LINCOLN, Neb., June 22.—The meeting of the anti-monopolists of the state for the purpose of organizing a state league, completed its labors this noon, after a thoroughly successful session.

The convention was called to order yesterday at 3 o'clock. About one hundred and fifty anti-monopolists appeared in answer to the call.

DELEGATIONS were present from the following counties: Adams, Boone, Buffalo, Butler, Cass, Clay, Colfax, Dodge, Douglas, Fillmore, Franklin, Gage, Hamilton, Harlan, Jefferson, Johnson, Kearney, Lancaster, Merrick, Nemaha, Nuckolls, Otoe, Pawnee, Platte, Polk, Richardson, Saline, Saunders, Seward, Thayer and York.

No time was lost in effecting a temporary organization, Dr. Brazton, of Fillmore county, being chosen temporary chairman and Charles Madley, of Adams county, secretary.

The chairman appointed a committee of five on credentials as follows: J. W. Anderson, Polk county; S. S. Reynolds, Butler county; John L. Cook, Franklin county; Dr. Brooks, Johnson county; and J. W. Etter, Fillmore county.

Each discussion ensued over the question of admitting those in attendance who had no credentials, and it was finally decided that other persons to the number of five from each county, might be admitted to the deliberations of the meeting.

Pending the work of the committee on credentials loud calls for Mr. Rosewater were made. In response to the urgent invitations Mr. Rosewater took the platform and delivered a short stirring speech.

Further addresses were made by Messrs. Birkhauser and Root, and a song was given in acceptable shape by Mr. Floyd, of Hamilton county.

PERMANENT ORGANIZATION. A committee of four, consisting of Messrs. Osterhout, Gale, Shannon, Buckley and Bittenbender, was appointed on permanent organization.

The committee reported the names of the following gentlemen for president and secretary: H. C. Osterhout, of Merrick; president; C. H. Madley, secretary.

The following were appointed a committee on resolutions: Edward Walsh, of Douglas; Colonel Philpot, of Lincoln; A. S. Woltenbarger, of Butler; Thomas Kirtley, of Franklin; Thomas Graham, of Seward; John Bryan, of Saunders; W. L. Osmer, of Gage; Edward Rosewater, of Douglas; P. W. Birkhauser, of Richardson; Johnson Buckley, of York; M. A. Dougherty, of Saline; J. M. Dressler, of Merrick; R. C. Morrow, of Pawnee, and G. T. Hutchinson, of Adams.

ART. 5. There shall be an executive committee consisting of nine members, three from each congressional district, who shall be elected by the state league, and whose duty it shall be to manage the affairs of the league, subject to its constitution. They shall investigate and report on the merits of all proposed nominees for state officers and members of congress, which report shall be communicated by the secretary to the local leagues.

ART. 6. County leagues may be formed by duly attested delegates from local leagues, who at each meeting elect a president and secretary from their number. Delegates from these leagues may form a county league, and the first meeting for that purpose may be called by the president and secretary of any local league.

ART. 10. This constitution may be amended, but only by a three-fourths vote of the members present, at any stated meeting of the league.

PACE'S PLAN. The convention resumed its labors at 8 a. m., Thursday. Mr. Pace, of Lancaster, offered a resolution, directing the officers of the Anti-Monopoly League to call a convention at an early day, for the purpose of nominating a state ticket. Mr. Pace urged his resolution with great warmth, but after a protracted debate action on the resolution was deferred until after the committee on resolution submitted its report. At 10 a. m. this committee returned, and Mr. Edward Walsh, on behalf of the committee, presented the following report:

DECLARATION OF PRINCIPLES. PREAMBLE The Anti-Monopoly League of Nebraska make the following declaration of principles:

We are in great concern the consolidation of the great railway lines of the country under the control of a few men who exercise despotic powers, impose oppressive burdens upon us, and have in a measure subverted our republican system of government.

Resolved, That railways and public highways and common carriers deriving their existence from the state and therefore subject to regulation and control by the state.

Resolved, That the provision of our state constitution requiring the taxation of the property of corporations and their franchises shall be rigidly enforced by suitable laws.

Resolved, That railroad corporations shall be assessed and taxed in the same manner as the property of individual and private corporations.

Resolved, That we demand the taxation of all public lands donated to railroads, and we oppose the further grant of public lands to any corporation for whatsoever purpose.

Resolved, That we demand the enactment of a law that will make the tender of a railroad pass or free transportation to any public officer a bribe punishable in the same manner as the tender of money or other articles of value.

Resolved, That we favor the enactment of laws that will punish fraud, bribery or intimidation of voters at primary elections and political conventions in the same manner that is now provided by law for similar offenses at general elections.

Resolved, That we favor a thorough and speedy revision of the tariff.

Resolved, That we condemn the employment of convict labor outside of the prison walls in competition with the honest voluntary labor.

when everybody was anxious to get to the trains.

Consideration of the subject was indefinitely postponed.

Mr. H. C. Osterhout was by acclamation chosen president of the league, and Messrs. William Blakeley, J. A. Sheridan and J. M. Dressler vice presidents, from the three congressional districts. Mr. H. C. Bittenbender was made secretary, and Mr. Thompson Bissell treasurer.

An executive committee of nine was also elected by the delegations from the different districts.

At 11:30 a. m. the State Anti-Monopoly league adjourned sine die.

NATIONAL ASSOCIATED PRESS. THE PATENT OFFICE. WASHINGTON, June 22.—The house committee on patents have agreed upon a bill reorganizing the patent office, increasing the commissioner's salary from \$4,500 to \$8,000, subordinates 15 to 50 per cent, and creating the office of deputy principal examiners (twenty-six of them), at \$2,100 each per year.

GUITEAU'S CASE BEFORE THE PRESIDENT. Dr. Beard, of New York; Dr. Golding, superintendent of the government insane asylum; Dr. Hicks, Guiteau's spiritual adviser, and Miss Chavallier, of Boston, called at the White house to-day and had an interview with the president and requested from the president a respite for Guiteau, and asked for a commission to inquire into his sanity. They think that he will give the matter earnest consideration.

It is thought barely possible, though not probable, that President Arthur may yield to the petition presented to-day and grant a brief respite for Guiteau for the sole purpose of having his sanity pronounced by a competent board of examiners. The president is known to have expressed a wish that it might be shown that no sane American killed President Garfield, but does not think that a board would pronounce Guiteau insane and that if a respite was granted it will be merely to forever silence questioning on the subject.

THE RED CROSS AND CYCLONE SUFFERERS. WASHINGTON, June 22.—The American Association of the Red Cross will distribute to the Iowa cyclone sufferers all subscriptions sent to General Secretary Phillips, care of Morton, Bliss & Co., New York, or Secretaries Folger and Lincoln or Commissioner Loring, trustees of Red Cross.

THE WRONG BILL. The passage by the house of the wrong insurrection bill continues to be the subject of comment. Mr. Reagan and Mr. Van Voorhees each disclaim personal responsibility. The committee have not held a meeting to compare the matter, but will do so this evening.

AN ANGRY COURT. In the equity court this afternoon, Judge Haguer lost his temper and fired a bundle of papers at a lawyer's head, but afterwards apologized.

STAR ROUTE CASES. Two hours were spent in reading letters to Gen. Brady, asking an increase for certain routes. Nelson wanted them all read, on the ground that they vindicated Gen. Brady. Bliss put an opposite interpretation upon them. During the ensuing colloquy, Ingalls desired to be understood as being thoroughly disgusted with the method of the prosecution, and hoped none of them would address him.

THE TARIFF COMMISSION. R. H. Porter, the probable secretary of the tariff commission, left for Boston to-night to confer with Chairman Hayes. He has not yet received official notification of his appointment, but has asked Secretary Folger to call a meeting of the commission as soon as possible.

KELLY'S BILL. Mr. Reagan presided at the democratic caucus to-night. There were forty present. Without binding objections the caucus decided to report amendments to Kelly's bill repealing the tax on tobacco, cigars and mail factors, and if the amendments fail, to vote to recommit the bill with instructions to report a bill repealing all internal revenue taxes, except on distilled spirits and dealers therein, and in case of failure to recommit, to vote solidly against the bill.

A bill was passed granting the right of way through the Indian territory, to the Albuquerque & Inter Ocean railroad.

ator Vast yesterday, the bill passed as amended in committee of the whole by a vote of 34 to 13. The negatives were Senators Brown, Cockrell, Coke, Farley, George, Grover, Jones (Nev.), Maxey, Pugh, Vance, Voorhees, Walker and Williams.

The bankruptcy bill was made unfinished business for to-morrow. Adjourned at 5:25 p. m.

HOUSE PROCEEDINGS. The house resumed consideration of the revenue reduction bill, Mr. White (Ky.) continuing his speech. The house spent the entire day on the bill, speeches being made a request by Messrs. Pace, House, Bland and others, and in support by Mr. Godschalk. At 7:40 the house adjourned.

FOREIGN NOTES. THE CONFERENCE. CONSTANTINOPLE, June 22.—The ambassadors met to-day at the British embassy, but no conference was held, because the German and Austrian representatives had not yet received their instructions. The sultan has telegraphed Dervish Pasha, expressing satisfaction at the attitude of Arabi, and desires that Arabi Bay should proceed to Stambul before the conference takes place. It is believed Arabi Bay will not comply with the request. The sultan promises to support the authority of the khedive.

LONDON NOTES. LONDON, June 22.—The American frigate Lancaster has arrived at Malaga en route to Alexandria.

The guard ship Belle Isle has been ordered from Dublin to Suez.

Two small failures occurred to-day at the stock exchange on account of the fluctuations in the Egyptian bond market.

ENGLAND IN EGYPT. In the house of commons this evening Sir Charles Dilke, under foreign secretary, replying to a request by Mr. Chaplin, said that means had been taken to insure a supply of fresh water to protect the Suez channel. Chaplin asked what the means were. Dilke said he had no objection to informing him privately. Chaplin then attacked the government, charging that the replies of Mr. Dilke to questions respecting affairs in Egypt were provocations and suggestive of want of confidence in the power of the government to protect its interests in that quarter. If there was a chance for the navigation of the canal being interrupted the people of England wished to know it and what measures have been taken to prevent such occurrence.

At this point Gladstone rose and said the present discussion was unnecessary and suggestive of mischief, and the present moment was inopportune for the government to make known the steps it had taken to protect its interests in the new world.

THE NEW MINISTRY. LONDON, June 22.—The Russian diplomatic agent joined those of Germany, Austria and Italy in support of the new Egyptian ministry, France and England refusing.

THE FRENCH SIDE. PARIS, June 22.—In the chamber of deputies this evening M. DeFreycinte said the object of the conference would be to devise means for the maintenance of statu quo in Egypt as before the recent events and the re-establishment of the authority of the khedive and upholding internal engagements. Each power, he said, had agreed not to seek territorial or other advantage.

ALEXANDRIA, JUNE 22.—It is reported this evening that Arabi Bey has said that if England and France should intervene in the affairs of Egypt he proposes to destroy the Suez canal by means of dynamite and torpedoes, which he has already prepared, and that he will cut the railway of Cairo and retreat into the desert, after the massacre of Europeans. It is estimated that 20,000 Europeans will still remain in Egypt.

Soared Into Suicide. BULLINGTON, Ia., June 22.—Gustaf Wibech, a Swede, hung himself last night through a fence that he would be lynched for causing the death of a young lady friend. She was murdered a week ago by an unknown party.

A South Chicago Elopement. CHICAGO, June 22.—South Chicago society was surprised this morning on learning that last night Mrs. Susan Pennington, the young and handsome wife of John Pennington, eloped last night with Edward Oske, a young man she had known a few days. Pennington was asleep at the time, having been drinking hard. This is supposed to be the cause of her action. She had threatened to do the same thing if he did not reform.

THE MALLEY CASE. NEW HAVEN, Conn., June 22.—In the Malley case this afternoon the cross-examination of Dr. Harris did not materially disturb the direct testimony. Rebuttal testimony commenced at 3:15. Dr. W. Beach, acting coroner nine years ago, gave testimony disagreeing with Dr. Hawley as to the presence of scum in plenic cavities indicating that a person was drowned, contending that it was found in all post mortem examinations.

Chas. Smith testified as to his knowledge of West Haven shore; did not consider it possible for the body to float at that time and stage of the tide from Keley's wharf to the place where the body was found.

SUICIDE OF THREE YOUNGSTERS. DANVILLE, Ill., June 22.—Allie Mills, aged 14, Mary Ogile, 17, and Mary Jones, 12, deliberately and by agreement committed suicide this morning, all taking arsenic. OTTAWA, June 22.—Early this morning four prisoners broke through the county jail, Maurice Kelley, alias Thomas Garretty, and John McGeorge, of Chicago, expert safe blowers, George Trigon, up for malicious mischief, and Patrick Mulvey, of La Salle, for theft. The prisoners received outside help in the way of a steel saw and rope. They cut through two steel cages, broke through a brick wall, and then lowered themselves fifteen feet.

BLOODY TRAGEDY. WINNEPEG, Man., June 22.—Word has reached here of a bloody tragedy on Sunday last at Rat Portage. According to the verdict of the coroner's jury, Biscoley was murdered by blows from an axe in the hands of his wife. She has been arrested and will arrive here this evening by special train. She claims to have a divorced husband, Frank Hycks, in Buffalo. She bears a bad reputation, and kept a house of ill repute at one time in Toronto, just before her marriage to Biscoley.

A POOR MARKSMAN. CHICAGO, June 22.—W. Colford, a prominent timber dealer of East Saganaw, has on several occasions charged Father Vandenberg, of that city with criminal intimacy with his wife. A BUSINESS BLOCKADE.

The Freight Handlers Strike Practically Stops Traffic in New York.

The Docks and River Streets Blocked With Idle Carts and Goods.

While the Odor of Perishable Articles Fills the Air, and Butter Rans.

Business Men Bitterly Denounce the Bull-Headed Railroad Managers.

The Printers of Buffalo Pull Out For a Strike, and a Few Get There.

The Iron Strike Still Unsettled.

National Associated Press. NEW YORK, June 22.—The freight handlers' strike is spreading among the men handling freight for steamships, those of the Royal Netherland line striking this morning. On the Jersey Central railroad docks 2000 joined the strikers. The streets along the wharves are packed with freight. Perishable freight is being ruined, butter running like oil on the docks.

The strike of the freight handlers for an increase of wages from 17 to 20 cents an hour still continues and the blockade of tracks, carts and wagons waiting to ship goods to-day is greater than at any previous time since the strike began. The only companies which are receiving freight are the Pennsylvania railroad, Red Star line, New York, Lake Erie and Western, and Merchant's Dispatch. The wholesale grocers and butter and provision dealers all unite in saying that the delay in shipping goods was causing the loss of hundreds of thousands of dollars daily to merchants of this city.

They all favor the men on the strike, and said it would be wise for the roads to pay the advance asked for. If the delay continues much longer they might have a heavy bill of damages to settle for injury to goods.

PHILADELPHIA, June 22.—There is a strong probability that the New York freight handlers strike will spread here. There is much dissatisfaction among the Camden and Anabey men, who have already held a meeting. The railroads here are now paying \$11 per month while private firms pay 20 cents per hour.

PITTSBURGH, June 22.—It is not true that the men in Evergreen, Macrom & Co.'s iron works, Scott Haven, have joined the Amalgamated association. The puddlers yesterday had the iron turned back on them because it was badly made and resigned. Their places were filled at once. The mill has been running three years with non-union men.

A meeting of the iron finishers will be held July 3d for the purpose of devising means of regulating puddlers in the Amalgamated association, as they have a majority on a vote and can declare a strike. The finishers want a two-thirds vote made necessary, as the puddlers are too great a majority and leave other workers in the minority when their interests are against a strike.

BUFFALO, June 22.—The Express has granted the printers' scale, to go into effect Monday next. All the old hands are at work. The Courier still holds out, but intimates that it will take some of the men back at the scale, but not all, or allow the union to dictate. The Commercial refuses the scale, but will take back some men if they apply individually for reinstatement. There are no disturbances. All papers came out to-day. The Courier has had offers of eight first class men from Cincinnati and other cities. Boycotting cards are being distributed, but The Commercial and the Courier say they will pay no attention to them. The Evening News granted the scale as soon as asked for, and there was no strike in that office.

WILLIAMSPORT, Pa., June 22.—A strike was inaugurated among the Italian and Negro laborers on the Jersey Shore and Pine Creek railroad to-day. They demand an increase from \$1.35 to \$1.50 per day, which was granted to the negroes but not to the Italians who are still out.

ALBANY, June 22.—Three hundred Italians employed on the West Shore road, between Coxsack and New Baltimore, struck to-day for an increase of wages. Contractor Schully refused. The laborers, headed by Frank Cava, an alleged bandit, fully armed, destroyed the property and assaulted the citizens. Schully's damage is estimated at \$50,000.

Archbishop Purcell. CINCINNATI, June 22.—St. John's day will be celebrated at the Brown county convent by the friends of Archbishop Purcell, who will go in great number. The health of the archbishop is such as to permit him to take a deep interest in the celebration.

The Proper Course. BOSTON, Mass., June 22.—Gen. John M. Corse, of Indiana, was married at Winchester this afternoon to Miss Francis McNeal, Bishop Miles, of New Hampshire, officiated. The ceremony was in the English style. The couple have gone to Montreal.

"Many silly people despise the precious, not understanding it." But no one despises Kidney-Wort after having given it a trial. Those that have used it agree that it is by far the best medicine known. Its action is prompt, thorough and lasting. Don't take pills and other mercurials that poison the system, but by using Kidney-Wort restore the natural action of all the organs.
