Republican State Convention.

The republican electors of the state of Nebraska are hereby called to send delegates from the several counties to meet in state convention at Omaha on Wednesday, September 20th, A. D. 1882, at 7 o'clock p. m., for the purpose of placing in nomination candidates for the following named offices, viz:

Table with columns for County, Delegates, and Electors. Lists counties like Adams, Antelope, Boone, etc., with corresponding delegate and elector counts.

It is recommended: First, That no proxies be admitted to the convention, except such as are held by persons residing in the counties from which the proxies are given.

Second, That no delegate shall represent an absent member of his delegation, unless he be clothed with authority from the county convention, or is in possession of proxies from regularly elected delegates therefrom.

JOHN STEEN, Secretary. LINCOLN, Neb., July 6, 1882.

If Sullivan and Wilson fight in Omaha, what a fearful bear garden Omaha will be for a few days.

The Anti-Monopoly League in Iowa numbers 10,000 members. That does not look much like "playing out."

VALENTINE'S man Friday Peter Schwenk is on the witness stand again to tell what he knows about the forged census return.

WILLIAM WESTGATE confesses himself as the assassin of Burke and Cavendish, and pretends to give away the whole thing.

The revenue reduction bill drags. The democrats bar the way with their dog in the manger policy.

WHEN Valentine tried to get congress to vote \$15,000 back pay to Mr. Majors, for services as contingent congressman, THE BEE denounced the scheme as an infamous job, which the Republicans and other Valentine organs very promptly defended.

Schwenk, no doubt concocted the scheme to send Schwenk on his criminal errand to Lincoln, and no amount of blackwashing Tom Majors will ever whitewash Valentine.

We are not disposed to fight over dead issues, and only refer to them as they are brought up in connection with public men that happen to be prominent in the campaign.

There is not a county in Nebraska as loosely managed as Douglas county. In every other county the business transacted by the commissioners is done under the public eye.

The memorial of the undersigned respectfully represents that the land grants heretofore made in the construction of the Texas Pacific railroad should not be retained by them or transferred to any other company.

The money and the agreement were deposited in the hands of two gentlemen. Of the \$300,000 so deposited the sum of \$62,000 was paid to a senator to be divided by him with three other members of that body.

It is too childlike for any champion of woman's suffrage to claim that the right to vote is as inherent as life and liberty.

FIFTEEN hundred Chicago saloon-keepers have failed to take out licenses for the present year and the authorities are wrestling with the problem, how to deal with them.

OUR Val does not carry all the brains of congress in his hat, and all the administration patronage in his pocket.

THE false returns was presented to Congress by E. K. Valentine, and what remains a mystery in our mind is why this dose should kill Majors and Alexander and leave Valentine alive.

THE NEWALL DISCLOSURES. If any obdurate, hide-bound railroad partisan doubts that bribery and fraud have much to do in taking away the rich homesteads of the people and giving them to the railroad companies to create new monopolies and increase the concentration of capital, let him read Mr. Newall's letter to the judiciary committee of the house, which has resulted in the present investigation, and will doubtless show up another Credit Mobilier scandal.

THE BOARD OF COUNTY COMMISSIONERS OF GAGE COUNTY, NEBRASKA.

Notice is hereby given that the Board of County Commissioners of Gage county, Nebraska will receive proposals with plans and specifications for the construction of two wrought iron or wooden bridges across the Big Blue river. One to be on or near the center line (east and west) of section 29, town 3 north, range 7 east. Said bridge to be of one span of one hundred and twenty feet in length and to have six feet roadway. The site for the piers to be furnished in the quarry form.

THE BOARD OF COUNTY COMMISSIONERS OF BUTTE COUNTY, MONTANA.

Butte City, Mont., July 23.—Butte as a mining camp is without an equal in the territory or west of the Rocky mountains. Population about 8,000. Sixteen to twenty whistles of the mills, smelters and hoisting works serve to wake the busy and bustling inhabitants at an early hour each day, Sunday not excepted. All branches of business well represented here. The mercantile business by about fifteen or sixteen well filled stores, twenty or twenty-five grocery stores, and three or four wholesale grocery stores, furnishes the hungry with the choicest fresh fruits and groceries of all kinds. The pleasure goes can find good first-class livery accommodations at about six or seven well filled livery stables. Hotel accommodations are rather poor for the size of the town, there being not a first-class hotel in town. Saloons are in greater number here than in any town I was ever in of the size of Butte. About every other door is a saloon, and being the cause of so many men gathering in front, thereby blocking up the sidewalks so as to make it very inconvenient for
