The place was found alive to the importance of the occasion, and in full trim to celebrate the nation's anniversary.
At 10:30 there was a regular street

parade, the programme having been dnly arranged before hand. The procession was a fine one, including the band, the G. A. R., a number of Sunday-school children, and a long line of citizens and visitors in carriages.

Hon. W. F. Cody acted as marshal of the day, ably assisted by Mr. Con-Groner, the well-known sheriff of this

Mr. Cody was resplendent in a suit of white corduroy pants, black velvet coat of military cut, etc., and was strikingly handsome.

The procession was marched to the race track, about half a mile from the town and a regular programme of speaking and singing was gone through

Following this came a most interesting feature of the day. Hon. M. C. Keith had four or five buffale, one with a calf, which he turned loose and one of the boys lassoed and rode an animal for which he received \$25. After this a Texas steer was turned loose, which was also lassoed and ridden to its great disgust.

In the afternoon there were trotting and running races, the horses entered being those of Messrs, J. S. Mitler, M. C. Keith, Ike Dillon and W. F. Cody. There were also running races of one hundred, three hun dred and six hundred yards and a half mile race.

At night there was a fine display of fireworks and the G. A. R. ball, both of which were largely attended.

Notwithstanding the immense crowd, the utmost order and quiet prevailed, and not a single occurrence to mar the pleasure of the occasion On the following morning the splen-
