What It Costs Douglas County to Care for Her Demented.

The county clerk, Mr. John Baumer, has just received the bill from the auditor of state showing the amount due from the expenses of the insane asylum for the quarter ending August 31st. The bill amounts to the snug little sum of \$1,182.09. The bill of Dodge county for the same

item is \$322 23.

Douglas is represented by 37 insale persons and it will be seen by comparison with Dodge that she seems to pay all that she owes to say the least. It has been evident for some time past that other counties were sending their nsane to Douglas, which then fell heir to their expenses as they had to be sent up from here. The next legislature should make provisions by which the state will pay for the unfortunates, who ought to be general charge.

The convention was called to order at 8 o'clock by Hon. E. M. Correll, who read the call for the meeting, which has arready been published.

The following distinguished ladies and gentlemen occupied the platfor n:

PRAYER was offered by Dr. Mary F. Thomas, of Indiana, who said: They had come to-gether from the east, west south and north to discuss this important question. She invoked the blessing of God on the movement, and thanked the Almighty for the ment, and thanked the Almignty for the progress made in the cause in which so many had grown gray and advanced in years. The prayer was modest, fervent and elequent, and delivered in a firm,

sweet, womanly voice.

The choir then sang a beautiful anthem.

JUDGE ADA BITTENBENDER. Mr. Correll introduced Judge Ada Van Bittenbender, president of the Nebraska admitted to the bar in Neuraska and hence
"Judge," who delivered an address of welcome on behalf of the state. The address
was read from manuscript and was congratulatory in its character, reviewing the work in Nebraska and elsewhere, express ing hope of early future success and ex-tending a very pretty and cordial welcome to the 'noble guests" from abroad. The

quartette sang "OH, HUSH THEE, MY BABY," which was very beautiful and appropriate for the occasion, but would hardly bave done for the patriots of '76, when they struck for "Equality before the law," or for a modern political convention as a pre-amble to a declaration of rights. It was

heartily applauded, nevertheless.

ON HOLY GROUND, Nebraska was, she said, the first state to Nebraska was, she said, the first state to grant to women the boon demanded by our forefathers in the days of the revolution. What the woman suffracists demand to-day is the same thing in principle. The greatest trouble in the way of this is the custom that men should rule and women govern only the house. She wanted everybody to learn that all should have the right to help make the laws they are bound to obey, irrespective of sex. She wanted the women of Nebraska to

The second day of the state fair was blessed with pleasant weather, although a trifle too warm wdere the sun shope direct upon the back of a spectator who was interested in looking at articles outside the Halis, All the exhibits were put in place and the fair may be said to have started yesterday afternoon. The attendence, for the opening day - for the first days of an exposition are nothing but opening days, if it takes a week, even-was very good. was an indication of the hosts that will fill the spacious grounds the rest of the week All approaches to the fair were througed with teams and vehicles, enveloped in the inevitable cloud of dust, every vehicle having its quota of passengers. Visitors are beginning to arrive, and the number of strange faces show the interest that is to ken in the fair about this state. Fine Art hall was well filled all the at

An improvement on the flying horses this year is a system of bycicles that at one yesterday held a lively crowd of y ung men. It was about the only side-show that had fatry got to work.
