A LIVELY BLAZE

The Stable of the Rock Island House Burns, with Contents and Live Stock,

About midnight Wednesday night there was a lively fire, by which Mr. Mitchell's stable, belonging to the Rock Island house, was burned to the ground. The cause of the fire is unknown, but is supposed to have originated from some vagrants sleeping in the barn. The fire burned so rapidly that it was impossible to save even the live stock, and three horses were burned. There was other property in and when last seen was skipping up the barn, and the loss reached in all ful quantities, and the Bavarian band about \$2,500, to offset which there is about \$1,000 insurance.
