LOG-LINE VENTURES.

The sidewalk at the corner of Sixteenth and Main is in execrable condition and should be looked after.

Another home is made happy in north Omaha, that of Mr. W. J. Cuddy, of the Bee editorial corps. A girl arrived at a late hour Sunday. Many happy returns, Mr. Cuddy.

It is reported on good authority that our well-known and highly respected citizen, Mr. Edward M. Usher, is engaged to the charming and fascinating actress, Miss Marie Grossmann.

Four car loads of happy juveniles left the Omaha depot yesterday for Hanson park, over the street railway extension. They had a splendid day for their picnic.

There will be a regular meeting of St. George's society in Knights of Honor hall, 1314 D street, Tuesday evening, June 20th. All members are requested to be present as business of importance will come before the society.

All members in good standing of American Legion of Honor are invited to be present at the meeting of Duke council, at their hall, over Kennard & Forsythe's, on Friday evening, 23d inst., at 8 o'clock sharp.

The criminal docket will not be taken up in the district court until Wednesday.

The sufficing smoke from the smoldering fire in the office deposited at the dump is a disgusting nuisance. It should be abated.

On Saturday afternoon last, Master Jesse Hilda got up a very pleasant entertainment for some of his friends in Hanson park. The guests had a good time and kept it up till quite a late hour. The affair was given up to celebrate Master Richard's tenth birthday.

A. B. Hunt, one of Max Meyer & Co.'s gentlemen employes has just purchased a wild pony. It is a fine, spirited little animal, and Mr. Hunt has a lively task in training him.

It is stated by the attorney who has prosecuted the cases on behalf of the complaining witness for the obstruction of 12th street by the Braeh building that damage suits for \$3,000 each will be commenced at once by Messrs. Sana Beatty and Beens-tein. The former is the proprietor of a saloon and the latter of a store on the west side of 12th just north of the bank, both of which it is claimed are cut off from local travel.

In the police court yesterday, one individual paid a fine for disturbing the peace. Seven tramps were on the anxious seat and their cases disposed of as follows: One continued; one sent up for fifteen days at hard labor; one ten days on bread and water, and three discharged. Two drunks were caged during the forenoon. The case of Paul Detrickson, for assault and battery was set for yesterday, and that of Isaac Brown for disturbing the peace was to be heard at 2 o'clock.

By telegraph it is learned that the track of the Council Bluffs division of the Chicago, Milwaukee and St. Paul entered Manning Tuesday at noon. Two miles a day are being laid from the east, and on the west, and in about ten days the new trunk line across Iowa will be completed. The road is rapidly being put in first-class condition, and the ballasting will be mostly finished by the 1st of August. Grading will be commenced on the Des Moines line to Sioux City in a short time.

Charles Withnell was over in Iowa the other day and he came back with a fine story about the adventures of J. D. Morris, editor of the Gazette, of Pacific Junction. Morris is a hoosier by birth, and in childhood's sunny hours he caught a land turtle on his father's farm, and with a jack-knife carved his name and the date of finding on the shell and turned the critter loose. This was in 1814, and a few days ago Mr. Morris, who had some time gone west and become an editor, received the turtle by express. He examined the shell and recognized his carving, having made an inverted "S." The turtle is now installed as a regular member of the editorial corps.

WORLD not be with at Redding's Russia Salve, is the verdict of all who use it. Price 25c.

Challenge Accepted. OMAHA, June 19, 1882. To the Editor of The Bee: I hereby accept the challenge of Mr. J. M. Woods, published in THE BEE of the 16th inst., to shoot a match at 25 yard range, ground traps, 30 yards rise, use both barrels, \$50 a side, and will be in Ocala on the 28th inst. to shoot said match.

Respectfully Yours, FRANK S. PALMARE.

G. M. GIBSON and the Brunswick and Balke billiard table company send no agents, repairers or peddlers out through the state, and any one who travels with such pretensions is a fraud, and persons will not let him alone. Any parties wishing anything done in the line should send direct to Brunswick and Balke Co., 509 South Tenth street, or to J. Hochstrasser agent, Satisfaction guaranteed. my22-1m.

WANTED—A brick moulder; good wages. Apply to Andrew Bothwell, Fremont, Neb.

BOARD OF TRADE.

The Retention of the State Fair Discussed at Length.

The Montana Excursion Considered and Acted Upon.

The Board of Trade met at their room in Lytle block last evening, pursuant to adjournment. The attendance was not large, but was composed of representative men and a very enthusiastic meeting was had.

President Clark called the board to order at 8:30 o'clock and on motion the reading of the minutes of the preceding meeting was dispensed with. The communication from President Sands, of the Helena Board of Trade, was read and temporary lay on the table.

Thomas bill No. 6355, concerning the construction of a wagon bridge between Omaha and Council Bluffs, was read and a copy of the Congressional Record containing the memorial in relation to protecting the Omaha river front, but no action was taken on either, it being left to Senators Saunders to see the bills through in good shape.

The object of the meeting was then stated by President Clark to be to consider the matter of the expenditure of an additional \$5,000 on the Omaha driving park, and second, the preliminaries of the Montana excursion. It was stated that for a comparatively small outlay the State Fair could be retained at this point for five years longer, and Mr. Clark called on Mr. D. T. Mount, who was present to state the case to the board.

Mr. Mount then said that Capt. Marsh would extend the street railway line to the driving park for \$350; the Omaha water company will extend its mains to the grounds for \$1,700; the pipe through the grounds will cost perhaps \$500 more, and \$2,500 will be needed to rebuild the structures blown down and add a couple of new buildings. The sum needed in all is about \$5,000. He said that no other city in Nebraska could compete with Omaha in the advantages offered without an outlay of about \$15,000, and only Lincoln could do it at that expense.

President Clark said it was purely a business investment, and that if the state fair was retained in Omaha for five years longer it would stay for all time. If the managers removed it at the end of that time a district fair could be inaugurated which would be equally good.

A long discussion ensued on the question of allowing Capt. Marsh and the Omaha Water Co. the bonus asked, a majority opposing the former and favoring the latter, and the question was partially settled by the adoption of a resolution offered by Mr. Gibson that the income from the large influx of visitors to the state fair was sufficient remuneration to Capt. Marsh for extending his line.

Mr. Gibson moved that a committee of five be appointed to confer with the board of managers of the state board of agriculture, and their representatives here, and set on foot a movement for raising a fund to repair the buildings and introduce the water works system to the Driving Park grounds, the committee to report at the next meeting. Adopted. Messrs. Gibson, Wakefield, Goodman, Cooper and Evans were appointed.

The subject of the Montana excursion was next taken up, and it was stated that no proposition had as yet been made by Superintendent Bennett, of the Pullman Pacific Car company. It was determined to try and secure a special rate from the eating houses along the line.

Max Meyer moved that the secretary be instructed to send a postal card to each of the members of the board, notifying them that the list of those intending to go on the excursion should be kept open until Monday next and then closed. Adopted.

Mr. Clark moved that each of the daily papers be invited to send a representative along to write up the excursion and that General Manager Kimball be requested to extend the courtesy of the trip to them free of charge. Adopted.

Mr. C. F. Goodham moved that the president and secretary act as a committee of general arrangements for the trip. Adopted.

President Clark called the attention of the members to a new specimen of paving stone which was left with the secretary, and which could be laid at \$2.25 per yard.

The meeting then adjourned to meet on Monday evening next at 8 o'clock. Messrs. M. M. Marshall, Thomas Swift and Albert Sant were elected members of the board by the executive committee.

MUSIC AND DRAMA.

The Musical Union Orchestra—Charlotte Thompson.

Omaha has during the season now about to close enjoyed the possession of the best orchestra ever organized in any of our western towns, and one of which our citizens have been proud when it played in the presence of musical artists who could appreciate their skill and compare it with that of the musical organizations in other cities. On numerous occasions when a star of the first magnitude was to appear at Boyd's opera house, it was only necessary to induce the Musical Union orchestra to prepare a special program and announce that the musical party would play to fill the house. In fact this orchestra has started it all season and well deserved to, as all who have listened to their delicious music at the opera house and elsewhere will admit.

The latest recognition of their triumph in musical matters is that they have been engaged to furnish the music for the next annual Seegerfest to be held at St. Joe. To Mr. Julius Meyer, manager of the orchestra, is due the credit for uniting and holding together so large a band of musical artists as this which now numbers twenty-six pieces. The concert calls for an orchestra of thirty pieces, and it will be seen that this quota will easily be filled and perhaps exceeded.

SPORTING MATTERS.

Shooting Tournament at Ocala Next Week.

Several members of the Omaha Sportsman's club and Omaha Workingmen's Sportsman's club will go to Ocala to participate in the Central Nebraska, First Annual Pigeon, Glass Ball and Clay Pigeon tournament, to be held at the fair grounds at that place June 27th, 28th and 29th, under the management of J. THE GLORIOUS FOURTH. Preparations for a Big Celebration at Louisville.

The citizens of Louisville, a thriving and widely known little city on the Missouri Pacific, propose to hold a grand celebration on independence day. The president of the day will be Capt. R. B. Howell, who will be assisted by vice presidents from each precinct in the county. S. A. Milgrim will act as marshal of the day. There will be the usual sack, greased pig and wheelbarrow races; the ragamuffin will be gotten up regardless of expense, and the whole business will be crowned with a grand pyrotechnic display, which will surpass anything ever seen in these parts. The grounds where the exercises will take place are located on a half-mile side overlooking the city, and affording a fine view of the classic Platte as she rolls down to the Omaha parties who desire a pleasant trip out of town can do no better than to go down to Louisville via the Missouri Pacific or the Burlington & Missouri on the Fourth, as everybody is invited. There will be a dancing platform on the grounds, and a grand ball will be given at Osenkop & Breckenfield's hall in the evening.

PERSONAL.

They will commence on August 1st and will occupy the building now in the occupancy of McMahon, Albert & Co. They will trade extensively in teas, spices, cigars and baking powder.

A BIG GUN. George Q. Cannon, the Mormon Marston, Homeward Bound. Among the passengers on the west-bound U. P. train yesterday was Mr. George Q. Cannon, the recently deposed delegate from Utah to the national house of representatives. Mr. Cannon is disgruntled with the result of his season's sailing, and his face was a trifle less smiling than it was wont to be. He is going to Zion to remain for the summer, unless the session should be prolonged to August, but he thinks congress will adjourn between the 1st and 15th of July.

In regard to the Utah Commission, Mr. Cannon said that he had seen the list of appointments, but knew very little of any of them except Messrs. Paddock and Ramsey. The rest were men of no particular reputation and their action could not be surmised. The ex-delegate also mentioned the subject of the move on the part of his territory for admission as a state, and said even if the request was refused, it indicated that the people were alive to their rights.

WOMAN'S WOES. How Women are to be Emancipated From Serfdom to Despot Man. A call for a meeting of friends of woman suffrage was extensively advertised yesterday with the following names as an attraction: Hon. E. M. Correll, president of the N. W. S. A.; Mrs. Belle G. Bigelow, secretary of the N. W. S. A.; Miss Rachel T. Foster, of Philadelphia, and W. M. Wooster of Michigan.

A Bee reporter attended the meeting held at the Unitarian chapel and after jamming his way through the line of empty benches he discovered by actual count thirty-two persons of both sexes earnestly engaged in discussing the campaign plan which is to carry the woman suffrage amendment in Nebraska. Rev. W. E. Copeland presided and a woman's suffrage association was organized on the spot and the following named officers chosen: President, Rev. W. E. Copeland; vice-president, Mrs. E. Carlton; secretary, Maud Edholm.
