked the council to confirm him, but the aldermen are resting easy. It is understood that the present council proposes to have some say in fire department matters, and that if an attempt is made to force any action which the aldermen do not favor, that an ordinance already prepared will be sprung, changing the department into a paid one instead of semi-paid and semi-volunteer.

—Dr. Paulson's large black Danish hound had a lively tussle with wolves near the doctor's farm Wednesday night. It seems that a pack of wolves have been hanging around there for some time, and on the night named they were howling about so close to the houses that the other dogs on the neighbor's places skipped into the houses for shelter. The doctor's hound, who has had several conflicts before with wolves, and who hates them bitterly, dashed into their midst, and had a hard battle with three of them. He succeeded in driving the wolves off, but not before they had bitten him severely in several places. The hound bled badly, and some stitches had to be taken to close up his gaping wounds. He is pretty weak to-day but will recover doubtless, and will soon join with his comrade in a wolf hunt which the doctor is planning.

—Mr. Wheeler, the engineer of the Rescue, yesterday captured near the creek a regular Texas horned toad, of large size, horns, tail and all, making it a rare specimen. It was bottled and placed in Templeton & Lamb's cigar store, where it attracted much attention. There is a natural query as to where this horned toad came from, as there are none found here. It is stated that seven years ago, Louie, the restaurant man, brought a little one here from Texas, and after a while it escaped. One was seen about two years ago by Billy Smith the sandy man, but it escaped from him, making toward the creek. It is now conjectured that this must be the same horned toad, only it has grown. Louie will have some difficulty though in identifying his property.

CONCERNING THE CITY.

Various Matters Command the Attention of the Aldermen.

At the adjourned meeting of the city council Wednesday night Alderman Goulden reported an ordinance raising the license of common carriers to $25 a year, and raising also the license of transient shows. Referred to the city attorney.

Alderman Newell reported that the committee had rented the Globe gas light company's fixtures, so that the city would attend hereafter to lighting them itself.

As chairman of the fire and police committee he also reported that one of the old Bluff City fire horses had been sold for $125, and that a new team had been purchased for $450. The same committee asked for further time in regard to the selection of a chief for the fire department. Time was granted.

The county supervisors reported that the board was willing to perform the county's part of the levee contract.

The committee on the extension of Washington avenue reported that the avenue would cost $5,000, while Harmony street could have been extended for $500, and answered the same purpose, but as the work had been pushed so far it would not be expedient to abandon it now.

The committee on extending Bluff street reported in favor of the project, provided Mr. Turley and Mr. White would donate the right of way. Otherwise the work should be abandoned.

An ordinance vacating an alley in block 15, Riddle's sub-division, as asked for by J. M. Palmer and others, was passed.

An ordinance was also passed defining the duties of city weighmaster in the matter of measuring wood and fixing a penalty on parties selling wood without first having it measured.

An ordinance was submitted creating the office of sidewalk commissioner and defining his duties.

A season of refreshment and rest from the heat was then indulged in, of which the chief feature was the introduction of several measures of lemonade, which were passed unanimously down the thirsty throats of the aldermen.

On resuming business the committee on streets and alleys were instructed to advertise for bids for a sidewalk, thirty-seven feet in length, in front of the old building south of Pierce street, at the intersection of First street.

A petition for the abatement of taxes for 1881 and 1882 on the driving park was presented and allowed.

Alderman Newell and the mayor were appointed a committee to confer with the board of supervisors in regard to the bridge over Indian creek, on Union avenue.

The marshal was instructed to enforce the ordinance in reference to the numbering of buildings.

The mayor, city engineer and chairman of committee on streets and alleys were appointed a committee on Vaughan avenue.

The fire committee, mayor and city engineer were instructed to relocate fire hydrants where necessary.

W. D. Siedentaff, Newell and Wood were appointed a committee to secure ground near the court house for the city market place.

The police committee brought up the matter of having improvements made in the calaboose. Mayor Bowman has been communicating with other cities, and it was thought that two or more iron cells could be put in the yard in the rear of the city building and surrounded by a brick wall, the cells to be portable, so that in case a new building was erected the cells could be moved. Further time was granted the committee.

Adjournment was taken until next Monday evening.

WANTED.—To buy 2,000 bushels of White Corn. Highest market price paid. Mayne & Co., Broom Factory, Council Bluffs. may27-tf

BOTTS IS GUILTY.

The Twelve Men Tried and True Say So.

The trial of Joe Botts for assault with intent to commit murder yesterday occupied the time and attention of the district court. The testimony showed that the notorious darkey, Botts, who has already served in the Nebraska penitentiary, joined with his white men, Murray and Dockesteder, in a plan to rob Mr. Studebeck's house in Keg Creek township, they learning that he had a large amount of money on hand. They went there, and masking themselves entered the house. Studebecker jumped out of a window and ran, was chased by Murray and Botts, and brought back to the house in the hope of forcing him to tell where the money was. They succeeded in getting a few dollars only, but in the scuffle one of the party shot Studebecker, inflicting a wound which came near proving fatal. Botts denied that he was the man who fired the shot, though he admitted he was in the party. He claimed that Murray was the one who shot, and neither Murray nor Dockateder have been found yet by the officers.

The case was fully and ably argued by District Attorney Conner and Mr. Daily for the defense, and was submitted to the jury yesterday afternoon. The twelve were out about an hour and a quarter, and returned a verdict finding him guilty as charged, which is serious enough to send him across the state. His sentenced will probably be pronounced Monday.

PERSONAL.

J. B. Jacquemin has just returned from the west.

Hon. John Y. Stone was in the city yesterday.

J. V. Hinchman and wife of Glenwood were in the city yesterday.

Mr. Diss, of Diss & Co., has returned from an extended trip through the west.

J. Weinberg, of Milwaukee, was in the city yesterday, stocking up dealers with cigars.

Missouri Valley was represented at the Ogden yesterday by M. Holbrook, F. O. Carlisle, and Dick Holbrook.

A. Alexander, the liveliest clothing man of his size running out of Chicago, was looking after the trade here yesterday.

O. E. Silverthorn and Miss Flora E. Sayage were among the representatives from Creston who were at the Ogden yesterday.

Mr. Hotchkiss, the happy landlord of the Revere house at Jefferson, and of course a constant reader of THE BEE, was in the city yesterday.

T. B. Hoyt, the oldest assessor in the east end and a prominent resident of Valley township, is in the city attending to business before the board of supervisors.

Richard Bollard, a prominent resident of Valley township, is in the city on business before the board of supervisors. Mr. Bollard has been among the unfortunates. He lost his right arm in a threshing machine four years ago and the next year he lost all the fingers but the fore one and the thumb on the other arm. The wounds have recovered, however, and Mr. Bollard, though sorely afflicted, asks no favors of anyone physically.

Joseph Durrinlurger, Broadway, Buffalo, was induced by his brother to try THOMAS' ELECTRIC OIL for a sprained ankle, and with half a dozen applications he was enabled to walk round again all right.

PEACE BREAKERS.

Some of the Offenders Who Attracted the Attention of the Police.

Yesterday afternoon Mrs. John Snyder, whose husband is in business on Upper Broadway, was the victim of an assault at the hands of Chris Machien. According to the woman's story, her baby was taken ill, and she stepped to the door to call her husband, who was near by. Machien was passing at the time and was ugly drunk, and for some reason unknown to her, possibly because he thought she was saying something to him, he attacked her, and swinging his tin dinner bucket hit her a blow on the head, which cut open the scalp, and caused the blood to flow freely. He was arrested and locked up, and the charge registered against him of "busting Mrs. Snyder's head."

Mrs. Barrett and Mrs. Ross had some trouble yesterday, a neighborhood row, in which it is said a razor was drawn and a rolling pin went flying through the air, but no blood was shed, and the parties hurried to Judge Aylesworth for adjustment. Mrs Ross was found guilty of assault and fined and costs, amounting to $17, and having a curiosity to see the inside of the jail was given a chance to gratify it to that extent. Mrs. Barrett is to have her hearing Saturday.

There was a sort of a free-for-all fight at Lowers hotel about 5 o'clock yesterday afternoon, in which several were concerned, three of whom were arrested and locked up.

One drunk without frizzes, was brought before Judge Aylesworth yesterday and assessed the fine of $6.80 as becometh "a first-class city."

Profitable Patients.

The most wonderful and marvelous success in cases where persons are sick or wasting away from a condition of miserableness, that no one knows what ails them, (profitable patients for doctors,) is obtained by the use of Hop Bitters. They begin to cure from the first dose and keep it up until perfect health and strength is restored. Whoever is afflicted in this way need not suffer, when they can get Hop Bitters.—[Cincinnati Star.

SUBJECTS OF SUPERVISON.

The Action of the County Supervisors Yesterday.

The county board of supervisors continued their session yesterday.

Horace Everett was allowed a credit of $3 950 valuation on his assessment for 1882, in consideration of the number of trees which he had planted in Norwalk township.

The road petitioned for by J. T. Rupp and others was established.

The board concurred with the city council in the abatement of taxes on the driving park.

E. Clayton was authorized to build a bridge across Jordan creek on the east and west road instead of on the north and south road near the Hunt farm in Center township.

An examination was made of the county treasurer's books and they were found to agree with those of the auditor. A settlement was made up to June 1.

The road petitioned for by Thomas Triplett and others in Hazel Dell township was established.

The board will continue in session to-day.

"By asking too much we may lose the little that we had before." Kidney-Wort asks nothing but a fair trial. This given, it fears no loss of faith in its virtues. A lady writes from Oregon: "For thirty years I have been affected with kidney complaints. Two packages of Kidney-Wort have done me more good than all the medicines and doctors I have had before. I believe it is a sure cure."
