Saturday Morning June 10. SUBSCRIPTION RATES: By Carrier, 20 cents per week. By Mail, \$10.00 per year. Office: No. 7 Pearl Street, Near Broadway. C. E. MAYNE, Manager City Circulation. H. W. TILTON, City Editor.

MINOR MENTIONS.

Go to Herzman for bargains. Cotton waste for wiping at Bixby & Woods. Go to Herzman's for big bargains. Sherraden makes photographs. A large assortment of baby caps at Bliss. See these elegant turkish lap robes at Sherman's. Sherraden is the boss photographer. Herzman is bound to close out. Frames cheaper than at any other place, Northrup & Andrews. Sleek horses and clean buggies is what we notice at Holland & Miller's. Joseph Reiter makes suits in the latest styles at 810 Broadway. The district court has adjourned until next Tuesday, and the jury discharged. Don't forget to call at the new ice cream parlors of Mrs. J. A. Gray, over 605 Broadway. Henry Warren has a tobacco box which was once owned by Black Hawk. Railroad tickets bought and sold—Brehmel, five doors north of Postoffice. Can save money on the tickets. A new line of riding, driving and drivers' whips just received at Beckman's. Buy of him and save money. E. P. DeLong was yesterday fined \$5 and costs for assaulting John Green. The outgoing train east this afternoon is over the C., B. & Q. railway. In the case of Abrams vs. Bratton, tried in the district court yesterday, the jury returned a verdict for defendant. Joseph Ross, of 615 Upper Broadway, Council Bluffs, makes the best butter tubs in the west and sells them at the lowest cash price. Thomas Dewristler was before Justice Frayne yesterday charged with assaulting John Stelzer, and also for carrying concealed weapons. The cases will be heard next Tuesday. There will be a union meeting of the Baptist, Methodist, Congregational and Presbyterian churches at the opera house to-morrow evening, in the interests of the prohibitory movement. Justice Abbott yesterday decided the glandered horse case in favor of the Martins, discharging them as there was no positive proof that they knew that the horse in question was glandered. The cases of varioloid are getting along nicely. There is but one now in the hospital tent, and she will be able to be out next week, probably. Those which are quarantined in the city are all improving also. The county board of supervisors yesterday visited the Omaha jail to get, if possible, some ideas as to what sort of a jail shall be built here. The rest of the day was taken up in auditing of bills and in tax matters. Dr. Hutchins, of Des Moines, formerly professor of the state agricultural college, will lecture on the prohibition question at Dehaan's hall next Tuesday evening. The doctor is a brilliant speaker, and should be greeted with a full house. At the Baptist church to-morrow the pastor will preach. A new organ is placed in the church, which will be used to-morrow for the first time. It is also proposed to soon fresco the walls of the church, with which improvement the auditorium will be made one of the most attractive in the city. Mr. Mottaz, the poll tax collector, says that next week he will again give the memory of the delinquents by having a number of new suits brought in the superior court. When judgments are secured they are for double the amount of the tax and the costs added, and as hardly the shirt on a man's back is exempt, it behooves a body to settle promptly. The Standard charges that Youngerman's beer garden advertises concerts on Sunday, and the brewery wagon openly runs and for carrying five or six kegs of beer there at a time on Sunday, and policemen stand there and witness the whole thing. The editor of the Standard should file his complaint before Judge Aylesworth and have the Sunday law enforced in this case. C. J. Longyear is in the city, representing the publishing house of O. L. Baskin & Co., Chicago, and making arrangements for the publishing of a history of Pottawattamie county. The house has published some excellent histories of other counties, and the gentlemen who will probably be secured to collect the material for the history proposed are such as will assure a carefully prepared and interesting volume. A Bee representative taking in Main street today, was attracted by the elegant display of lap robes, horse nets, whips, fancy harness, trimmings, &c., in the windows of W. W. Sherman. Stepping inside we were astonished to see the immense stock Mr. Sherman is carrying. Harness of all descriptions. Saddles for gentlemen, saddles for ladies, saddles for children, and in fact everybody. And talking of whips there is one of the finest assortment every brought to this city. Then there are nets in endless variety best speaking comfort for the steeds during the summer months. Of horse covers and blankets there is also a great variety, and the line of lap robes exceeds in quantity and of quality any yet shown by Mr. Sherman, some of them being really elegant. He makes a specialty of turk goods, and ever keeping his eyes open for the latest novelty and best appliances, his store has become the headquarters for horsemen in need of such articles. WANTED.—To buy 2,000 bushels of White Corn. Highest market price paid. Mayne & Co., Broom Factory, Council Bluffs.

POKER AND PISTOL.

The Implements of War Employed by Two Men at the Transfer.

The Watchman Kicks and Pounds an "Innocent" from New York.

The Latter Falls His Gun and Blazes Away at Short Range.

Both Seriously if Not Fatally Injured.

A fracas occurred at the transfer early last evening between night Watchman Styles and an emigrant passenger named Charles Van Mason. Styles received a severe bullet wound and Van Mason some cuts on the head.

It appears from the statement of witnesses, who are being held here for examination, that Van Mason was looking after some baggage at the Emigrant house and a quarrel arose about it. Styles kicked him out and Van Mason in turn knocked Styles down. The former then started for the depot and the officer, grabbing a large iron poker, started after Van Mason. As he ran he cried out to another officer to stop Styles, but the latter overtook him and hit him two or three times on the head, and then Van Mason pulled his revolver and shot twice, one ball just grazing Styles' thumb, the other entering his body and passing nearly through the abdomen. Van Mason was at once arrested and taken to the police station. He was found to be so badly injured about the head as to be unfit to be put in jail, and he was taken to the Pacific house and given surgical attendance and kept there under guard. Dr. Macrae attended Styles and found that the ball had probably passed around the walls of the abdominal cavity and was lodged near the surface on the right side, so that there are chances for his recovery. Styles was taken by a special train to Omaha, where his home is. Van Mason is a carpenter and has a wife and child in New York. He was en route for Norfolk, Neb., expecting to settle on land near there. He has secured Mr. Daily as his attorney, and five transients who witnessed the affair are held here for the examination.

RECEIVED THEIR SENTENCE. J. Botta Gets Five Years in the Penitentiary—And Jack Shields Six Months in Jail.

Yesterday the notorious negro, Joe Botta, concerned in the Keg Creek assault and robbery, was sentenced to five years in the penitentiary. Jack Shields, found guilty of assaulting Mr. Jennings, was sentenced to six months in jail.

STYLISH LADIES all go to Bliss' for nice Millinery and Neckwear.

LET THERE BE LIGHT. This City's Residents are Doing Their Best to Obey the Command.

In the building improvements now in progress here there is one feature which is noticeable, and that is the special attention being paid to the means of lighting the homes. There seems to have arisen a passion for elegant gas fixtures, which are now being recognized as ornamental as well as well as useful. Many are wisely concluding that money cannot be better invested. Mr. Wallace has made this a leading feature, in his elegant new residence, the gas fixtures being so rich in finish and unique in design as to excite much admiration and praise. Ex-Mayor Lawrence, Mr. Tulley, Bechtel and many others also put in elegant fixtures. In all these cases the well-known firm of Bixby & Wood have furnished the fixtures and put them in place. Their stock is one which it is a pleasure to look at. Everything is of the latest style, instead of the ponderous heavy ones of years gone by. Better than all else these men are practical and understand every detail of any work in their line.

RIBBONS! RIBBONS!! Harkness, Orcutt & Co., have just put on sale over 2,300 yards of Ribbons. This is a job lot and is being sold at less than one-half cost of importation.

FINDS AND FINES. Those Who Received Attention at Judge Aylesworth's Hands Yesterday.

In the superior court yesterday Chris Machlein appeared to answer the charge of hitting Mrs. John Snyder over the head with a tin dinner bucket, by which the woman received a severe scalp wound. The evidence showed that as the prisoner was going by the store on upper Broadway, Snyder called him a loafer and dunned him for a bill. He struck Machlein in the breast and then started for the store, followed by Machlein, who tried to hit him back as a sweet revenge. As Snyder jumped into the store his wife sprang between them and she received on the head the blow intended for her husband. The accused denied that he intended to hit her at all, but admitted that he was after her husband. The court discharged him and intimated that Snyder being the one who started the row and made the original assault he should have been the one arrested.

The row at Lower's hotel was adjusted yesterday also. It appears that several railroad boys got on a spree and entering the bar at the hotel, took possession, drawing their own beer, helping themselves to cigars, and having a good time generally—as they thought, but not mak-

ing so good a time for others. They had two or three fights, in which outsiders received the black eye. The police arrested four, they being George Canfield, J. C. Flinn, John Jones and William Reed. They appeared in court yesterday. Canfield and Jones admitted that they had been a little rough in action and loud in voice, but it was because of drink, as they meant no harm. They were fined \$10 and costs each, and freely promised to settle the damages at the hotel besides. The other two claimed to have been trying to preserve order and make peace, and there being no contrary evidence presented they were discharged.

Another large invoice. NEW PAPER HANGINGS just received at BEARD'S Wall Paper Store, 11 Pearl street. SEE THEM, THEY ARE BEAUTIFUL.

PERSONAL. P. Wicks, of Harlan, was in the city yesterday.

H. S. McEwen, of Shelby, was among the visitors to Council Bluffs yesterday.

Alderman Goulden has started for the west, expecting to be absent about two weeks, looking after stock interests.

Will Oliver, Arthur Ryckman and John Bohm have returned from the State Sportsmen's tournament at Cedar Rapids.

Judge Reed has returned from Des Moines, and Judge Lewis, who has been sitting in his place this week, returned yesterday afternoon to Sioux City.

Dr. Archibald, of Glenwood, and Andy Jackson start to-morrow for a visit to the latter's big ranch in Wyoming, where they expect to have a season of recreation and outdoor sport.

Profitable Patients. The most wonderful and marvelous success in cases where persons are sick or wasting away from a condition of miserableness, that no one knows what ails them, (profitable patients for doctors,) is obtained by the use of Hop Bitters. They begin to cure from the first dose and keep it up until perfect health and strength is restored. Whoever is afflicted in this way need not suffer, when they can get Hop Bitters.—[Cincinnati Star.]

WHAT'S YOUR NUMBER? Find Out and Tack it on Your House or Store.

Some time ago the council passed an ordinance requiring the numbering of all buildings in the city, and providing that the city engineer shall notify the owner, occupant or agent of each house, the number of that house, and that after ten days notice any one failing to place the number on the house as directed, shall be liable to a fine of \$5, and the city shall place the number in position. This ordinance has been allowed to rest dormant, except that the city engineer sometimes gave the notice of the numbers. Three months have gone by, and many would have forgotten that there was such an ordinance had not THE BEE recently called attention to it, cited portions of it and pointed out the advantages which would come from its enforcement.

At the recent meeting of the council a resolution was passed instructing the city marshal to enforce this ordinance, and he has started out to do so. The citizens shall not require anything more than to have their attention called to the matter to secure their speedy co-operation in having the improvement carried into practical effect, but if anything beyond this is necessary, then the authorities propose to use it to force compliance promptly.

One of the great reasons why this should be attended to at once, is that on the first of July it is expected that a free delivery of mail by carriers will begin, and this cannot be successfully worked unless this numbering is promptly and carefully attended to.

FRENCH PERFUMERY AT BLISS'. FIXING THE SIDEWALKS. The Edict Goes Forth That Citizen's Feet Shall Have a Show.

There are a large number of sidewalks in the city which need repairing, and many are beyond the reach of repairs, and need to be replaced with new ones. At the last meeting of the council the marshal was instructed to notify property owners on Avenue C, between Ninth and Tenth streets to put their sidewalks in good condition, either by building new ones or repairing old ones. The same order was issued in regard to the east side of Benton street, between Harmony and Green streets, also in regard to both sides of Fifth avenue to the Northwestern railway track.

The council has decided that when these notices are not complied with that sidewalks shall be built by the city in conformity with law, and at the cost of property owners. In case of such failure the city will therefore raise the sidewalk to permanent grade, and lay brick walks, and the whole expense will be charged up against the property. In view of this it is economy for a person to heed the notice given.

Joseph Durrinlunger, Broadway, Buffalo, was induced by his brother to try THOMAS' ELECTRIC OIL for a sprained ankle, and with half a dozen applications he was enabled to walk round again all right.

CAPTURING A CONVENTION. How in Their Haste the Anderson Men Forgot to Ballot for Delegates.

Correspondence of The Bee. GLENWOOD, Iowa, June 8.—The republican convention was held here to-day for the purpose of electing delegates to the congressional and state conventions. The actions of the convention were prearranged, but required desperate generalship under the guise of awkward blundering, to carry out successfully and without discord the preconcerted schemes of the grooms of A. R. Anderson and their

allies, the friends of his "to be" successor on the railroad commission. The convention adjourned without really electing delegates to either convention, as the following record of the action had will show.

After an organization had been loosely formed and Hon. L. W. Tubbs, of Emerson, chosen chairman, a motion was made to appoint a committee of five to report names to be balloted for as delegates to the congressional and state conventions. An objection was raised by an honest farmer, who protested against this pernicious system of forcing upon a convention delegates named by a few fine manipulators, as he knew from past experience that this little game, while it hardly ever failed in its purposes, was not at all satisfactory to many republicans, particularly farmers, who were not versed in the business of political wire-pulling. A number of like protests were entered and a motion made to amend by having the convention in a body make the nominations. This amendment was put, and the speaker appealed to the faithful and trained politicians, warning their brethren of less experience against the danger of the republican party of this county at this critical time abandoning a time honored precedent of the party, the amendment was put and lost, then the original motion was put. The "aye" vote was heard, and the chair proceeded to appoint the committee, but was interrupted by a delegate who insisted on having a negative vote. The chair suggested that he did not think it was any difference as the convention was all one-sided any way, and went on with his appointments. In due time the committee reported the names to be balloted on as delegates and on motion the report of the committee was received, this vote being had in the same manner as the other, the nays not being called for by the chair. A delegate, however, insisted that he would not submit to this mode of doing business, and the chair called out all opposed to the motion say no, to which a number responded by voting no. The chair ruled that the report of the committee was by the vote accepted. Now comes Hon. William Hale with a resolution instructing the delegates elected by this convention to vote and use all honorable means to nominate A. R. Anderson for member of congress from this district, and moved that said resolution be adopted. The motion was put on the part of the affirmative, and before the chair had time to call for the putting of the negative he was headed off by a member hallowing: "No," "No," "No," and calling for a division of the house. The chair then called for all who favored the motion to rise, stand, and be counted, they did so, some voting for, and some against the motion, and others refusing to vote, having already become disgusted with the unblushing "bossism" exhibited. A motion was now made to adjourn, which motion carried, it was now suggested to the chair that the convention had no yeas balloted on delegates to which he responded: "Oh, its no difference; its understood; its all the same."

The facts of the matter are, the convention adjourned without having balloted for a single delegate to either convention. A. R. Anderson and his henchmen may control sufficient of the conventions in this district in this way to get the nomination, but when we come to cast our ballots each man for himself and without any bosses to handle us we may make things count to his and the bosses' sorrow. Things sometimes get too thick to be palatable. Yours, "FAIR PLAY."
