A TRIPLE EXECUTION.

That is, One Man Being Hanged Three Times.

The Horrible Taking Off of Thomas Egan at Sioux Falls.

The Man's Neck Said to Have Been Broken the First Time.

The Rope that Did the Bungling a Product of Lincoln. This State.

Correspondence of The Bee.

SIOUX FALLS, D. T., July 13.—Thomas Egan was hanged here this morning for the murder of his wife, committed September 14, 1880, and for which he was tried and convicted last December, being sentenced to hang on January 13. His counsel, however, got a stay of proceedings, and took the case to the supreme court on a motion for a new trial, which was overruled. Egan was resentenced, to-day being the day set, and he was killed by the machinery of the law in a horrible manner.

The procession of death consisted of a number of officials and four Catholic priests, the condemned man following them in charge of Sheriff Dickson, of Canton.

Egan walked to the scaffold with an unfaltering step, showing no sign of fear, and seemed entirely oblivious to the proceedings. The only time he spoke after leaving the jail was to answer "No" to the sheriff's inquiry if he had anything to say. His lips were constantly moving as if in prayer. At 9:36 his arms and legs were pinioned and the black cap drawn over his head, and after the attending priest had read the appropriate service, Sheriff Dickson sprung the trap. The body shot down through the opening, but to the horror of all beholders the rope broke, and the body struck the ground with a heavy and sickening thud. Exclamations of horror broke from the crowd of spectators at the aw fulsight. The attendants quickly picked him up, and, uttering fearful groans, he was carried up to the platform.

Two and a half minutes afterwards a new rope was adjusted about his neck and the trap was sprung, but one of the attendants had hold of the rope, and instead of letting go, hung on to it and let the body down gradually, notwithstanding the cries of "Let go!" from the spectators. A second time he was brought up and placed on the trap. This time Sheriff Dickson ordered them all to stand back, and sprang the trap for the third time, completing the job. The drop was five and and a half feet.

In nine minutes the physicians pronounced him dead, and in twenty-three minutes he was lowered into his coffin. An examination showed that his neck was broken by the first fall.

The rope that broke, a three-eighths inch silk one, was procured by Sheriff Dickson at Lincoln, Neb., costing $9, and was warranted to stand the required strain. It had just been tested with an 186-pound sand bag, while Egan weighed but 175 pounds.

The vacant land between Wymore and Blue Springs is being laid off into town lots and soon the rival towns will not know where to draw the dividing line.

On the 11th, the barn of Wm. Hahn, on Spring creek, Johnson county, was struck by lightning and burned with its contents, which were a valuable stallion and jack and five other horses.

Conductor Koppelberver, of the A. & N. division, was killed at Tecumseh on the 11th, while switching. He fell between some loaded coal cars, striking the track in such a manner that the wheels passed over his neck, completely severing his head from his body.

A child of Chris Dureumus, 3 years old, living just across the line in Polk county, while playing around the mowing machine last Thursday, was accidentally caught and had its foot cut off just above the ankle, horribly maiming it for life. Parents should be careful how they allow their children play around machinery.—York Tribune.

Our exchanges are all making suggestions now as to the proper thing to do when you see a tornado coming. Dave Brumbaugh, who wades the river when he comes to town instead of going round by the bridge, says he believes that if a man can get his feet squarely planted in the quicksand in the Loup, he will stick, tornado or no tornado.—Sherman County Times.

The star route to the west under the new schedule, which went into operation July 1st, is a daisy. The mail has to be carried from here to North Platte and return in three days, a distance, as traveled by the mail carried of about 180 miles. As yet there is no regular carrier, the two trips already made having been accomplished by two different men, neither of whom desires a repetition of their mail carrying experience.—Plum Creek Press.

A young man by the name of Martin, living on Spring creek met with a serious accident on the Fourth. He was loading a thirty-two Smith & Weston revolver, holding the barrel with his left hand, and that resting on his thigh, when the pistol accidentally "went off," and the ball passed through the left hand, shattering it badly, and then through the thigh passing to the lower surface where the ball lodged. —Tecumseh Torchlight.

The state Sunday school convention will be held at Fremont August 1, 2 and 3. Over 200 delegates will be present.

The Methodists at Loup City will undoubtedly build a church at an early date. Elder Lemon is agitating the project.

Rev. Roswell Foster, greenback candidate for congress in the Dubuque (Ia.) district, used to be a Congregational minister at Fremont.

The Congregationalists of Dorchester have an excellent offer of assistance to complete their church building, and it is likely they will accept.

Rev. J. H. Worley and wife were in town July 4th visiting friends. Rev. Worley and his brother James, of Palmyra, with their wives start for San Francisco July 17, and leave that city for Central China July 29th. Their many friends in this county and elsewhere in the state wish them a pleasant journey and safe return from their missionary labors among the Chinese.—Syracuse Journal.

The Presbyterians of Niobrara got up a strawberry festival and cleared $35 by it. The Niobrara News tells how they did it: "A Mr. Munger, one of the gentlemen who has been in the city for some time with several hundred head of cattle, claims that he was very shabbily treated at the strawberry festival last Thursday evening, and is loud in his denunciation of the management therof. It appears that at a rather late hour this gentleman went over to get a dish of strawberries, and handed the cashier a $2 bank note in payment for a ticket. Instead of returning the $1.75 due Mr. Munger, he was given eight tickets, and upon going to the table it was found that all the ice cream, cake and strawberries had disappeared, and the gentleman was $2 out. There were several other gentlemen swindled out of a few dollars, but this case represents the most barefaced robbery of the evening's transactions."

Matrimonial.

S. H. Barnes, B. & M. agent at Dorchester, was married recently at that place to Miss M. L. Marker.

Neil Duncan and Miss L. M. Foss, both of Alexandria, were married on the 5th by Rev. J. Lewelling.

Mrs. Sumner, of Schuyler, who has been visiting with her daughter, Mrs. T. B. Crewitt, of this city, left on Tuesday for a summer resort on the coast of Maine to spend the heated season, after which she will visit her old home and many acquaintances in the interior of the state. That she may return to her Nebraska home this fall with improved health is the earst wish of her friends and The Republican.—[Blair Republican.

A surprise party of about thirty young ladies and gentlemen assembled at the residence of A. J. Wright, at Maplewood farm, Saturday evening, bringing music and refreshments with them. Mr. and Mrs. Cook and Mr. and Mrs. McKinney were present, Mrs. Cook presiding at the organ and Charley devoting himself exclusively to lemonade and ice cream. Songs, declamations and dancing engaged the merry party until half past eleven. Mr. Whitney, who is an excellent musician, had his violin, and Mr. McKinney called the quadrilles. Altogether it was a very pleasant affair, and will long be remembered by the boys and girls.—[Tecumseh Chieftain.

The Iron Horse.

The St. Paul & Omaha road have put on a refrigerator car.

The foundation for the forty stall round house at McCook has been laid.

The Arapahoe cut-off will save about 35 miles of the distance between that place and Hastings.

The average time made by the B. & M. trains between Chicago and Denver is 33 miles and hours.

An express messenger in the northern part of the state saw a pretty girl in a garden as his train passed, and stood in the doorway to get a better view. A jolt threw him out, but he wasn't hurt, although the train is alleged to have been running thirty miles an hour. The messenger probably struck on his head, which being soft, could not be hurt.

The mail (to Denver) is still carried upon the old train, but we understand in about two weeks a mail car will be put on the fast train and the mail transferred to it. This will greatly improve our mail facilities, saving two days time. The running time of this train is about 30 miles an hour —though she whoops it up to forty if she gets behind.—Orleans Sentinel.

Journalistic.

The Creighton Regulator expects to enlarge by the latter part of the month.

Dixon county is to have two new papers —one to be started at Ponca by Charles Kiplinger and one at Wakefield by Boyd Leedom.

And now the serious question is how many Nebraska editors can raise $50 each for himself, and another $50 for his girl, to go on that editorial excursion to the mountains, on the 18th.—Hastings Nebraskan.

Schools and Schoolma'ams.

The term of school at Liberty was a long one, not closing till the 14th.

The school officers and teachers of Furnas county met at Beaver City August 23 to arrange for a uniformity of school books in the county.

Prof. D. B. Stone has been employed as principal of the Tecumseh schools. He will be assisted by Misses Florence and Minnie Locke, Jennie Shenlan, Mrs. Belle C. Meyer and Mrs. A. L. Sanderson.

Misses Mattie Judd and Mary Matteson, formerly two of Pawnee county's favorite daughters, arrived at Pawnee City from their home in Fargo, Dakota, on the 10th. They have been engaged in teaching in the Fargo schools and will spend the summer vacation at their home.

The school board of Plattsmouth balloted seventy times for a teacher to fill the place in the city schools vacated by the declination of Miss Josie McCoy of Nebraska City, who has accepted the position of principal of the Weeping Water schools, and finally adjourned without making the choice. The candidates were Miss Ursula Wiles and a Miss Melville of Steel City.

Farm, Garden and Orchard.

A Niobrara man will make that town weep. He has two acres of onions.

A Frontier county man sheared a six week's old lamb and got two pounds of wool.

A farmer in the neighborhood of Wymore reports wheat averaging 35 bushels to the acre.

Johnson county farmers who have cut their wheat report it of far better quality than for years. Most of it grades No. 1.

A single head of common oats, nineteen inches long, was on exhibition at the store of Crutcher & Jones last Friday.—Beaver City Times.

John Hughes, the sheep man on Blackwood, has finished shearing. The clip averaged a little over 10 pounds per head, some of the fleeces weighed 14 pounds.—Culbertson Sun.

Last fall Mr. Tyler received from Plano, Ill., some black walnuts, which he planted, and as a result he has now a fine grove of young trees. Walnut trees make a fine grove, and then in a few years the timber they would produce would make their culture most profitable.—Hampton Journal.

Mr. Samuel Hisey from Farmers precinct, reports crops looking well. He says he has raised 117 lambs from 125 ewes, although the spring was a bad one and he had no experience. We think he did well, the wool and lambs are worth as much as the old flock.—Franklin Echo.

We forgot to mention the fact that H. W. Fay was raising his own "raw silk." He brought us in some cocoons of various shades that have grown on his mulberry trees. He has a bushel or two in all, that only need unwinding, and a little arranging to make silk dresses plenty in his family.—York Republican.

H. Sandh, an enterprising granger of Cole Creek precinct, brought to town yesterday, a bunch of oats that were just heading out, and the stalks are 5 feet, 2 inches long. The seed Mr. Sandh imported from Sweden and he estimates that the yield will be over 100 bushels to the acre.—Loup City Times.

Such wheat, such oats, such barley, such rye, such fields of luxuriant, deep green half-grown corn, such potatoes, such cabbage; and in short, such crops of grain and vegetables of every description, were positively never seen before by the very oldest inhabitant. And also the grass of the hay meadows correspond fully with everything else in the magnificent promise of its harvest.—Brownville Advertiser.

WARNER'S SAFE KIDNEY & LIVER CURE

Disease is an effect, not a cause. Its origin is within; its manifestations without. Hence, to cure the disease the CAUSE must be removed, and in no other way can a cure ever be effected. WARNER'S SAFE KIDNDY AND LIVER CURE is established on just this principle. It realizes that

95 Per Cent.

of all diseases arize from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a FOOD and RESTORER, and, by placing them in a healthy, condition, drive disease and pain from the system.

For the innumerable troubles caused by unhealthy Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and physical derangements generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.

For Diabetes, as for WARNER'S SAFE DIABETES CURE.
