

TWELFTH YEAR.

THE MARSHAL MUST GO.

So at Least Six of the Council Resolved at Last Night's Session.

Tenth Street to Be Paved With Granite—Proposed Change of the License Scheme.

An Assistant Clerk Ordered—Other Business of the Body.

The city council held a regular meeting yesterday afternoon, beginning at 2 o'clock. There were present Messrs. Baker, Behm, Corby, Dellone, Dunham, Herman, Kaufman, Leeder, McGuckin, O'Keefe and Thrane. Acting President Herman occupied the chair.

From acting mayor Herman, appointing Joseph Ganscher as policeman on the regular force. Confirmed.

From acting mayor Herman: Approving several ordinances, among them being those for the paving of districts No. 2 and 11. Filed.

From Acting Mayor Herman: Appointing D. Kennison, J. H. Brackin and Low Hill as appraisers to appraise damages to property in blocks D and E, caused by laying pipe in said blocks for the Waring system of sewerage. Confirmed.

From James Creighton, chairman of public works: Submitting petition of Tenth street property holders, asking for pavement of that street with granite. Filed.

From Mary Guriker and others: Petitioning against further construction on sewer box on Thirtieth and Williams streets. Referred to committee on streets and grades with power to act.

From property holders of Griffin and Isaac's addition: Petitioning against obstruction of Division street by Mrs. Starkie's house, and also against obstruction of Burt street by George T. Cornish's barn. Referred to committee on police.

From Marie brothers, asking for a decision immediately on grade of Sixteenth street, near Webster. Referred to committee on streets and grades.

From Hugh Kennedy and about fifty others, asking that certain property be obtained by the city for street purposes. Referred to mayor to appoint appraisers.

From city physician, calling attention to the filthy condition of lot 4, block 102, at the corner of 12th and Dodge streets. City marshal directed to compel property owners to filfillance.

From the mayor, approving contract and bond of F. W. Krone, for curbing and gutting Douglas street from 16th to 19th.

From James Creighton, chairman of board of public works, transmitting contract with F. W. Krone, for curbing and gutting Douglas street from 16th to 19th. Filed.

From Mayor Boyd, appointing W. J. Kennedy appraiser in place of W. R. Bartlett, who is absent, to appraise damages for opening of Sheridan street from its northern extremity to Farnam street.

From Harney street property holders, asking for paving that street from 9th to 15th streets. City attorney instructed to draw ordinance providing for grading, curbing, gutting and paving.

RESOLUTIONS.

By Baker: That the council employ an assistant for the city clerk at council meetings at a salary of \$60 per month and that the services of said assistant be at the disposal of the council during the interval between meetings. Adopted.

By Baker: That the city attorney report an ordinance at next meeting ordering the bringing of Saunders street to established grade and to fill with from Cuming street north to north line of sections 15 and 16. Adopted.

By Kaufman: That the street commissioner do necessary plowing and scraping on west side of Tenth street, between Hickory and Dorcas, and between Castell and Vinton streets, so as to enable property holders to lay sidewalks. Referred to streets and grades.

By O'Keefe, Behm, Dellone, McGuckin, Leeder and Thrane: That it be and is hereby the sense of the city council that the mayor be requested to remove forthwith from office the city marshal and deputy marshal for neglect of duty and obtaining money contrary to general ordinance, section 2, page 37, and that the salary of the marshal and deputy shall cease from and after this date until such time as the mayor and council fill the vacancies caused by the removal of the present acting marshal and deputy. Referred to the committee of the whole.

By McGuckin: That the marshal again notify the property owners on Tenth street who have not complied with his instructions to put their sidewalks in repair within ten days.

By Leeder: That the mayor discontinue the services of city detective, Corby moved to place on file O'Keefe's favored resolution. He intimated there was a great deal of rottenness. Behm opposed the resolution. Leeder thought the \$75 per month for a detective was doing no good. Dunham said he had introduced a resolution a year ago for the employment of a de-

tective, and he argued that the services of a detective were a necessity. O'Keefe said a person could go to places and pay 15 cents for a drink of whiskey from parties who had no license. The gamblers, prostitutes and pimps stuck out their tongues at us (the council). It was high time to bring matters to a focus and find out where the rottenness is.

Mayor Boyd, by permission, now addressed the council. He was perfectly satisfied to dispense with the services of a detective. About two months ago the council refused to allow a certain detective to work any longer. There has been no regular detective since. Reference has been made to a certain man being employed, but that man had not been employed. Every dollar expended for detective work is accounted for, and he (the speaker) could make a statement showing its expenditure, and will do so. He was not squandering money nor taking it for his own use. The council could do as they please, but they could not insult him. As to the houses of prostitution, gambling houses, etc., the gentleman referring to O'Keefe, who had been investigating for himself, had been reported to him as not having been in a condition to investigate anything. The law says that no house of prostitution or gambling house shall be allowed in Omaha, but the city council recognizes them by fining them and allowing them to go. He had endeavored to keep these places within bounds. They are evils that will necessarily exist and cannot be stamped out. If stamped out in one quarter they will open up in another.

This city is as quiet and orderly as to gambling and prostitution and saloons as any city in the country. He did not believe liquor was being sold without license. All this fuss is entirely useless, and does no good.

O'Keefe replied that, as he had been referred to as having been drunk while "investigating," he asserted that the detective who had told Mayor Boyd that he was drunk was a liar. He could take three or four drinks of whiskey and keep perfectly sober. He had made it a business to visit houses of ill-fame for the past six weeks, and had found a great deal of rottenness. A man had been killed on account of the non-enforcement of the law regarding rope-walking performances, etc. He wanted the mayor to bring that detective out and make him prove his words.

The motion to put the Leeder resolution on file was put to a vote and lost.

Baker thought if the services of a detective were entirely dispensed with, it would be just as well also to dispense with the entire police force. Too much time had been wasted at committee meetings in discussing the police issue, which had been made too much importance of. If the thing continues it will take up nearly all the time, and allow no time for solid business. There is too much talk; too much gas. He advocated the entire wiping out of the police force.

Leeder agreed that it was better to do away with the police if a better force cannot be obtained. He wanted protection in his business as well as others, and he was going to kick until everything was rectified.

O'Keefe said he wanted to bring the police issue to a focus three months ago. If the mayor had appointed the marshal and other officers three months ago, everything would have been settled. All he wanted was a square deal.

Dellone said he believed he had some good policemen, but that the marshal was no good. He then went on to show that the marshal had not done his duty in regard to pulling the houses of ill-fame.

President Herman suggested that regular written charges be brought, so the council can act advisedly, mouth charges amounting to nothing.

Dunham moved to amend the resolution authorizing employment of detective not to exceed \$75 per month be received.

O'Keefe said he had no objection to paying \$75 per month for a good honest detective.

McGuckin moved an amendment to the amendment that the mayor be allowed to employ a detective for the month of September.

Dunham's amendment was carried. Corby moved that the mayor be allowed to employ a detective whenever he deems it necessary.

Behm rose and insisted that the years and days be taken on all resolutions involving the expenditure of money.

Kaufman moved to lay Corby's resolution on the table. Lost.

O'Keefe moved to refer to committee on judiciary. Carried.

By Baker: That city attorney report ordinance to bring Saunders street to grade, etc., from Cuming street north. Adopted.

By Corby: That the mayor appoint appraisers to appraise damages of proposed change of grade on Harney street, between Fifteenth and Twentieth.

By Leeder: That street commissioner open gutters on certain streets. Referred.

By Kaufman: That street commissioner put Twelfth street north of Pacific in passable condition. Referred.

By Kaufman: That resolution ordering rebuilding of Eleventh street bridge be rescinded and that the creek be filled, as the water now runs through the sewer. Adopted.

The present ministry.

Paris, August 8.—DuClere the new premier, read his statement in the chamber to-day. In addition to what was outlined in Monday's dispatches, he said it was the first duty of the government to declare how it regarded the recent vote refusing Egyptian credits, in consequence of which vote the late ministry resigned and the present one resumed office. By no means, one of dictation, but a vote of prudence and reserve, and would loyally accept its spirit. There were important internal questions, but the government would consider them during the recess, and would do its utmost to obtain a liberal and progressive solution. It would also be the object of the government to unite and consolidate the various sections of the republican majority.

Clemenceau declared his lack of confidence in the ministry. The resignation of the chambers will probably close to-morrow.

The arrears of rent bill.

London, August 8.—The commons this afternoon, Gladstone moving consideration of the amendments of the lords to the arrears of rent bill, stated he would have to ask the house to substantially dissent from the first amendment. The government will propose to enact that either landlord or tenant can initiate proceedings subject to ten days' notice from the initiating party. Gladstone also said: I shall not ask the house to amend it so as to provide that in cases where the tenant right is sold within seven years, the landlords shall have a lien on the proceeds for the arrears he has been deprived of by the action of the bill to the extent of one year's rent, the landlord only to have this lien if the sum realized by the sale of the tenant right equals three years' rent.

Gladstone declared the amendment of the lords that the land committee should take into consideration the value of the tenant-right as an asset when deciding an application by tenant for relief provided by the bill is too stringent. The government will substitute the words "shall, so far as they consider reasonable." He also declared the government are unable to accept certain minor amendments, particularly that providing for cases where the land commission, which they will only permit in regard to points of law. The government wished to introduce every possible improvement on the language of the bill, and make concessions so as to avoid a conflict, and so that if a conflict arises the government will not be responsible for the consequences. He asked the support of the government in the interest of England and Scotland, as well as Ireland.

Northcote followed Gladstone. Parnell said he regretted the concession of Gladstone, which might be mischievous. He asked whether the government would stand by them, or, as in the case of the land act, yield further when the bill was returned from the house of lords.

The first amendment of the lords was rejected—293 to 157. All other Gladstone's proposals were also agreed to.

Shooting Tournament.

Special Dispatch to The Bee.

Chicago, August 8.—The shooting tournament for money prizes, aggregating \$3,400, to last four days, began at the suburbs Grand Crossing to-day. About fifty pistol shots from various parts of the northwest participated in the day's sport. Three shots were shot out, and in each instance the first money divided between four or five contestants without shooting of the ties.

The Pool Roads.

Special Dispatch to The Bee.

Chicago, August 8.—The meeting of representatives of seaboard trunk lines held here to-day to consider the change of cut in east-bound rates from Joliet, complained of by the Michigan Central. For years past the Michigan Central has been making the same rate on freight from Joliet to the seaboard as from Chicago. The complaint of this road was that the seaboard lines terminating at Chicago were allowing the Chicago, Rock Island and Pacific and Chicago & Alton roads a rebate for the haul from Joliet to Chicago, thus equalizing the Joliet and Chicago rate to through shippers. The Chicago roads claimed that as the Joliet rate for the east bore the same rate as the Chicago when taken by the Michigan Central, they were forced to meet it in the way indicated. It was intimated that a demoralization in rates from Joliet and Chicago would result unless an understanding was reached. Without final action, the meeting appointed committees to confer with the Rock Island and Alton roads, and report to the meeting to be called in a few days.

Special Dispatch to The Bee.

Nashville, Tenn., August 7.—The American's Hickman (Ky.) special says: The steamer Gold Dust exploded her boilers at 3 p. m. just after leaving Hickman and 47 persons were scalded and 17 missing. The boat was landed in an eddy just above the town, and through the exertions of citizens the cabin passengers, officers and part of the crew and deck passengers were taken ashore and removed to hotels and residences. Twenty-four of the injured were lying in Holcomb's dry goods store at one time, where they received every attention before being removed to more comfortable places with that sympathy and generosity for which the citizens of Hickman are noted. They have done and are doing all they can for the sufferers. Following is the list of the injured: Captain John T. McCord, slightly scalded; severely scalded, A. S. Gray, pilot; Sol Price, first mate; John Langlois, second clerk; William Ingram, third clerk; William Travis, barkeeper; Pat Daniels, cabin watchman; John O'Neil, deck hand; Tom Beck, deck sweeper; Dick Phillips, porter; Jim, second porter; two partrymen, two roustantouts, three firemen and second barber, ten deck passengers, and Mrs. Thompson, a cabin passenger.

Slightly scalded—D. Dunham, second mate; P. Derried, freight clerk; James Monahan, sailorman; James Nickels, baker and third cook; Mr. Blank and Mrs. Blank.

Missing—One cabin passenger, one deck passenger, one fireman, two coal heavers, eight roustantouts, four cabin boys, and James Lawrence, the first
