At the corner's impasse in New York, Saturday, on the tracks of the New York Central railroad tunnel, Bronson, telegraph operator, testified. His evidence went to show that he was crowded with work; that the wires were burdened with train reports which in a measure prevented him from flagging the train in time to prevent the disaster; that 198 trains passed his office daily. He was nervous and excited in his effort to get his train reports in and flag out at the same time, but being provided with an assistant. He weighed in \$3,000 bail and the brakeman and conductor in \$2,000 each. Bail was furnished. The station is a very important and responsible one and an operator who is employed is only eighteen years old.

A DANGEROUS BOY. He Sets Fire to a Neighbor's House and Then to His Own. The residence of Mr. John Rosisky, Sr., on the corner of Ninth and Hickory street, came near being destroyed by fire last Saturday afternoon in the absence of both Mr. and Mrs. Rosisky, the four-year old son of a neighbor walked into the kitchen, got some matches and set fire to some shavings on the outside of the kitchen. A three-year old girl of Mr. John Rosisky, Jr., who lives next door to his father, noticing the fire in-

formed, in the nick of time, her mother, who was at that moment visited by Mrs. Stoessel and Mrs. Krebs. All three ladies went to the rescue and found the whole side of the kitchen on fire and the flames creeping up the roof. It is due to the quick effort; one moment later and the house would have surely been beyond possibility of saving. The whole side of the kitchen is charred and some damage inside done. Otherwise the damage is nominal. The same boy repeated the same thing on yesterday morning. Raising a moment before his mother did, he went to the kitchen and getting some matches, set that room on fire. His mother's timely appearance prevented the fire.

MOORE OF YORK. The Favorite for Congress in a Staunch and Broadhearted County. YORK, September 21.—The anti-monopoly advocates of the county has selected delegates to the Hastings convention. Moore as a candidate for congress from the Second district. The doctor has several times represented his county in the state legislature, and the earnestness with which these men stand by him, and the ringing speeches referring to him as the only man in the last legislature who dared stand up in opposition to the machine, indicate that he is strong with the people, as the following resolution passed by that convention plainly expresses: "WHEREAS, Hon. S. V. Moore is a resident of this county and is highly respected and honored by all who know him as a firm advocate of the living principles of anti-monopoly, and one who has left a manly record against aggressive monopolies, therefore be it

Resolved, That the delegates from this county to the anti-monopoly congressional convention at Hastings, September 28th, be instructed to use all honorable means to secure the nomination of Hon. S. V. Moore as candidate for congress from the Second congressional district."
