#### THE SIOUX WARRIOR.

Personnel of the Great Chief'from the Diary of Box-Karesha-Hash-Ta-Ka,

In viewof the present attention drawn to Red Cloud, the deposed Sioux Indian warrior, written ten years ago, when he was in the prime of life, will tract is from the dairy of Mr. Julius Meyer, who was for many years intimately connected with the Sioux and Pawnees as a trader and inter-hour Monday morning, from Omaha, preter and who has many souvenirs of Red Cloud, Sitting Bull and other Grand Island early in the afternoon. was personally acquainted.

This is Red Cloud as he was at the

sge of forty-five.
"Red Cloud, who, with Spotted undoubtedly the most celebrated warrior of all the Indians now living on the America continent. He had over 10,000 people in his camps, and could put in the field 3,000 warriors. When he marched against the settlements he always went in force. He takes his always went in force. He takes his name from the number of his warriors and their red blankets and
paints. It was said that his soldiers
covered the hills like a red cloud."

"He is now about 45 years of age, six feet in height, and straight as an arrow; his face, which is of a dark red, is indicative of indomitable courage and firmness, and his full, piercing eyes seem to take in at a glance the character of friend or foe. Red Cloud has probably participated in more conventions, treaties, and large assemblies of his the greatest buterests very involved, than any hving menan. man of brains, a good ruler, an eloquent speaker, an able general, and a fair diplomat, the friendship of Red Cloud is of more importance than that of all the other chiefs combined.' While Spotted Tail has a lovely vein of honor in his character, and loves to indulge in a little joke, Red Cloud is all dignity and seriousness.

The following, clipped from the re port of the proceedings of the board of Indian commissioners at Fort Laramie, in 1870, is indicative of his earnest and impressive manner:

"Red Cloud then arose, and walking toward the outside group, raised his hands toward the skies and then touched the ground. Then all the Indians rose to their feet, as, with uplifted hands, Red Cloud uttered the following prayer:"

BLAIR, August 24. - Cur citizens are indulging in all kinds of remarks about this extremely hot weather. The consolation is that it is fast bringing the corn out of the way of the frost. Blair's building boom is progressing

Politics is beginning to boom and candidates are flocking around thick. About the only thing of interest around here lately was the game of base ball between the Alerts of Blair and the Brickbats of Arlington, played at the latter place on last Tuesday, "O, Great Spirit, I pray you to look at us. health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of Brown' Iron Bit-TERS, and taking it regularly according to directions.

> Gentlemen: —I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the king of medicines.
