-In the circuit court yesterday the case of Coil & Co. vs. Churchill was on trial yesterday.

-Joseph Reiter makes suits in the latest styles at No. 310 Broadway.

-The jury in the case of Foster vs. Lake, tried in the circuit court, has returned a verdict of \$128 in favor of the defendant.

-The democratic statement are together to-day to go through the motions of nominating a man for congress, it being understood that the man's name is Pusey.

-At Shill's butcher shop, south Main street, you can always get the best meats at reasonable prices.

-John Putnam, of Lee county, Illinois, and Mary Jane Gillman, of this city, were yesterday given leave to marry; also Hiram Van Leuven and Martha Cathas, both of this city.

-The new school building in Hall's addition was to have been completed by September 1, but it will not be open next Monday, and it would have been well could the new building have been ready by that time.

-Cherry street is being improved and made ready for the travel it will receive, especially during fair week. The street car company purpose laying a track and running cars to and from the driving park for the accommodation of the public and benefit of the company.

-Grandy & Co., on the corner of Main and First streets, are rapidly working into popular favor. Their Drug Store is considered one of the neatest in western Iowa. Mr. Grandy's proficiency as a druggist and prescription clerk is appreciated by our citizens.

-Smith and McCuen, who have opened a restaurant in connection with their ice cream and oyster parlors, have secured the services of Ed Allison, an cook, who has so often and so long tickled the palates of the citizens. He takes second rank to no one.

-Shill's Milwaukee Beer has a national reputation. Few not in the business have an idea of the large sales throughout the United States made by this celebrated Brewing Company. Peterson & Larson, on lower Broadway, are the gentlemanly agents at this point. Their sales average three to four cars per week.

-The Young Men's Christian Association has decided to occupy at an early date as possible the rooms on the second floor of De Vail's new block on North Main street. A public reception is being planned for, and an attempt is being made quietly to secure the funds needed to furnish the rooms in attractive and convenient manner, so as to make the place a pleasant resort for young men.

-The following was the result of Tuesday's test made by the oil inspector: W. O. Wart, 2 packages, 150°; J. J. Dickey & Son, 125°; J. L. Whitaker, 125°; Schurz & Strahlem, 120° and 130°; John Short, 130°; Gray & Co., 130°; Shepherd Bros., 142°. The tests show thus far that there is little oil being sold in the city for illuminating purposes which comes up to the legal requirement of 150°.

-A dog created some excitement yesterday afternoon by wildly dashing up Broadway, snapping and biting. In his wild career he nipped three or four other dogs. Some said the dog was mad, but no one seemed to know what about. He certainly had no reason to be mad, for he had everything his own way until he got out of sight. Some insisted that hydrophobia was the exciting cause, others surmised.

-A stock company has been formed which has taken the scales at the junction of Pearl and Main streets, used by the city weighmaster. Capt. Williams, who has now vacated the office, and accepted a position in the postoffice. The company owning the scales has placed them in charge of C. C. Horn, who yesterday took out the necessary license, as they are now private scales, though intended, as before, for public use. The city now has no scales of its own, except the old set which is stored away as useless, and the city weighmaster office is practically vacant. This has come about by the policy followed by the city council making the office of city weighmaster of no profit to the holder and compelling the man elected by the people to that position to look about for other business. The council has arranged so that anybody can keep scales for public weighing, if they pay a \$10 license. In this and other ways they have driven out the weighmaster, and instead of receiving the percentage on his business the city receives nothing beyond the license money. Moreover there is no place where one can weigh a load and receive an official certificate of the true weight.

-The alarm of fire sent in Tuesday night was attended with much confusion on the part of both citizens and firemen. It appears that a young man at John Inman's residence was lying on the bed smoking, and the clothing got on fire. He threw the bed out of the window, and so little damage was done. Some one in the excitement sent by telephone the alarm, but instead of it being rightly understood the firemen got it as Zumpke, instead of Inman, and the steamers were accordingly set on a wild goose chase. There was some complaint among citizens because the fire bell did not tap the number of the box. To satisfy these it will be well to state that the apparatus for striking the numbers on the bell is not yet put in place, and as the alarm was sent by telephone

instead of from a box, the boys did not wait to hunt up the number of the nearest box, and strike that by hand. When the system is completed the bell will be by the striking apparatus he made to strike the number of the box five times, which will be ample to notify all about the location of the fire. The fire boxes are all in shape to turn in alarm now, and as soon as the striking and repeating apparatus is in, the whole will be complete. Those who have telephones should if possible in case of an alarm, send in the number of the nearest box, if they cannot get a key to the alarm box.

The European restaurant opens Friday, Sept. 1st. Meals served up in first class style and at reasonable prices.

THE ORGAN CONCERT. An Excellent Feast of Music Given at the Congregational Church Last Evening.

The much talked of organ concert was given at the Congregational church last evening, and though high expectation had been raised, this expectation was fully met. Prof. Falk, of Chicago, is doubtless one of the best organists in the country, and he last evening pleased the audience greatly, and created much enthusiasm.

OUT OF PLUMB.

A Number Who Have Had to be Straightened up to the Interest of Justice.

One Man Charged With Stealing a Bible From a Widow.

Sneak Thieves Plunder Several Places in the City.

One of the queer cases which attracted attention in the superior court yesterday was that of George Therton, who was charged with stealing a bible belonging to Mrs. Gerspacher.

He had not only taken it, but had mutilated it by tearing out Abraham at the altar, and Daniel in the lion's den, and other illustrations. It appeared that the fellow was drunk at the time, and so the larceny charge was dropped, and he was let off with a fine, which he proceeded to work out, his first job being to clean up the spittoons in the superior court room.

Two plain drunks were disposed of by Judge Aylesworth yesterday, Dennis Egan and James Murphy, who were assessed the regular fine of a first-class city.

The two boys, living near the river, who were recently complained of by their neighbors, Henry Smith, who charged the boys with annoying him, have turned the table, and have complained of Smi h and his son Herman, for assault. The grievance will be inquired into by Justice Abbott Saturday.

E. B. Smith, charged with vagrancy, secured another continuance of his case before Judge Aylesworth.

There were a number of minor burglaries on Tuesday night or early Wednesday morning. Harry Juman's saloon was one of the places visited, and the sneak thieves, for such they seem to have been rather than professionals, secured ten or twelve dollars worth of cigars. They also called at George Gerspacher's place on lower Broadway and stole a box of cigars, a small clock and some articles of minor value.

Some one also visited T. L. Smith's house, corner of Eighth and Sixteenth streets, early yesterday morning. They stole a value belonging to Louis McLaughlin, who is away from home at present. The value was carried only a short distance, then opened, the clothing and valuables taken out, and the rest of the contents, photographs, letters, etc., left with the value. The property thus taken included clothing mostly.

Captain Murphy, of Des Moines, is among the late arrivals at the Hotel de France, and is registered for being drunk.

A rather business-like looking fellow, though bearing the appearance of having had a long interview with some anti-amendment drinks, was yesterday arrested on the charge of being a boot.

It is said that on arriving in the city he made a slight mistake and picked up a value belonging unfortunately to another man. The mistake was corrected. Late he appeared at the Ogden house, registered as A. L. Flint, of Salt Lake, and after running his bill up to \$5 disappeared, forgetting to settle for the room he had taken down the street, where he represented himself as Frank Thomson, a horse jockey, and ordered a new harness made, and a little later tried to borrow \$250 from the dealer on the strength of the order he had given him. He was then arrested on complaint of the hotel. He explained that he expected remittances in a day or two and would settle up, and in the meantime lies in jail.

Constable McFadden yesterday arrested in Hardin, Isaac Whitney, charged by August Prim, a neighbor, with carrying concealed weapons, and making threats to shoot. The arrest is the outgrowth of a neighborhood quarrel about a lane and fence. Justice Fearey continued the case until this afternoon.

A young German boy named Adolph Zimmerly poured into Justice Fearey's nearest ear yesterday the tale of his woes. He claimed that some four weeks ago he formed a plan with Chris. Burhop to go west and take up some land. He had \$200 and Burhop induced him to let him have it lest it should be stolen or lost. Since then, he said, Burhop had paid him a few dollars at a time, \$53 in all, but the proposed trip west had not only not been taken, but Burhop would not pay him back the rest of the money. Justice Fearey decided to issue a warrant for Burhop's arrest.

L. Shouiden had too heavy a load to carry without making more than one trip of it, and Officer Brooks and Cusick gently laid him in the cooler to rest.

Caught On the Fly. The Council Bluffs nine did their very best to play another game yesterday, but the Leadvilles seemed mad and wouldn't play. It was evident that they had been beaten enough to satisfy them. They are a strong club, but the Bluffs are a little too much for them.

The home nine is preparing to take a little trip to St. Louis, stopping at intermediate points.

A challenge has been prepared by the Council Bluffs nine inviting the Union Pacifics to meet them on the field. It is understood that the latter club are waiting to strengthen up their nine by some fresh importations before they play Council Bluffs. They will need to import nine men, or nearly so, and good ones, too.

While other members of the Council Bluffs are being singled out for special praise, Coach the short stop should not be overlooked. He has played in that position in the games between the Spaldings, and Atlantics, the St. Louis Reds and Council Bluffs,
