Sights and Sensations on Both Sides

of the Jordan.

Correspondence of Omaha Ben. SALT LAKE CITY, September 23 .-The few days just past have been full decisions of all three of the United States judges, in their respective districts upholding the territorial woman suffrage law. It was widely expected that the law would be set aside, and if so the "Mormons" would have been bereft of probably, forty-five per cent of their votes. But though it is understood that some of the judges do not favor woman suffrage as a principle, yet they all decided there was nothing unconstitutional in the act itself or contrary to the organic act wherein the powers of the local legislative assembly are defined.

Then came the appointments by the governor to fill the offices which he considers are rendered vacant by the tailure to elecs last August. From this opinion many non-Mormons, and I suppose, all the Mormons differ. At any rate the "ins" hold the fort, and refuse to surrender. The gubernato-rial appointments will consequently have to appeal to the courts to help them get in; but the difficulty is that the game, as a general thing, is not worth the powder. Lawyers fees and court expenses will amount to far more than the emoluments of the coveted offices. On the other side no expense will be spared, it is not with them an individual matter. It resolves itself into the question of the right of the majority to rule, and the majority here like majorities elsewhere will not give up the reins of power without a struggle. The immediate question, however, is not on the constitutionality of the law under which the governor acts, but the constitution of the law; the governor holding one view and ninety-nine hundredths of the people the other. Even some of the attorneya engaged to represent the case of the appointees, before they were retained, expressed strong opinions adversely to the position of those

who are now their clients. No trouble is anticipated from these complications, only a long and severe struggle in the courts, which will eventually be carried, where possible, to the Supreme Court at Washington.

A sensational dispatch has been wired over the country that the sendto Fort Douglas was in consequence of expected trouble at the polls next November at the election for Territorial Delegate. Of course this was nothing but a fiction. The Mormons have no need to make trouble, for nothing but a fiction. withstanding the disfranchisement of will probably poll a larger vote than reimbursed in the sum of \$3 12; then ever before. This arrives from the to be dishonorably discharged and to fact that owing to the ripple on the political waters many have registered who never did before, and in many three months. places the lists are larger now with monogamic names only, than they were before the practisers of plural marriage were erased.

Last week I mentioned that probably Mr. Parley L. Williams would be the "liberal" candidate for delegate; there is now some talk of Judge Jacob M. Boreman receiving the nomination. The judge, until lately, was U. S. associate justice in the territory and is a terrible "Mormon-eater;" he has not the weight nor the brains of Williams, and would be unacceptable to all but the extreme wing of the Gentile residents in Utah. It is also known that Mr. Allen G. Campbell would like to run for that position, but since his contest with the late delegate prudential reasons render it more desirable that a new man should be

THE UNCOMPHAGRE UTES.

Recommendations of the Ute Commission Regarding Their Treatment.

General O. O. Howard was looked for on the afternoon train to-day, returning from his trip to Fort Thornburg, Utah, and other western posts. A dispatch from Fort Thornburg after his arrival there says:

To-night General O. O. Howard, commandant of the department of the Platte, arrived here. He meditates, under the authority of the commanding general of the division, Sheridan, remanding from Fort Thornburg such troops as are here, if the Ute commission recommend the same. As yet the commission has not acted in the premises, but it is reasonable to suppose that they are agreeable, as the agents at Oursy and Uintah have no fears of trouble, and the commission itself has none, unless the interior department at Washington hesitate to comply with the requests of the commission as made. If it does not there will be trouble with the Utes in the spring. Troops are not needed here. The Indians do not desire their presence, and the whites

NOT AFBAID WITHOUT THEM. The Mormons of this section advised the White River Utes to refuse to accept annuity money from the government, which they did not, how-ever. The Ute commission has recommended the watering of the land occupied by the Uncompander Utes, which have not as yet been subdivided, and when that is done the Indians will find enough Should there be any school teachers the government has never as yet carat posts in the department of the Mistried out its agreement with them, but the commission hope within the re-quired time to do that which the law and instructions of the secretary of heretofore been disapproved.

## Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as Brown's IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Logansport, Ind. Dec. 1, 1580. Logansport, Ind. Dec. 1, 1880.

For a long time I have been a sufferer from stomach and kidney disease. My appetite was very poor and the very small amount I did eat disagreed with me. I was annoyed very much from non-retention of urine. I tried many remedies with no success, until I used Brown's Iron Bitters. Since I used that my stomach does not bother me any. My appetite is simply immense. My kidney trouble is no more, and my general health is such, that I feel like a new man. After the use of Brown's Iron Bitters for one month, I have gained twenty pounds in weight.

O. B. Sargent.

Leading physicians and clergymen use and recommend Brown's Iron Bit-TERS. It has cured others suffering as you are, and it will cure you.
