Moore and Turner.

Special Dispatch to The Bee.

HASTINGS, September 28.—The anti-monopoly congressional convention of the Second district have nominated Dr. S. V. Moore, of York, for congress.

The Third district, which held its convention early this morning, endorsed Hon. M. K. Turner.

LAIRD NOMINATED.

Special Dispatch to The Bee.

HASTINGS, September 27.—The republican congressional convention of the Second district nominated J. B. McDowell, chairman of the district committee; G. L. Laws, of Harrison, and C. H. Tanner secretary, both of whom were afterwards made the permanent officers. The list of delegates presented by the chairman of the district committee was read and adopted by the convention. The convention then proceeded to a formal ballot for member of congress, Messrs. Sinclair of Seward, and Foss, of Saline, being appointed tellers. The vote resulted as follows: Laird, 114 votes; Post, 22 votes; Merrill, 17 votes; Jones, 10 votes. It was moved and carried that James Laird be declared the unanimous nominee of this convention. Mr. Laird was loudly called for, and when he came forward was received with great applause. He said that he had helped others, but now the gathering seemed to be for his benefit. "If your suffrages shall clothe me with this trust I will endeavor, manfully and bravely, as belongs to the Scotch race, to do my duty. If any of you have any idea that any railroad or anybody else, save only my constituents and my conscience, will control me if I win in this race, then you have a mean conception of your candidate. I am a republican, and I take my republican straight, but I am not for relying solely on the achievements of the past. The thing which concerns you and me is that we calmly measure the relations which now exist between capital and labor, between the exercise of corporate franchises and the continuance of civil liberty. I shall try and comprehend this responsibility in all its greatness, shirking for nothing. I accept the trust, and if clothed with the representative power will endeavor never to turn my back upon a friend, nor my back to an enemy. [Great applause.] Judge G. W. Post being called, said he would not keep them long. "I enjoyed Mr. Laird's address as well as you. He and I got together and concluded, as one of us might be nominated and have to make a speech [laughter] we divided the honor. In fact, I wrote the speech and Jim delivered it. [Laughter and applause.]

Woodford's Plain Talk.

Special Dispatch to The Bee.

NEW YORK, September 28.—Gen. Woodford, United States district attorney for this section, has been interviewed by The Brooklyn Eagle on the political situation. Gen. Woodford said, "It is time for plain speaking, as there are issues at stake in New York at this moment far-reaching in their consequences. It is impossible to reach any other conclusion but that fraud entered into the nomination made for governor by the republican party at Saratoga. It was unfairly effected. It is vain for any republican to pretend to be blind to the fact. I can't see how I can serve my country or my party by shutting my eyes to them. Fraud or forgery were resorted to in order to influence the action of the state committee, and in my opinion their wrong-doing invalidates all that the convention did. I have denounced the use of tisus in South Carolina and of rifles in Mississippi. Fraud is fraud, whether committed in South Carolina or New York. Voting falsely in the name of

others is as much fraud here as it is in Charleston. Honest men cannot tolerate it anywhere. If it triumphs in New York this year, can we secure any guarantee against it in shaping the action of the republican national convention? The best place to contend a wrong is on the very spot it first makes its appearance."

In answer to the query, "What is the way out of the difficulty?" General Woodford answered, "The short, direct and honorable way out of it is for Judge Folger to refuse to accept the nomination made under the circumstances. He served in the senate when I had the honor of presiding over that body. I have personal regard for him; I admire him for his ability, for his purity of character; I honor him as a jurist, but the republican party will not endorse the methods through which he was nominated. He cannot afford to do so by accepting the nomination. I hope and trust he will not, and in saying this I cheerfully accept whatever disadvantages the utterance involves, being sure of it, at all events, that I am true to my conscience, my party, and my country."

The Revolt Spreading.

Special Dispatch to The Bee.

NEW YORK, September 28.—The young republicans of Brooklyn who may be said to have forced Mayor Lowe upon the party a year ago, and to have secured his election, met tonight in the largest hall in Brooklyn, other than the Academy of Music. The hall was crowded. Resolutions were offered to the effect that the will of the mass of republican voters was suppressed by open and scandalous abuse of official power; that the party machinery through the immense influence and patronage of the federal administration was captured and manipulated in the interest of the official candidate; that the administration methods practised for securing the nominations for governor and lieutenant-governor be condemned and that such nominations impose no obligation on republicans to support them, the nominations not being entitled to respect.

The resolutions were almost unanimously carried. Gen. Tracy, Chas. Andrews, and A. B. Hepburn, republican nominees, were endorsed.

The Prohibitionists.

Special Dispatch to The Bee.

BOSTON, September 28.—At the prohibition convention to-day the following resolutions were presented and temporarily laid on the table:

WHEREAS, In view of the fact that the liquor traffic still continues to be the most frightful source of crime, misery, pauperism and taxation in the state, and that license is wrong in action.

Resolved, That the manufacture and sale of intoxicating liquor ought to be prohibited by law.

Resolved, That the constitution of the state ought to be so amended as to prohibit such manufacture and sale within the commonwealth.

Resolved, That we continue to demand at the hands of the legislature submission to the popular vote of the people at the ballot box of an amendment to the constitution of the state forever prohibiting the manufacture and sale of intoxicating liquors as a beverage.

Resolved, We recommend to the friends of temperance throughout the state to carefully ascertain how the candidates for the legislature of the various parties stand upon the question of submission of a constitutional amendment forever prohibiting the manufacture and sale of intoxicating liquor as a beverage to a vote of the people, and to vote only for such candidates as will favor such submission; that we pledge ourselves to call a ministerial convention in aid of such submission; that we pledged ourselves to call a convention in all large cities and towns in aid of the same; that we pledge ourselves to circulate petitions among the people and present them to the general court in aid of the same.

Mrs. Foster then made an argument in favor of prohibitory legislation.

Rev. Richard Eddy, secretary, presented a communication from the Massachusetts Universalist convention, now in session in Franklin, which stated the convention had adopted a resolution heartily approving the movement in behalf of a constitutional prohibition amendment.

After doing the "Doxology," the convention adjourned. In the evening overflow meetings were held.
