LOCAL BRIEVITIES.

Twenty Swedish settlers arrived yesterday for Oakland. Frank Bandle has been elected captain of the U. P. nine. Haverly's Consolidated Mastodons at the opera house to-night. Joel T. Griffin has returned from Colorado with 1,200 mountain fir trees, which he proposes to plant on his farm. A runaway occurred on Harney and Fourteenth streets Saturday night, caused by a small boy frightening a farmer's team. A wedding of a private nature, as dame rumor has it, will soon take place on upper Farnam street, not many blocks from Fifteenth street. A lively fight occurred last evening about six o'clock in a saloon on Farnam street. No damage was done further than some smashing of glass. The new Union Pacific road to the North Loup is now covered all along the line with teams and men, and will be completed in a few days. Omaha and Lincoln were connected by telephone yesterday with great success. A circuit taking in all the leading Nebraska cities will soon be established. This is the last year in which the state fair is bound to be held in Omaha. The board of trade will to-night consider the proposition for a five years' extension. Deputy Sheriff Horsford, of Cheyenne, arrived in the city last night, and left for home yesterday with a prisoner accused of obtaining \$250 in cash under false pretenses. "Help yourself" was the inscription placed on a cooler outside of Schank & Frisco's store Saturday. This is as good as a drinking fountain, and they are stealing the laurels of the Hoffman society. The monthly meeting of the board takes place on Monday, the 12th, at 8 p. m. Business of importance is on the table, especially with regard to our fair grounds. It is requested that all members be present. H. G. Clark, president. Theo. Gibson, secretary. There is a dangerous hole, large enough for a horse to step through, on the bridge at the foot of the hill on the road leading to Prospect Hill cemetery, and another dangerous hole and washout on Ninth street, between Farnam and Harney streets. Mrs. Eliza Poteet, an aged colored woman was buried at Prospect Hill yesterday, the funeral taking place from the A. M. E. church, at 3 p. m. The deceased was a philanthropist in her humble way, and having no children of her own had raised a large number of other people's children. A cricket club was organized in this city last evening. Dr. Laney was elected president; J. Boshwell, secretary; and W. J. Whitehouse, treasurer. A committee was appointed to purchase bats, wickets, balls, etc., and secure grounds. The initiation fee is one dollar, and can be handed to the secretary. There were two plain drunks on the menzons' bench yesterday. One paid and the other promised to do so, action being temporarily suspended. Notwithstanding the rain the match game of base ball between The Bee nine, and a picked nine of the Western Newspaper Union was played on the grounds near the nail works on Saturday last. The game was called at 4:50, and lasted through five innings, when the score stood

eleven for The Bee, and nineteen for the picked nine of the W. N. U. Another game will be played at an early day. The evidence in the star route case was concluded Friday. The new awnings just put on the Strag building give it a dressy appearance. Haverly's Consolidated Mastodons at the opera house Monday and Tuesday nights. The examination at St. Catherine's Academy in this city will begin on Thursday next, at which time the prize medals, including that offered by Hon. John Rush, will be awarded. The jury in the case of Droste vs. The Omaha Post printing company yesterday returned a verdict for the plaintiff of \$1,200, with 10 per cent interest from July 30th, 1879, making in all \$1,543.33. Mr. Will Redick may well feel proud of the result of his first case, notwithstanding he had the assistance of his talented brother Charley. One of the happiest men in town now is H. E. White, of the U. P. shops, and the cause of his rejoicing is the arrival at his house of a ten-pound baby girl on Thursday last. He is receiving the congratulations of all the boys, and the neighborhood of Thirtieth and California enjoys his raptures over the little one, which, together with its mother, is doing well. During the thunder storm and rain Friday about midnight, a party who might well come under Judge Benke's jurisdiction, as having "no visible means of support," arrived at the residence of Mr. G. W. Hyde, the ex-policeman, on Fourteenth and Harney streets. Hyde did not put him out, however, but will keep him in custody until he shall be demanded by the great judge of all things. It was a bounding boy, weight twelve pounds. All doing well. The Missouri Pacific band of Springfield, Sarpy county, which has been recently organized in that growing town, will celebrate the Fourth of July with a picnic. Springfield, since the opening of the Missouri Pacific, lays claim to being the liveliest new town on the line of the road, and the coming anniversary will be celebrated by its citizens in fine style. Dancing, music and speaking will be the order of the day, and nothing will be left undone to make the occasion a pleasant one to all who participate. The entertainment committee of the Young Men's Christian association, considering the lateness of the season, the inclemency and uncertainty of the weather, and circumstances over which they had no control, have concluded to postpone the concert and plantation melodies and war songs until early in the fall. The committee desires to thank all of those who had so kindly tendered their services for the occasion, and hope for their assistance when the proper time comes. It was stated some time ago through the columns of THE BEE that the old cathedral building, which stood on the corner of Eighteenth and Capitol avenue, would be removed to a suitable location and repaired for the use of the colored congregation of the old Trinity mission. The building has been located near the southeast corner of Nineteenth and Cum-ling streets, and has been subjected to a thorough course of repairs and will hereafter be known as St. Philip's chapel. The officers of the chapel have just purchased from the firm of Max Meyers Bros. one of their handiest organs and as is their custom they did the handsome thing. The first services was held yesterday at the usual hours. Joseph Durringer, Broadway, Buffalo, was induced by his brother to try THOMAS' ELECTRIC OIL for a sprained ankle, and with half a dozen applications he was enabled to walk round again all right. THE MURDERED MAN. The Inquest Saturday in the Case of S. D. Styles. When THE BEE reporter left the bedside of S. D. Styles, the man who was wounded in the shooting affray at the transfer depot Friday, Dr. Bigger and Macrae were uncertain as to the question of the danger to be apprehended from the wound received. After lingering through the night the victim died about 8 o'clock Saturday morning. Coroner Jacobs was notified and went down to the residence during the forenoon, and made arrangements to hold an inquest at 4 p. m. Dr. Bigger was engaged to hold a post mortem examination at 2 o'clock, the inquest being postponed until the late hour named on account of the impossibility of securing the attendance of

the witnesses from the other side until that time. So far as can be explained at present, it may be said as to the nature of the wound which caused the fatal result, that the bullet entered the right part of what is termed the lumbar muscles. It had lodged under the skin at a point directly opposite the left side, and it is as supposed that the bullet had taken its course between the muscles of the abdomen until its force was spent, and it lodged as is indicated. The result, however, would go to show that this was not the case, and that it must have passed through the walls of the abdomen and out on the opposite side. Mr. Styles has been married twice, his first wife being a sister to Mrs. Captain Marsh. By his first wife he had two children, the young man alluded to Saturday a daughter who is married and now resides in Boston. He married his second wife, who is the sister of Mrs. William Umpherson, on the 4th of last month. Tao Nonpareil of Saturday publishes an account which undoubtedly the statement of Van Mason, and from which the reports appear to be in entire conflict with that published above, which is the statement of three or four witnesses each taken separately and from present appearances would seem to be the correct history of the deed. The Council Bluffs reporter of THE BEE sends us by telephone the following report of the proceedings over there Saturday, from which it will be seen that Van Mason has been discharged. Without knowing what course the authorities will take it seems probable that he will be re-arrested, now that Styles has died, and he may yet have a serious time in getting out of this trouble. The witnesses were examined Saturday by Judge Aylesworth and Van Mason was unable to be present, his injuries confining him to bed. T. D. Brown, of Oakland, Cal.; J. A. Brown, of Mount Vernon, Ia.; W. B. Carpenter, of Marion, Ia.; John Norman, the special policeman at the transfer, and Wm. Dale, of Palmyra, Mo., were sworn. The evidence showed that Styles had kicked Van Mason out of the Emigrant house, and was still thumping him, when Van Mason turned and knocked Styles down with his fist. Van Mason started toward the depot and Styles getting the poker followed; then Van Mason tried to get away, but Styles overtaking him raised the poker and as he struck Van Mason the latter shot. Both clinched and the second shot was fired and they fell together. Mr. Slott, attorney for the state, moved that the defendant be discharged, and the court so decided, remarking that from the evidence the shooting appeared justifiable. THE EXTENT OF VAN MASON'S INJURIES. He is out upon the left side of his head about two and a half or three inches in length, and clear through the skull, however, there is no fracture of the skull, there is another slight wound upon the left thigh. He is now confined in the Pacific house and under medical treatment. THE CORONER'S INQUEST. The inquest in the case of the late S. D. Styles, who was shot by an emigrant at the U. P. Transfer depot Friday night, was held at 4 p. m., Saturday, at the late residence on Sixth between Division and Walnut streets, the jury including O. F. Clark, M. C. Markel, W. Hempstead, J. D. Her, M. H. Parrish and Ira P. Higby. The witnesses were Thomas Swobe, James Pickard, A. E. Keller, T. J. Lowery, Dr. D. P. Bigger and Dr. Macrae. The testimony was in accordance with the facts as published in THE BEE of Saturday. Dr. Bigger testified that he held a post mortem examination; that the wound was made by a 22-caliber ball; that it struck the left side, passed in two inches above the crest of the ilium, and three inches back of it, wounding the mesenteric arteries, and the right lobe of the liver, and passing through two or three of the smaller intestines; and that death resulted from hemorrhage of the arteries. Dr. Macrae's testimony was substantially the same. The verdict of the jury was that the deceased came to his death on June 10th by a pistol shot fired by Charles Van Mason, on June 9th, at the Union Pacific transfer, in Iowa. THE FUNERAL. Of Mr. S. D. Styles will take place today at 2 p. m., from his residence on Fifth street, between Division and Walnut. Children's high out Slippers 50c, at Fullriede's.

TEUTONIC TURNERS.

The Turner Delegation Receive a Brilliant Reception at Metz Hall. They Visit the German Theatre in a Body and Have a Lively Time. Yesterday the Missouri Valley Turnbeks, or Turner association, celebrated their third annual festival in this city in Metz hall and the summer garden. The beautiful weather drew quite a respectable audience, and the performance in the summer garden was graced by the presence of a number of the fair sex. There were present large delegations from Atchison, Kansas City, St. Joseph, Leavenworth, Lawrence, Marysville and Council Bluffs, and about thirty of our own turners. The Council Bluffs delegation numbered sixteen members, led by their accomplished chief, Mr. W. Reinhardt. Mr. Guenther, the leader of the St. Joseph turners was also present. After they had been cordially welcomed by Prof. Paul Witte, the leader of the Omaha Turners, they proceeded to business. The exercises in the summer garden were enlivened with some capital instrumental music, executed by Prof. Steinhilber's well known orchestra. The reporter has had the good luck to witness a great many exhibitions of this character, but he has never in his life seen any finer amateur performances than that executed yesterday. Some of the feats were perfectly paralyzing, and demonstrated very clearly that these lovers of athletic sports were thoroughly well trained. In the evening the various delegations visited THE GERMAN THEATRE where they were regaled with a very fine representation of "Die Pfarrer-kochin," or "The Priest's Cook." This is a very pleasing musical melange, and was played here for the first time. The fascinating Miss Ahl-Puls sustained the character of Gustl, the cook in a very taking manner, and Mr. Ed. Schmitz personated Father Kilian in a way that drew enthusiastic applause, and he was repeatedly encored. Mr. Molchin in the uniform of a Hussar officer looked every inch a soldier, and he was very well received. Miss Thiessen, who was gotten up regardless of expense had assigned her the role of Flora Weissbach, which she managed very effectively, and Miss Buschmann as Frau Von Stein was a great success. Mr. Lindemann made an excellent pedagogue, and Otto Puls an equally good military servant. The play was interspersed with some very lively songs, and the duets between Miss Ahl-Puls and Mr. Ed. Schmitz were especially good, and they were vociferously applauded. The Turner delegations expressed themselves as being highly delighted with their reception, and were much pleased with the thriving appearance of our city. Baby's Appeal. "What makes it y and folk say I'm naughty? Can't stomach a f, e, and sour is my in du; I can't, too, eat's sleep, and worms bite as I lily; 'Fery' many, feel like I was jely. Guess yur labors cry, Diec and Victoria, I'vee mamma's good, and don't h'v'e Castoria. 'Fery' right, the y' fairly yell; 'Thee, Oh, do, y' Cousin Frank have CASTORIA, 'e don't cry."

RAILWAY NEWS.

Probable Settlement of the Union Pacific and Burlington Difficultly. News from Various Sources Concerning Travel and Traffic. The enterprising managers of the "Great Burlington Route" have finally made satisfactory arrangements whereby they will be enabled to do their passenger business in Denver at the Union depot. Commencing July 1st through passenger trains will run between Denver, Omaha and Chicago, without the great annoyance caused by changing cars. Round trip tickets will be placed on Friday July 15th until September 25th from Missouri points to Denver, Colorado Springs and Pueblo, good to return October 31st. The rates by this route will be as cheap as by any other in the union, and a daily train will be run, which will give the local travel facilities which they have never enjoyed before. BURLINGTON AND UNION PACIFIC. The Chicago Times of Friday says: Mr. T. J. Potter, General Manager of the Chicago, Burlington & Quincy railroad, is still in Denver. It is understood that he is holding a conference with the officers of the Union Pacific with a view of bringing about a satisfactory traffic arrangement on business west of the Missouri river. The prospects for an amicable settlement of the Colorado traffic difficulties arising from the completion of Burlington's Denver line have much improved during the last few days, and it is now predicted that everything will be satisfactorily settled between the Burlington and Union Pacific roads before many days have passed. Neither the Burlington nor the Union Pacific desires any war at present, and both will make concessions to avoid a serious conflict. If the roads west of the Missouri river settle their difficulties, there will probably be no great trouble in reorganizing the Colorado pool between the roads east of the Missouri river. CONVENTION NOTES. Arrangements are being made for a convention of the druggists of the state to be held in Lincoln June 21. The Union Pacific have offered to return members at one-fourth rate, and the same favor will probably be secured from the B. & M. The board of trade rooms have been secured for the occasion, and the Lincoln druggists will do everything in their power to render the convention successful and agreeable to all who attend. The project of forming a state association of druggists is a very laudable one and should be warmly seconded by the men of the profession throughout the state. NEBRASKA REDUCTIONS. The Union Pacific railway announces the following reduced freight rates from Chicago to Beatrice, Neb: First class, \$1.30; second class, \$1.10; third class, 85 cents; fourth class, 65 cents; special class, 60 cents; salt, cement and plaster, \$1.05; class A, 63 cents; class B, 48 cents; class C, 38 cents; lumber, lath or shingles, 32 cents. A RAILROAD CONFERENCE. The general passenger agents of the Atchison, Topeka & Santa Fe and Union Pacific roads held a conference at Chicago Saturday, with similar officers from the Northwestern, Rock Island, Burlington and Alton. It is rumored that the Chicago lines will be asked to consent to a division of the through passenger fare to Chicago on a basis of five dollars between Chicago and Kansas City. The division is now made on an assumed tariff rate of \$14.80. Both Lydia E. Pinkham's Vegetable Compound and Blood Purifier are prepared at 233 and 235 Western avenue, Lynn, Mass. Price of either, \$1. Six bottles for \$5. Sent by mail in the form of pills, or of lozenges, on receipt of price, \$1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Through your excellent medium, THE BEE, we would respectfully inform the public that the grocers' convention last week was called, not to
