Weather Report.

Table with columns: STATIONS, Barometer, Thermometer, Direction of Wind, Force of Wind, State of Sky, and Weather. Rows include Denver, Cheyenne, Pueblo, Omaha, Yankton, Des Moines, Davenport, St. Paul, St. Louis, St. Joseph, Keosauqua, Muskegon, and Assiniboine.

LOCAL BRIEFINGS.

A lady passenger on the west-bound train yesterday had a cage with a number of the birds filled the air and attracted a good deal of attention to the unusual sound. Among the late orders for Jarvis furnaces the Pond Engineering company of St. Louis has contracted to set a boiler for the Omaha smelting works and refining company in this city. On Friday night last the lightning killed several hogs belonging to Henry Kieck, in McArthur precinct, and also several at Ruess's. Two colts were killed by lightning in the same neighborhood. One of the mains of the Omaha water system, which passes under the Sixteenth street bridge, broke about half-past two yesterday afternoon with a terrific report, the water spouting out and dousing the bridge and everything in this vicinity. It has been repaired. The overland train from the west yesterday afternoon brought in two Pullman sleepers extra, containing Thomas Cook & Son's tourist party, who were about forty strong. They proceeded from the transfer to Chicago. Their trip west was made over the Southern Pacific. The Chicago News in speaking of the canal case against the Pennsylvania railroad company in which the plaintiff recovered fifteen thousand dollars says: "This is the case in which the attorney for the plaintiff was refused permission by the court to take off his coat while making a speech to the jury." A special coach containing quite a number of the U. P. shop men, accompanied by their ladies, was side tracked here on Monday last and had a pleasant time fishing and picnicking. They occupied Tremont hall at night and danced the evening away. Waterloo is a favorite resort for such social excursionists, and can boast of as good natural pleasure resorts as any town in the state.—Waterloo Gazette. The train which arrived from the west yesterday afternoon encountered the hall storm which passed over this city in the morning at Willow Island, two hundred and fifty miles west of here. Mail stones as large as walnut fell, pelting the tops of the cars and leaving dents in the roofing. The passengers were frightened, many of them, and rose and dressed themselves expecting to be obliged to get out of the train. No windows were broken, owing to the speed with which the train was moving, and they arrived at the end of the route without any difficulty. Wm. Patrick was arrested Friday for stealing a pocket book containing \$10 from Mary S.strom. William spent seven and a half dollars of the money for a nickel plated watch and afterwards in the generosity of his heart, sent the remaining two and a half dollars to his relatives in Indiana. Notwithstanding his generosity the judge sentenced him to 30 days at hard labor for the benefit of the county. Friday was an eventful day for the school children of district No. 4, Douglas precinct. After the usual ceremonies and the distribution of some very neat and appropriate presents by their teacher, Miss Alice Powers, they adjourned in a cyclone cloud to Sartor's grove where the children met their parents who were fully prepared for their reception. It is needless to say that they took in everything at a glance and the picnic began, and young and old both took hold. The gentlemen directors, Messrs. Beagley, Saylor and Cassidy were conspicuous and deserve credit for the manner in which they look

after the educational interests of their district. Don't fail to vote for the payment bonds Tuesday. Let us have a full vote for the payment bonds next Tuesday. A special meeting of the Ancient Order of Hibernians will be held at Knony's on Monday evening, June 26, for election of officers and such other business as may come before them. There will be no public improvements in Omaha for the present season unless the paving boards carry next Tuesday. Every tradesman in Omaha is interested in the paving question. If the bonds carry there will be work for workmen and that will put money in circulation among the merchants. Coroner Jacobs received a dispatch from H. T. Vandenberg, of Denver, the brother of the man whose body was found Friday in the Missouri, saying: "Bury the remains so they can be removed and retain papers until you hear from me." The sender is quite wealthy and will, no doubt, see that the body is properly disposed of. A clerical looking individual who carried an umbrella and fan, and had a most sedate appearance, was arrested Friday as a tramp and sent up for fifteen days at hard labor. He tried to buy out Pivonik's saloon for a check on an Iowa bank for \$1,700 and failing to succeed offered to let the check for two dollars. He claimed to have found the paper in an old pocket book. A man who gives his name as John Thresher was arrested Friday in the act of trying to open the window of Henry Ballou's store on Sixteenth street. He claimed to have come to Omaha only two days ago and to have been employed since at one of the hotels, but was unable to say which one. He was sent up for sixty days at hard labor, on general principles. All used brick layers are requested to attend the meeting Tuesday evening, as it is for the election of officers. By order of the president, J. W. Harpon, Secretary. The contract for driving the piles for the South Omaha sewer, was let Friday evening by McHugh & McIsaac, to W. Boyd, the well known bridge builder. After July 1st collars and cuffs reduced to three cents each at the City Steam Laundry, Eleventh street, between Farnham and Douglas. Annie Wallace, arrested for intoxication and disturbance of the peace, went to jail yesterday in default of \$12.55, fine and costs. Johann Snyder, the man who created the sensation on Sixth and Pacific last night was sent up for twenty days at hard labor. Sidney Smith's trial will begin on today and it looks as if he might join his man Garrigan in Lincoln. The next national encampment of the G. A. R. will be held at Denver. PERSONAL Good bye, Charley. Charley Barto left for his new home in Omaha last Wednesday on the Denver. The young people of North Platte lose one of their most congenial and pleasant boys, who by his manly and upright course has the good will of the old as well as the young people of this city.—North Platte Nebraskan. Pretty Good. John Bacon, Laporte, Ind., writes: "Your 'Spring Blossom' is all you cracked it up to be. My dyspepsia has all vanished; why don't you advertise it? What allowance will you make if I take a dozen bottles, so that I could oblige my friends occasionally?" Price, 50 cents; trial bottles, 10 cents. jell11w

HEADLIGHT CLEAMS.

The Kansas City Conference Results in Nothing Definite.

And Rumors of War Fill the Air on All Sides.

The various officials of the Union Pacific and B. & M. roads returned from Kansas City Friday, where they went to attend the conference held to fix up a new Colorado pool. No satisfactory terms were agreed upon, and the meeting adjourned without accomplishing anything. An officer of the U. P. is credited with saying that "The impression at Kansas City was that there would be a pool or a war speedily. There are too many parties in interest to make it possible to maintain peace for more than a few weeks without a pool. The Burlington should not be averse to the principle of pooling, for it now has seventy-eight pools at different points." The B. & M. folks say they will carry as cheap as anybody, and keep all they get. It is hoped that war may be declared about the time the Denver Exposition opens. THE OPENING. The Denver extension of the Burlington will soon be no longer something to look forward to, but an accomplished fact, which it is believed, except in the case of a few new trains, will be in operation July 2. A train will leave Chicago at 12:30 (noon) Saturday, arriving at Pacific Junction Sunday, July 2, on which date the new time card takes effect. This train arrives in Denver next morning in time for breakfast and to make connections with all trains into the mountains. The first train from Denver will leave that city on Sunday evening, July 2, at 7:30—after all trains from the mountains are in—and it will arrive at Pacific Junction on Monday afternoon at 2:30, in time for all eastern connections. These trains will run daily, and will have through cars to and from Omaha, which, besides giving Omaha a new line to Denver, affords a daily train into and out of the city, including Sundays, and covering all the stations on this through run in Nebraska, including Lincoln, Crete, Hastings, Red Cloud and intermediate points. All of the branch lines of the system will run daily, except Sunday, as heretofore, but there will be a general change in the time of the branch line trains at Lincoln, necessitated by the change in the time of the arrival and departure of the through Denver trains. The Chicago express, which connects with the Union Pacific at the transfer in the afternoon, will run to Pacific Junction, and there be consolidated with the east bound train, from Denver. In case the Union Pacific train from the west is delayed, the Burlington will wait for it with its Chicago express, and the Denver and Chicago train will proceed without it, going into Chicago as an independent train. The Chicago, Burlington & Quincy local trains, two each way daily, between Chicago and Omaha, will begin running July 1. The time card will probably be issued next Tuesday or Wednesday. THE IRON HORSE. The Union Pacific is putting in new side tracks at Shelton. The B. & M. will soon put on refrigerator cars to run between the Missouri river and Denver. The B. & M. has just completed a new bridge over the Platte, the Burlington takes the new one right up to the old one and are now tearing the old structure away. E. F. Highland, who is acquainted with many of our citizens, having been with the surveyors at this point, has been appointed road master for this division of the B. & M.—Arapahoe Pioneer. The surveyors of the Burlington and Missouri railroad cut-off arrived at Newark on Thursday. It is reported that another line will be run, striking the Burlington and Missouri three miles west of Jenkins. McCook is the whooping railroad town of Nebraska just now. The Burlington and Missouri are building five side tracks, and have eighty men at work in the yards. The eating-house 30x50, two stories high, with an 40 feet square is nearly finished. The freight house from Indiana, will be moved up and occupied temporarily as a depot. The surveyors having finished a very practicable line from Chester to this place, are now running a line from Hebron to

STOCK FOR SHAUGHNESSY.

A Valuable Team for the Marshal of Utah.

A special baggage car was attached to the west bound train on the U. P., yesterday, containing a load of valuable horses consigned to United States Marshal Shaughnessy, of Salt Lake City, Utah. The horses were in charge of a colored man, and consisted of a fine polo team, two magnificent stallions, Membrino Chief and Membrino Sturgis, for which team Shaughnessy paid \$7,500; also three blooded colts. The owner of these animals has made a large fortune in mines since his appointment to this position several years ago. He owns a fine house just between "Amelia Palace" and Brigham Young's fine theatre; has a splendid stable of horses, a half dozen imported carriages and landaus, and has a set of gold mounted double harness that cost a big sum. He keeps his outfit with Malloy & Paul, the former an old Omaha man, and when he attends races amuses himself between heats by matching twenty dollar gold pieces, at which he nearly broke Tom Keene on a certain occasion. A contemporary asks: "How shall we men carry their purses to frustrate the thieves? Why, carry them empty. Nothing frustrates a thief more than to snatch a woman's purse, after following her half an hour, and then find it contains nothing but a few scraps for spoiled peaches, and a faded photograph of her grandmother." J. N. YOSEMITE COLOGNE, Made from the wild flowers of the FAIR FAMED YOSEMITE VALLEY, It is the most fragrant of perfumes. Manufactured by H. B. Slaven, San Francisco. For sale in Omaha by W. J. Whitehouse and Kennard Bros., & Co. THE GRAND ARMY. Arranging to Celebrate "The Fourth" at Blair. Gen. Charles F. Manderson and Daniel Hurley have been appointed a committee of Gustar post No. 7, G. A. R., to make suitable arrangements for the attendance of the post and its friends at the 4th of July celebration at Blair. A special meeting of the committee and of all comrades able to attend will be held at the law office of Simeon Bloom, in the city hall building, Monday evening, June 26, at 7 p. m. Reports will be received at said meeting from Frank M. Moore, committee on transportation, and John Hoy, committee on music. Comrade Manderson having been selected as "orator of the day" at Blair, it is desirable that as large a delegation as possible of "old army boys" from this vicinity put in an appearance at that place on said occasion. Definite arrangements will have to be perfected early next week, and the meeting of June 26th should be fully attended. Good Babies. This is a job day from east to west. Definite arrangements will have to be perfected early next week, and the meeting of June 26th should be fully attended. A TIRED TURFMAN. The Man Who Furnished Nellie Burke's Horses Quits the Track. Mr. J. W. Jacobs, the well known Nebraska horseman, has concluded to retire from the business as will be seen by the press extract further on. Mr. Jacobs is the man who furnished Nellie Burke with the fine running horses up to the time when she had a falling out with him and upon the speed of whose horses she made her national reputation. The State Journal says: "In conversation with Mr. J. W. Jacobs, the veteran turfman, who has been traveling through the South during the past winter and spring, with a stable of running horses, we learn that he has decided upon retiring from the fast horse business, and devoting the balance of his days to some other occupation. He says fast horses are an expensive luxury, and during the past season he has failed to discover where even the luxury comes, and that after the first day of December, if a running horse should be found in his possession he will give it to some man, who would not have nerve enough to handle him. "We are sorry to learn that Mr. Jacobs intends retiring from the turf, as he is one of the most efficient horsemen that ever came to Nebraska. He thoroughly understands every feature of the business as a trainer of thoroughbreds and trotters, and as a driver he is an artist that is known from the Atlantic to the Pacific. When he puts a horse upon the track he comes pretty near knowing just what he can do. He bought the fair groom's in 1870, and expended on them \$13,000, making the best race course in the west. The book shows that he has won and started more races than all the horsemen in Nebraska, and during twenty years' driving has been tried only once; taken from his sulky once, and suspended once. He has had a varied experience as a horseman, and we hope he may find his new labors, whatever they may be, of a lucrative and pleasant character." WANTED—A brick moulder; good wages. Apply to Andrew Bothwell, Fremont, Neb. jell19:31-me A FREMONT FROLIC In Which Some Lively Omaha Ladies Figure Conspicuously. Some few days ago some of the demi-monde made up their minds to pay Fremont a visit. They went and located at Mrs. Fairchild's. Among those who went there was one young lady who is always very quiet, named Stella King. By request of some friends she started playing the piano forte, when a girl named Pearl Lamont suddenly made an unprovoked assault upon her, and gave her a black eye, and then another girl named Nellie Wilson rushed at her and the pair of them beat the poor girl in an unmerciful manner. It appears the assault was caused by a fit of jealousy on the part of Nellie Wilson and Pearl Lamont. In consequence of this disturbance the lady was pulled and had to find bonds in \$300. The girls were also pulled, but Stella King got off very light, as it was conceded she had been beaten for nothing at all. Thousands of ladies cherish grateful remembrances of the help derived from the use of Lydia E. Pinkham's Vegetable Compound. No woman really practices economy unless she uses the Diamond Dyes. Many dollars can be saved every year. Ask the druggist. AGENT LLEWELLYN WOUNDED. Being Shot Twice by Mescalero Indians, in Whose Agency an Outbreak is Reported. DENVER, June 23.—A Fort Stanton special says: The Mescalero Indians have broken out. The Indian police killed some prisoners who tried to escape from Fort Union. Montezuela, the war chief, is on the agent's side, and is fighting other Indians. The agent was fired on and wounded twice. Troops are hurrying forward. FURTHER DETAILS. DENVER, June 25.—A Santa Fe special to the Tribune says official information received from the Mescalero reservation by Governor Sheldon confirms the news of trouble at the reservation. The trouble started with the arrest of an Indian who had escaped from Fort Union. The Indian resisted and he was shot and killed by the Indian police. Agent Llewellyn endeavored to preserve order but was shot twice in attempting to do so. His wounds are not reported serious. Companies B, D and G, of the Fourth cavalry, under command of Lieutenant Wood, were immediately dispatched from Fort Stanton to the reservation and reached there at daybreak this morning. The command numbers about 100 men. San Juan and Natchez, the two war chiefs, side with the agent, and may see the warriors killed. Strong preparations are being made by General Mackenzie to nip this uprising in the bud, and if necessary Governor Sheldon will aid with the territorial militia. Some horses and cattle have been stolen from Blue Water by some renegade Apaches now hiding in the Sacramento mountains, and a company of militia is now being organized at Roswell to protect that section. THE MISSOURI PACIFIC. ATCHISON, June 25.—A consolidated first mortgage bond given by the Missouri Pacific railroad to John F. Dillon and Edward D. Ames, as trustees, to secure the payment of \$30,000,000, was put on record yesterday in Atchison county. The same instrument will be put on record in Brown county, Kan., and eight counties in Nebraska.

"NAILED AT LAST."

The Gang of Safe-Blowers and Burglars Half Paralyzed.

For some time past the thieves, burglars and highwaymen have been having a picnic in this vicinity, but Friday the tide turned, and since then six crooks have been arrested in Omaha and at the transfer, and others will probably be arrested soon. The days of the gang are numbered, and it is hoped that Omaha will be freed from their unwelcome presence. The account of the arrest of a burglar on Sixth and Pacific streets Friday, as he was in the act of forcing a window open, will be found elsewhere, and at a later hour Special Officer Halo caught another individual trying to break into Henry Bolin's store on Sixteenth at set. The two clinked, and after a terrible struggle Officer McCune came to the rescue and got away with the burglar's baggage. The fellow was then lodged in jail. A huge and ugly knife was taken from him, which he would probably have used had he been able to get at it. Saturday a gang of pickpockets, somewhat after the style of the famous "swell mob" of London, tackled the west bound passengers at the U. P. transfer, and robbed four persons, there being the same number of thieves. Of one they obtained \$15; of his partner \$18 or \$20, and of another \$60 or \$70. A fourth lost an unknown sum. It was a bold attack, and the robbers were detected and two of them captured. One of the victims spotted his man and followed him to Omaha, where he secured the services of Officer Gorman and Marshal Angell and had him nabbed. It proved to be "Nosey" O'Brien, noted as the most expert picket pocket in the country and said to be the slickest thief in America. O'Brien is 40 or 45 years of age, and looks more like an old French farmer than anything else. He was connected with the famous Elguter robbery in this city a couple of years ago, but was too fly to be caught, and this is his first appearance out west since. The officers think this will break up the gang which has been working Omaha for so long. BAT AND BALL. A Close Game Between the Union Pacifics and Council Bluffs. The Former Victorious by a Score of Five to Four. The game between the U. P. nine and the Council Bluffs nine at the U. P. association park on Saturday afternoon was the most exciting game this season. The game was called at 2:30 with the Bluffs to bat, the first inning resulting in a "goose egg." The U. P. then went to the bat and opened the ball by scoring one, "just as a starter you know." Whitewash succeeded whitewash, up to the end of the fourth inning, when the game stood one to nothing in favor of our boys. In the fifth inning the scores on errors. At the end of the eighth inning the score showed three to one in favor of the C. B. nine. It looked decidedly discouraging for the U. P. when, in the eighth inning, they had a man on second base and one on third, with two men out. A long fly was struck away to the left of centre field, where the U. P. "Mascoffe," Mr. Fankhauser, after making a remarkable run caught the ball and spotted two scores. In the last half of eighth inning Mr. Nash made a beautiful play. The bases were full with Mr. Nash to bat. He struck a daisy cutter to the right of first base and brought in Hart and Whitney, Dorr making third while Nash got to second. The Mascoffe followed with a ground ball in left field, bringing in Dorr and Nash. The game now stood 5 to 3 in favor of the U. P. The Bluffs then went to bat and succeeded in making one score, which ended the game. McShoriey, pitcher of the Bluffs nine, did some beautiful work.

Stubbs won loud applause from the audience by his powerful batting.

The Gang of Safe-Blowers and Burglars Half Paralyzed.

Stubbs won loud applause from the audience by his powerful batting. Jim Whitney, the great Boston pitcher, did some fine playing as short stop. Mr. Dorr's pitching was very efficient, as was his playing generally. Mr. Bandle won laurels for himself as catcher, and in his promptness in directing plays as captain. Mr. Charles Whitney did some very beautiful playing on third base. Altogether it was a most exciting game. The following is the score by innings: 1 2 3 4 5 6 7 8 9 R O Council Bluffs 0 0 0 2 0 1 0 1 4 27 U. P. 1 0 0 0 0 0 4 5 24 A CRICKET MATCH. Last Saturday afternoon the Omaha cricket club, which has recently organized, played their first match in North Omaha. The contest was fought between eleven U. P. men and eleven city men, all members of the club. The weather was everything that could be desired and the two were all in first-class trim. Of the U. P. men six were novices and five old players, and of the city eleven seven were old players and four novices. Considering that this was the club's first play, they did exceedingly well, and if they only go on as they have begun we can safely predict that Omaha will possess an A1 cricket club. The match was the result of a challenge by Dr. Lanyon, on behalf of the members of the cricket club, who are not U. P. employes, against those who are. This club has been organized by English residents of this city, and will be pleased to receive any respectable men into membership. The Bee wishes this little club every success, as the game is both scientific and interesting, no doubt; the membership will speedily be increased. The scores made were as given below: U. P. MEN. CITY MEN. 1—J. Shepperd. 8 1—W. C. Taylor 1 2—Edward. 1 2—Tracy. 10 3—J. James. 0 3—N. H. Wood. 0 4—Hart. 4 4—W. Parker. 0 5—G. Fleming. 2 5—Alfred Patrie 1 6—G. Thompson 7 6—Preston. 2 7—W. Thompson 6 7—Whitehouse. 7 8—J. Carnaby 0 8—J. Rodwell. 0 9—A. Carnaby 3 9—D. Hill. 1 10—W. Ribbel 2 10—L. Loranon. 1 11—Kelly. 0 11—R. Green. 8 Extras. 5 Extras. 12 Total. 32 Total. 41 All communications as to membership, etc., to be addressed to J. Rothwell, secretary, 1,520 Dodge street. SPORTING. National Association Trials. CONEY ISLAND RACES. NEW YORK, June 25.—The Coney Island jockey races were continued yesterday. First race, purse \$500, all ages, one mile, was won by Charley B., Greenland second; time, 1:43. Second race, purse of \$500, for 2-years-old, three-fourths of a mile, was won by Adalgiz, Doubtful second; time, 1:17. Third race, handicap sweepstakes, heats mile and a furlong, was won by Keno, who took second and third heats, Glenmore taking first and coming in second in the last heats; Capias took second place in first heat; time, 1:56, 1:58, 1:59. Fourth race, purse \$500, for 3-years-old, selling allowance, 1 1/4 miles, was won by Infanta, Jim Farrell second; time, 2:12. Fifth race, purse of \$500, handicap steeplechase over short course, was won by Kitty Clark, Bernadine second; time, 5 minutes. THE NATIONAL GAME. BUFFALO, June 24.—Boston, 8, Buffalo 2. CLEVELAND, June 24.—Troys 4, Cleveland 7. CHICAGO, June 24.—Chicago 2, Providence 7. NEW YORK, June 24.—Yales 7, Princeton 8. DETROIT, June 24.—Game postponed on account of rain. SYRACUSE, June 24.—Atlantics of Brooklyn 11, Stars of Syracuse 4. PHILADELPHIA, June 24.—Metropolitan of New York 2, Philadelphia 2. Game drawn on the fifteenth inning. POSTPONED. CHICAGO, June 25.—The races in this city, and also in East Saginaw, Mich., were postponed yesterday until Monday, owing to rain. COLLEGIATE RACE. NEW LONDON, Conn., June 25.—Representatives of the Columbia and Harvard college boat clubs met at the Harvard crew's quarters here yesterday and fixed upon Monday, July 3d, as the date for the Harvard-Columbia race. YACHT RACE. LONDON, June 25.—A yacht race for heavy stakes has been arranged to take place in July on the Solent, between Gower's American centerboard yacht Gleam, and Una, a boat belonging to Prescott Weston.

Reynolds. What this means dependent sayeth not, but it is well to bear witness, that Tobias Gator, right of wayman for the Burlington and Missouri, gives it as his opinion that a railroad will be built from Chester to DeWitt via Hebron, and this at an early day.—Hebron Journal. TRACK TOPICS LOCAL AND GENERAL. A Valuable Team for the Marshal of Utah. A special baggage car was attached to the west bound train on the U. P., yesterday, containing a load of valuable horses consigned to United States Marshal Shaughnessy, of Salt Lake City, Utah. The horses were in charge of a colored man, and consisted of a fine polo team, two magnificent stallions, Membrino Chief and Membrino Sturgis, for which team Shaughnessy paid \$7,500; also three blooded colts. The girls were also pulled, but Stella King got off very light, as it was conceded she had been beaten for nothing at all. Thousands of ladies cherish grateful remembrances of the help derived from the use of Lydia E. Pinkham's Vegetable Compound. No woman really practices economy unless she uses the Diamond Dyes. Many dollars can be saved every year. Ask the druggist. AGENT LLEWELLYN WOUNDED. Being Shot Twice by Mescalero Indians, in Whose Agency an Outbreak is Reported. DENVER, June 23.—A Fort Stanton special says: The Mescalero Indians have broken out. The Indian police killed some prisoners who tried to escape from Fort Union. Montezuela, the war chief, is on the agent's side, and is fighting other Indians. The agent was fired on and wounded twice. Troops are hurrying forward. FURTHER DETAILS. DENVER, June 25.—A Santa Fe special to the Tribune says official information received from the Mescalero reservation by Governor Sheldon confirms the news of trouble at the reservation. The trouble started with the arrest of an Indian who had escaped from Fort Union. The Indian resisted and he was shot and killed by the Indian police. Agent Llewellyn endeavored to preserve order but was shot twice in attempting to do so. His wounds are not reported serious. Companies B, D and G, of the Fourth cavalry, under command of Lieutenant Wood, were immediately dispatched from Fort Stanton to the reservation and reached there at daybreak this morning. The command numbers about 100 men. San Juan and Natchez, the two war chiefs, side with the agent, and may see the warriors killed. Strong preparations are being made by General Mackenzie to nip this uprising in the bud, and if necessary Governor Sheldon will aid with the territorial militia. Some horses and cattle have been stolen from Blue Water by some renegade Apaches now hiding in the Sacramento mountains, and a company of militia is now being organized at Roswell to protect that section. THE MISSOURI PACIFIC. ATCHISON, June 25.—A consolidated first mortgage bond given by the Missouri Pacific railroad to John F. Dillon and Edward D. Ames, as trustees, to secure the payment of \$30,000,000, was put on record yesterday in Atchison county. The same instrument will be put on record in Brown county, Kan., and eight counties in Nebraska.
