The Union of Dodge and Saunders Counties.

A Great Barbacue and Other Festivities.

Omaha Orators Contribute Word Boquets for the Occasion.

been a gala day for North Bend. The union of Saunders and Dodge coanties by the completed bridge across General of Volunteers he took part in the Platte has been celebrated by a the battle of Autietam. In February, barbacue. A great concourse of peo- 1863, he became Chief Topographical ple numbering over 2,000 persons were present. The day was ushered Gettysburg he was commissioned Brein by the firing of a grand salute.

ders county was met by a procession | mand of citizens, headed by the Bohemian band, discoursing martial music. The procession marched to 1864, General Warren severed his Kerth's grove adjoining this little connection with the Second corps, city, and by the way one of the most

delightful groves in the city. A platform had been erected here for speakers, and ample accommodations had been provided for seats. The ceremony was opened with a prayer by Rev. E. S. Davis. This was followed by music by the glee club. An address of welcome was then delivered by Rev. Inches and re-sponded to by P. Van Fleet. The guests then regaled themselves upon the roasted ox which had been turned upon a spit. Besides this rare treat of roast beef there was a never failing supply of refreshments of every description to cater to the wants of the most voracious. By noon the Fremont band came in and discoursed some of the finest music that has ever been heard in the state. After dinner the master of the ceremonies, A. B. Ellwood, called the concourse around the grand stand and introduced as orator of the day Hon. John M. Thurston, of Omaha. Mr. Thurston occupied some forty minutes in a discourse that abounded in humor, sarcasm and funny stories. His hits were well received and createl considerable merriment. Then and its tributaries from July, 1866, to brasks followed a toast in response to Saunders county by J. P. Scott. Mr. Scott part in a number of engineering prowas very eloquent and delivered a glowing tribute to the thrift and industry of the settlers of Saunders county and the fertility, productive-ness and resources of the region comprising Saunders and Dodge counties. Mr. J. Mason Smith responded to the toast of North Bend in an exhaustive review of the early history of the settlement of Dodge county and Bend in particular, closing with some verses composed by himself. The next in order was the toast the U. P. railroad responded to by Mr. Charles J. Green, of Omaha.

Mr. Green, or rather Col. Green, was more than usually elequent. He reurned some of the sallies of Thurston, and dwelt upon the grandeur of the sallies of th western country and its development by the railroads, and especially by the Union Pacific. Hon. George W. E. Dorsey responded to the toast of Dodge county in a brief and able address. Mr. Ellwood then introduced Hon. E. Rosewater, of THE BEE, who addressed himself especially to the farmers, and reviewed some of the problems that are now most foremost in gitating the producing and industrial classes of the state. The speech making concluded the people wended their way back to the town, where they witnessed a rare, grotesque spectacle of a procession of masked men and boys. The Kallothumpians and their band were admirably equipped for the occasion, and the spectators enjoyed their antics hugely. During the evening the young people enjoyed themselves in dancing on the platform erected for that purpose in the grove, and the Bohemians had a dance on the island in the Platte, near the bridge. Upon the whole, the occasion will be long remembered by the people of Saunders and Dodge counties. The barbacue was well managed in every respect. The president, Mr. Ell-wood, and the marshals, Messrs. D. K. Wilson, of Saunders, and C. W. Hyatt of Dodge are entitled to much credit for the admirable

General G. K. Warren.

N. Y. Evening Post. General Gouverneur Kemble Warren died at his home in Newport last evening at 6 o'clock. Since the decision of the Court of Inquiry in regard to his conduct at the battle of Five Forks he has manifested symptoms of great mental depression. He was con-fined to his bed for one week, and although he has been a sufferer from a disease which would ultimately have caused his death, it is said that the eyent was hastened by the Court of Inquiry decision. He was born in Cold Spring, N. Y., January 8, 1830, and was appointed to a West Point cadetship in 1846, from which institution he was graduated in 1850. He was assigned to the corps of topographical engineers, and for five years engaged in surveys in Mississippi, Ohio, and other western states. In 1855 he was assigned as chief topographical engineer to the charge of the Sioux expedition, and was engaged in the action of Blue Wa-

ter on September 3, of that year. He was in charge of the reconnoisance in

Dakota territory in 1856-7. He was

COUNTY CONNUBIALITIES appointed assistant professor of math ematics at the West Point military academy on August 29, 1850, and took the chair as professor of mathematics on November 3, 1850. He held the position until Agril 27, 1861, when the breaking out of the rebellion afforded him an opportunity for more active service.

General Warren was appointed Lieutenant-Colonel of the Durvee Zouaves of New York. He took part in the operations around Baltimore in 1861 and 1862. He was then pro-moted to the command of his regiment and took part in the siege of NORTH BEND, August 12.—This has brigade commander. This brought him into the Richmond cam-

paign. He was engaged in the battle

of Five Forks on April 1, 1865, where his unfortunate misunderstanding with Lieutenant General Sheridan led to his being deprived of his command. Some two years ago General Warren requested a military court of inquiry relative to his conduct at the battle of Five Forks. The finding of the court came to this city, where he passed other. the ensuing year in preparing maps and reports of his campaigns. As su- Monitor Oil Stove Co. Qualifications of a Drug Clerk.

Chicago Cheek. "Want to hire a drug clerk?" asked a bright-eyed youth stepping into the office of a prominent apothecary on Dearborn street.

"Are you a competent man?" quired the proprietor, rising and closing the door with an air of secrecy. "Well, I should say, yes," replied

the youth. "Had any experience?"

"Three years." "Where?"

"In Milwaukee."

"Ahem-what would you do for a olain wink at the soda fountain?" "Dash with sour mash."

"Two short winks and the tongue in the left check?" "Fill the glass half full with Jamaica

rum. "In case a man calls for banans syrup with a doleful look, and his hand on his watch pocket?"

"Give him cognac and ginger?" "Three winks and a jerk over the

left shoulder with the thumb?" "Put in Old Tom gin, and have the same ready for a friend of the man who will be in directly."

"What if the man says Baraboo and spits to the left?" "Fill with old crow dashed with peppermint and tanay."

The examination is satisfactory. You may come on in the morning. The new international code of signals is not published yet. DR. B. J. KENDALL & CO.—I had a very valuable Hambietonian colt that I prized very righty, he had a large base sparin on one joint and a small one on the other which made him very lame; I had him under the charge of two vetermary surgeons which falled to oure him. I was one day reading the diversisement of Kendall's Spavin Cure in the Chicago Express, I determined at once to try it and got our crucy sits nere to send first, and they ordered three bettles; I took all and I thought I would give it a thorough tial, I used it according to directions and the fourth day the colt eased to be lame and the fourth day the colt eased to be lame and the fourth day the colt eased to be lame and the symbol has any horse in the state. He is retirely oured. The cure was so remarkable that I have lettwo of my neighbors have the remaining two bottles who are now using it.

of all diseases arize from deranged kidneys an liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a roop and restorer, and, by placing them in a healthy, condition, drive disease and pain from the system.

For the innumerable troub'es caused by unhealthy Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and physical derangements generally, this great remedy has no equal.
