River 5 feet 7 inches above low water mark at Omaha, 2 feet 0 inches at Yankton. Mississippi 4 feet 0 inches at La Crosse, and 5 feet 10 inches a Dubuque.

LOCAL BREVITIES.

—Mrs. A. P. French, Teacher of Vocal and Instrumental Music, corner Saunders and Charles street. oct16-1mo

—Two wagon loads of poles and wires were sent to Irvington to begin the construction of the Fremont telephone line.

—The Burn's club have leased the elegant hall lately completed by Messrs. Feeney and Connolly, cor. Sixteenth and Burt.

—The ball of the Irish-American band on the 19th will be held at Masonic Hall. The committee are making arrangement for a first class good time, and it will be a success as upon all other occasions. A large number of tickets have been sold.

—A complaint has been filed against hack driver No. 11, for overcharging a passenger for fare from the depot up town. He levied two dollars as his fee.

—A verbatim report of the entire debate between Miss Susan B. Anthony and Mr. Edward Rosewater, has been published in a supplement to THE WEEKLY BEE and can be had at this office with copies of the weekly.

—In the police court yesterday there were three plain drunks. Two were sent to jail and the other case continued. Three men were up for disturbing the peace. Two were discharged, one a soldier, and the third paid $3 and costs. One individual paid $20 and costs for carrying concealed weapons.

—There will be a rousing and important meeting of the land league on Wednesday evening, at which matters connected with the present status of home affairs in Ireland will be discussed and also propositions for future action. All members of the land league and others interested in the work should be present.

—Owing to the publication of the verbatim report of the Anthony-Rosewater debate in the WEEKLY it was impossible to furnish the concluding part of it in the evening edition of Monday's daily, which was in the morning edition of that date.

—General Manager Clark, Assistant General Manager Kimball, General Freight Agent Vining, Superintendent Nichols, General Superintendent of Motive Power Congdon, Director Fred L. Ames, all of the Union Pacific, and Charles Francis Adams, Jr., left Omaha yesterday in a special train for a general tour of inspection over the Union Pacific. They were joined last night at North Platte by Sidney Dillon, president of the Union Pacific, who went out on Sunday to visit his ranch near that place.

—The ticket office of the B. & M. and the K. C., St. Joe & C. B. railways has been moved from No. 1020 Farnam street to the new quarters, at the northeast corner of Farnam and Thirteenth streets. The new office has been handsomely fitted up, is beautifully painted, papered and furnished, and presents an attractive appearance. It is in charge of Andy Borden, who is the joint ticket agent of the B. & M. and K. C., St. Joe & C. B. roads. The B. & M. telegraph office is also located in this office, this road owning and operating its own system of telegraph for commercial business.

—It is stated that a safe burglary, not heretofore reported, took place on Saturday night a week ago at the office of the Wyoming coal yard on South 13th street. The burglars succeeded in blowing open the outer door and had drilled holes through the door to the cash drawer when something frightened them away. They were heard by two different parties who were not armed and could not interfere. The safe contained about $900 in cash, taken in that day and it was mere accident that this was not carried off. Since the occurrence all cash is now taken to the headquarters for safe keeping over night.

—Mr. Wm. Neve, who for so many years was located on the corner of Eleventh and Farnam, has lately removed to the corner of Tenth and Howard street, Turner Hall building. Mr. Neve being an expert watch maker and jeweler of long experience during his stay in Omaha, has gained a host of friends. His present store is finely fitted up with elegant show cases and counters which are filled with stylish jewelry, watches, chains, silverware, etc. A fine display of clocks is also visible. Whoever is so fortunate as to know Mr. Neve will appreciate the change he has made, and THE BEE hopes that he will as upon all occasions meet with success.

ATTENTION.

Carpenters and Joiners.

A mass meeting of carpenters and joiners will be held on Saturday next at Feeney & Connolly's hall, corner Sixteenth and Burt. All interested in the welfare are invited to attend. A committee.

SLAVEN'S YOSEMITE COLOGNE Made from the wild flowers of the FAR FAMED YOSEMITE VALLEY, it is the most fragrant of perfumes. Manufactured by H. B. Slaven, San Francisco. For sale in Omaha by W. J. Whitehouse and Kennard Bros. & Co.

LOVE'S LABOR.

The Work of the Woman's Foreign Mission Society.

Closing Day of Their Annual Convention.

The Woman's Foreign Missionary society continued its sessions up to Saturday night, when the final adjournment was taken.

Among the business transactions toward the close of the convention were the following:

SECRETARY'S REPORTS.

An address by Mrs. Lucy E. Prescott, combining the report from April 1, 1881, to October 1, 1882.

Western branch motto: "Every woman and girl in the church for the Woman's Foreign Missionary society," has been kept in view by the workers.

The eleven conference secretaries report favorably, while a few societies have declined, many have been revived and 100 new auxiliaries have been organized.

Two new conferences have been formed in Kansas, two in Nebraska, Misses Morrow and Hammond having charge in Kansas, and Mrs. Shelby in Nebraska. We have fifteen conferences in the six states of Minnesota, Iowa, Missouri, Kansas, Nebraska, Colorado, and Wyoming and Dakota territories, embraced in the western branch district, are receiving increased attention.

Bands, where auxiliaries cannot be formed, have proved successful in "gathering up the fragments."

Twenty five young people's societies have been formed since last report. Eighty-four thousand pages of leaflets have distributed through the branch. The circulation of the Heathen Woman's Friend should be increased until we have one copy in every family.

One conference has contributed $1,000 in $10 shares for rebuilding the "Home" in Peking. Eight honorary managers have been made. Christian offerings $1,878 46.

In reporting the foreign work from Mrs. Prescott's report we glean that in India two ladies represent the western branch, Misses Blackmar and Budden at Lucknow, whose work constantly grows more interesting, also throughout all India. In Foo Chow, China, the work is reported very prosperous. At Pekin the branch supports ten scholarships. Very interesting letters have been furnished patrons by Miss Clara Cushman.

At Tientsin the training school for women, established by Miss Porter, is doing a grand work.

The western branch, in May, 1881, assumed the support of Miss Ella Gilchrist, sent to Kiu Kiang, also one-half the hospital expenses at that point.

The last quarterly report of Dr. Gilchrist is as follows: Dispensary patients, 670; prescriptions, 1,162; house patients, 55; visits, 54.

Japan—Mrs. Van Petten sends very cheering reports of the work in Tokio, seven scholarships being supported by the western branch.

Of the work recently opened at Nagasaki Miss Russell reports very satisfactorily. Five scholarships are supported by the western branch.

In Hakadadi one teacher and two scholarships demand the sympathy and support of this branch.

Space forbids more than passing reference to the wonderful growth of the work in Mexico, Italy and South America. Also, to the heroic labors of Miss Sharp in Africa.

Mrs. Murphy, of Grinnell, Iowa, after a very happy preface, delivered an address upon "The Philrsophy of the Woman's Foreign Movement."

COMMITTEE REPORTS.

Report upon missonary candidates, Hammond, chairman, recommended Miss Neppie Hawkins, Albany, Mo. Miss Price, conference secretary, spoke of the fitness of the candidate for the foreign work.

Committee on nominations Mrs. Porter, chairman, completed unfinished report. Upon their nomination the conference and district secretaries wer duly elected. The president read a telegram from the W. C. T. U. assembled at Des Moines, Iowa, sending greeting.

The recording secretary, Mrs. L. B. James, was instructed to send a suitable reply.

The committee upon by-laws, Mrs. H. M. Shattuck charman, presented a report which after being considered item by item, with unimportant changes was approved and the committee was discharged.

The committee on young ladies' societies, Mrs. C. M. Woodward chairman, made a report which was duly accepted.

The constitution and by-laws for young ladies' societies with slight change was adopted.

Invitations for the next annual meeting were received from Oskaloosa, Iowa, Topeka, Kansas, Muscatine, Iowa, and Denver, Colorado.

Upon vote Topeka, Kansas, was chosen as the place of next annual meeting.

Committee on next annual meeting—president of branch, corresponding secretary of branch and two ladies of Kansas conference.

Committee on publications, Mrs. E. K. Stanley chairman, made a report, which was approved.

Committee on resolutions, Mrs E. M. Battis chairman, introduced resolutions of thanks to the president and officers of the branch for their successful care of the meeting; to the people of Omaha for very delightful and hospitable entertainment; to Rev. J. W. Shank, pastor of Eighteenth street church; to the trustees of the church, the choir, the various railroads and the press of Omaha.

RESOLUTIONS.

Resolutions of sympathy for Drs. Kate Bushnell and Ella Gilchrist on account of ill health.

A resolution expressing loss in the death of Mrs. M. J. Hazan, of Iowa.

Resolutions of condolence to Mrs. Emily Huntington Miller, recently become a widow, and Mrs. Keebler.

Presentations of a beautiful cushion by the ladies of the branch to Mrs L. E. Prescott, and of a Chinese laundress to Mrs. Jennie Beck, were very pleasant surprises to the recipients. Mrs. Nindle was presented an exquisite basket of flowers by Mrs. Arnold, of Omaha.

Miss Price, secretary of Missouri conference, gave report, approved by meeting.

MISCELLANEOUS.

Miss Libbie Pearson gave an able address upon young ladies' work in W. F.

Mrs. Powers, of Muscatine, Iowa, was next introduced, who discussed the preparation for and opportunities of young women for missionary work.

Report of Des Moines conference read and accepted.

Report of Upper Iowa conference read and accepted.

Report of Iowa read and accepted.

Nebraska conference report accepted.

A motion prevailed to instruct the delegates to the general executive committee to place the appropriations of the western branch at $25,000 for the coming year.

Report of the committee on mite chests were presented and approved.

THE SATURDAY EVENING SESSION

of the Woman's Foreign Missionary society was opened by devotional exercises, following which the reading of papers was in order.

Mrs. Dr. Porter, who in former years was herself a foreign missionary, produced an able resume of the work to be accomplished in oriental fields, and the duty of activity at home.

Miss Jennie Beck was called upon to make a report from the Iowa conference, and said: It can hardly be expected that I can present a faithful report out of the material that I have thrown together in a few hours, but I shall offer the best I have. In Miss Beck's paper she held up before the ladies a very practical epitome of the work accomplished in the territory embraced in that field.

Mrs. Shattuck, of Colorado, read an excellent paper.

A collection was taken up, interrupted near the close by the presentation of a large likeness to the president, Mrs. Mary Ninde, in behalf of the branch. Mrs. Ninde accepted it by making one of her characteristic speeches.

The reading of the minutes was called for, and the final adjournment was reached.

SUNDAY'S PROCEEDINGS.

On Sunday morning at 9 o'clock a large number of delegates and members of the local churches met in a love feast at the First M. E church, and the ladies from abroad contributed to the enjoyment of the occasion by brief mention of appropriate portions of their religious experience.

At 10:30 o'clock Mrs. Ninde preached an able sermon to a crowded house.

In the afternoon the Sunday school session was held at the usual hour, following which a mass meeting took place, and was addressed by some very gifted ladies. Mrs. G. W. Power in her oriental dress attracted attention, and greatly interested the young people with an exhibition of Chinese jewelry, a scabbard containing a knife, chop stick, tooth brush, etc. And her song in the tongue of the celestial was a treat to the children. The rain in the afternoon interferred very much with the attendance upon the services, but numbers of persons met in the evening, and a joyful service, at night, brought to a close the exercises of the convention.

PERSONAL.

F. Meyer, of Denver, is at the Millard.

McKee Rankin and his company are divided between the Millard and Metropolitan.

W. H. B. Stout, the Lincoln contractor, is at the Millard.

T. W. Lowrey, Lincoln; C. H. Heath, Shelton; Alfred Harter, Beatrice, and H. F. Downs, Lincoln, are at the Millard.

Ralph Weston, of Denver, is at the Metropolitan.

John F. Harris and John Ryan, of Lincoln, are at the Metropolitan.

Chester Prentiss, of Wyoming, is at the Metropolitan.

C. M. Murdock, land agent of the B. & M., at Wymore, Neb., is at the Metropolitan.

Mr. Geo. Canfield, proprietor of the Canfield house, has gone to Camp Canfield to pay off his men.

Sherman Canfield, who is now a student at the State university, came up to spend the Sabbath with his folks.

V. A. Mackin, Columbus; J. M. Patterson and wife, Plattsmouth; F. B. Tiffany, Albion; Dr. J. E. Lamb, Wahoo; J. J. Hochstetter, A. Zimmer, L. Levi and E. Gainzell, Nebraska City, are at the Paxton.

Beach I. Henman, of North Platte, is at the Paxton.

M. A. Carter, of Fort Bridger, W. T., is a guest at the Paxton.

M. Bur, of New Orleans, and B. Bur, of North Platte, are registered at the Paxton house.

George Crawford and wife and Mrs. Frank Gault, of Council Bluffs, were at the Paxton last night.

J. C. Morrow and wife returned from the east Suaday.

E. C. Kaiser, formerly with Ed. Mauer, returned from a four weeks visit to the east yesterday. He looks well and reports having had a good time.

Excursion—I. O. O. F.

The I. O. O. F. will have an excursion to Fremont on Thursday, October 19th.

Train leaves U. P. depot at 8 o'clock a. m. sharp, and will return in the evening. Tickets for round trip, $1 00; for sale by members and at the train.

All Odd Fellows and their ladies and friends are invited.

Members of the order are requested to meet at Odd Fellows hall at 7 o'clock a. m. Thursday morning and march to the depot.

The U. P. band will accompany the excursion. 17-m&stf

DIED.

KOCH—Helena, wife of Henry Koch, died at 9 a. m. Sunday, aged 25 years.

Funeral took place at 3 p. m., yesterday from the residence on Harney, between 8th and 9th.

REDDING'S Russia Salve is unequalled for chilblains, chapped hands, frost bites etc. Try it.

BOARD OF TRADE.

Report of the Committee on Fair Ground Funds.

The Montana Excursionists Resolve at Length.

A Committee Appointed on Glucose Works.

A special meeting of the Omaha board of trade was held last evening, the principal object of which was to take some action in regard to the establishment of glucose works in Omaha, although as there was no regular meeting on the 2d, some other business came up in the course of the evening.

The meeting was called to order at 8:30, and roll call and the reading of the journal was dispensed with.

The first business was the report of the committee on

FAIR GROUNDS.

Total amount collected	$4,919.00
Paid City Water Works Co., for laying pipe to gate	1,760 00
Repairing stalls and grounds	260 71
Erecting fine art hall	1,495 00
Erecting power hall	769 00
Laying pipe in grounds	464 40
Lumber for stalls, pens, etc.	141 7
Reception Hon. H. B. Loring	60 00
Sign for fine art hall	5 00
Total	$4 885.48
Balance in bank	$ 33.52

On motion the report was received and the committee discharged.

A vote of thanks was tendered Mr. W. H. McCord, the chairman of the committee, for his diligence in collecting and disbursing the fund. Mr John Evans on behalf of the committee appointed to draft resolutions in regard to their excursion to Montana and the Yellowstone National Park, reported as follows:

THE MONTANA EXCURSION.

Mr. President and Gentlemen of the Board of Trade of the City of Omaha:

The members of the Omaha Board of Trade, participating in the excursion to Montana and the National Park, desire to express their thanks for and high appreciation of the many attentions and courtesies extended to them all along the line of their route during the four weeks spent among the grandest scenery of the world. The generous hospitality, the magnanimous and pains-taking care and attention shown us at each point of opportunity, are bright spots in our memories, never to be forgotten. While all cannot be especially noted we desire to mention that

TO THE UNION PACIFIC

railroad company, under its generous management, we are indebted for this brief period of rest and enjoyment, and the many favors shown us are highly appreciated. To the

PULLMAN PALACE CAR COMPANY

through their superintendent, L. M. Bennett, and Assistant Superintendent Coolidge, are most heartily extended—provided with the best of their rolling palaces we were supplied with all the comforts of home while speeding on our way over the smoothest of railroads and the greatest attention being given to our every comfort by conductors and porters.

There are few efforts to please more successful in their results than to thoroughly satisfy

THE CRAVING APPETITE

of the hungry traveler, or the mincing tastes of the fastidious epicure. This successfully accomplished is much, but when coupled with the remark, as was made to us by the Messrs. Kitchen brothers, at their Green River and Evanston eating houses, "There is no charge for you, gentlemen," we were like the camels, and this straw broke our backs. At Dillon our host, P. O'Neil; at Butte Messrs. Aylesworth & McFarland; at Rock Creek our host and fellow townsman, Baker, and at Blackfoot, Idaho, our hosts, Keene & Anson, made especial preparations for our entertainment, generously reducing rates to the minimum, while providing served us on the trip one of the most bounteous of meals.

To the mayor, city council and prominent citizens of

BUTTE

we are greatly indebted for many opportunities to see and examine the wonderful resources of this live, growing city, and extensive mining camps. Our stay in Butte was made exceedingly pleasant by the untiring efforts on the part of the gentlemen mentioned to make our visit one to be remembered.

AT HELENA

we were received by the board of trade, mayor and city council and prominent citizens, all vying with each other to make our visit with them an enjoyable one. Conveyed by carriages to the Hot Springs, placer mines, United States mint, fair grounds, and many points of exceeding interest, stopping on the way at the beautiful home of our friend Kessler, our party of fifty and more were entertained in a right royal manner, reaching our hotels in time to accept the invitations of our hosts to visit with them the opera in the evening. Our two days' stay at Helena were busy routine's of pleasure. Our departure from this point by private conveyances for a grand onslaught on us by our friends, requiring several hours in leavetaking, and many good wishes followed us as we left, laden with numerous mementoes of our kind friends. We with much regret said the last good-bye to those to whom we were so deeply obliged for the exceedingly pleasant days spent among them.

IN THE YELLOWSTONE.

To Major Conger, superintendent of the National park, and wife, we wish to express our deepest obligations. Devoting time already occupied to our especial service as our companions among the wonders of the geysers, his thorough knowledge of the wonderful things to be seen, coupled with the explanation of their workings, and his time devoted to us was of great value and deserves our fullest acknowledgement.

A GREEN SPOT

to the camper out, and one that brightens the eyes and gladdens the heart, is to suddenly espy a place where man and beast may find refreshment. Such was our good fortune when out from the grand mountain scenes on the edges of a beautiful park, ensconced amidst a grove of beautiful pines, we came to the National Park hotel. Mine host Marshall was indeed a friend in need. At our order (almost instantly), bands of fresh horses, spring wagons, etc., were placed before us from which to choose. Visiting the larder we selected a stock of provisions, finding every needed article to make the continuation of our trip one of comfort. For the best outfit at the most reasonable charges, for the untiring attention given us we are indebted to our host Marshall, of

THE NATIONAL PARK HOTEL.

Our return to the railroad and time spent at many places on the way was one of continual surprises at the attention and time given to us by our stranges friends at Salt Lake.

DR. D. BANKS MCKENZIE,

a whole host in himself, was our guide, enabling us to observe much which we would not have otherwise seen. At Denver our friend Perky gave us every opportunity to see clustered together in the great mineral exposition samples of the wealth produced by this rugged, mountainous country, over so much of which we had passed.

Our party one and all are sincerely grateful for the many kindnesses received, especially to the members of the press, at home as well as all along the line. We are indebted also to the

WESTERN UNION TELEGRAPH COMPANY

which generously placed its lines at the disposal of the party for communicating with friends at home and purposes connected with the excursion, free. And we desire to express through your commitee the wish that we may reciprocate these attentions should opportunity occur.

Your committee submit the accompanying resolutions and recommend their adoption: Respectfully,

JOHN EVANS,
O. S. WOOD,
C. F. DRISCOLL,
Committee.

Resolved, That the foregoing report be and the same is hereby adopted, and that the board hereby expresses hearty thanks to all the parties named for the hospitalities, courtesies and kind attentions shown the delegation from this board, constituting the "Omaha board of trade excursion to the National park," August, 1882.

Resolved, That a copy of the report and appended resolutions be furnished the press with a request to publish the same.

On motion, the report was received and, with the resolutions, adopted.

The secretary presented a lengthy communication, setting forth the merits of the new process for manufacturing glucose, which are briefly as follows:

First—A superior product.

Second—The quantity is not second to the quality.

Third—All that portion of the grain which is not convertible into saccharine is by this system obtained as food for cattle, etc.

Fourth—The cost of production is much less.

Fifth—Rapid production requires but three days, as against eight days by the starch processes.

Sixth—Works cost about one-half of those required by the old starch plan.

Seventh—Less working capital is required.

From the foregoing statement of Messrs. Fell & Jepson, the following conclusions are drawn as regards the erection of works at Omaha of a daily capacity of 3,000 bushels of corn. Two hundred and fifty thousand dollars capital would realize quite satisfactory returns per year. It is estimated there is 110,000,000 bushels of corn in Nebraska this year, and that the price will be about forty cents. Adding fifteen cents expense for manufacturing, making the whole cost 55 cents, and giving as an expense on 3,000 bushels daily $1,650. Counting product at 70 to 75 per cent, it is safe to say that, with three and one half gallons per bushel, at 40 cents, we have $4,200, or net $2,550, or a grand total of $765,000 on working 300 days in the year, or more than 300 per cent of the capital employed.

It is also apparent that the cost of corn and expense of manufacture may be largely increased, and the selling price reduced, and still return an enormous profit.

In this estimate, no account is made of the feed estimated to keep 3,000 head of cattle, which stock men understand the value of.

The royalty for use of the patents is two cents per gallon on a capacity of 1,000 bushels per day, and less on 3,000.

President Clark appointed a committee of three to further the interests of the establishment of glucose works in this city. The committee consisted of Messrs Boyd, S. R. Johnson and Secretary Gibson.

METROPOLITAN HOTEL, OMAHA, NEB.

Tables supplied with the best the market affords. The traveling public claim they get better accommodations and more general satisfaction here than at any other house in Omaha. Rate, $2 per day. aug21tfm

Notice

The "Hawthorn Centennial Excelsior Roof Paint," was patented May 24th, 1881, and letters patent number 241, 803. Any person found or known to tamper with the manufacture of said paint will be punished to the full extent of law. No person has any authority whatever to sell receipts. HAWTHORN & BRO., Lancaster Pa.

A responsible party will buy a banking business or open a new bank in a good live town. Interested parties address P. O. drawer No. 64, Omaha, Neb. 16 6:

DEFENDERS OF THE DUMB.

A Semi-Occasional Meeting of the S. P. C. A.

The humane society met last evening in the ladies' reception room of Boyd's opera house. The following communication from Col. D. B. Houck, the agent of the society, was read and ordered filed:

"Knowing that many of you think it singular that I have failed to make complaints or prosecute violators of the cruely to animals law since the funds from which I was paid became exhausted, I deem an explanation necessary on my part."

"I am now, as I always was, in favor of protection to dumb animals. It has, however, been impossible for me to secure any conviction from the present incumbent at the city police court, who from personal or other motives has repeatedly refused to convict—especially so in the last three (3) cases which I brought before him while under pay from your society.

Since then and even as late as Saturday last, complaints have been made to use of "cruelty to animals."

"This, ladies and gentlemen, is the cause why I have so long remained seemingly inactive. I should like very much to attend your meetings, but as I live so far away, and the roads being so bad, it is impossible for me to do so."

Inquiry being made as to whether any action had been taken with regard to street car horses on the St. Mary's avenue line President Kennedy stated that there was a noticeable improvement in the condition and character of the stock used on those cars.

The president reported objection was being made to the location of the public drinking fountain as chosen by the society, and after some discussion it was agreed that a point, to be chosen by the committee on fountains and the executive committee, on Sixteenth, between Douglas and Capitol avenue, would be satisfactory to the society. A meeting of these committees is called for 2 p. m. sharp, at the office of O. F. Davis, 1505 Farnam street, in order that the matter may be presented to the city council tonight. The following constitute the committees, and it is hoped there will be a full attendance:

Executive Committee—E. W. Simeral, T. H. Leavitt, Martin Dunham, Mrs. J. B. Jardine and Mrs. P. L. Perine.

Committee on fountains—Judge Jas. W. Savage, P. L. Perine, Rev. John William, M. Toft and O. F. Davis.

Mrs. Jardine stated that in the portion of the city where she lives pigeons have their legs and wings broken by means of slingshots in the hands of boys who have become so expert in the use of these weapons as to render them dangerous to passers-by. She stated that in Jersey City and other eastern cities this had become so great a nuisance that a fine of ten dollars is now imposed upon all boys found with sling shots in their possession. On motion the secretary was directed to request the city marshal to do what he could to abate this pastime of street gamins.

The society then adjourned until the second Monday in November.

FOREIGN NEWS.

THE ENGLISH IN EGYPT.

Special Dispatches to THE BEE.

REORGANIZING THE ARMY.

ALEXANDRIA, October 16.—Baker Pasha, commissioned by the khedive to reorganize the Egyptian army, proposes to concentrate on the line of the Cairo railway the war material spread over Egypt, and select therefrom equipment for the new army, and sell the surplus by auction. He recommends Riaz Pasha to undertake the organization of the police. Two natives were hanged to-day at Damanhour.

DEFENDING ARABI.

CAIRO, October 16.—Sir Edward Malet announces the trial of Arabi Pasha and associates will not probably proceed unless they are defended by English counsel, while the Egyptian has informed Sir Edward it will not be responsible for the government of the country if the English counsel introduces a method of procedure unknown to Egyptian courts.

In regard to the defense of Alexandria, Arabi Pasha avers he acted under orders of the khedive and continued war after the bombardment by order of the national council at Cairo.

LONDON, October 16.—The Times says that unless proper arrangements will be made by the Egyptian authorities to procure a fair trial for Arabi Pasha and his fellow leaders, it is possible the British government will retheir be handed back into English custody.

THE VERDICT IN ADVANCE.

CAIRO, October 16.—The evidence of Arabi's complicity in the June massacre is possibly insufficient to secure his conviction, but leaves little doubt that guilty will be the verdict of impartial minds. Correspondence between Arabi and various persons which fell into Walseley's hands after the battle of Tel El Kebir has reached the foreign office. There are 800 documents in the correspondence. At a private investigation of rebel prisoners, most of them objected to being questioned in regard to events which occurred prior to the outbreak, Arabi especially urging they were covered by general pardon issued by the khedive Arabi declares the June massacre was precipitated by the presence of the British fleet.

ARABI'S DEFENSE.

CAIRO, October 16.—It is believed in official circles that proof of Arabi's complicity in the June massacres at Alexandria will not be obtainable. It is claimed that Nietz, the Swiss, can prove many Bedouins were shot at Arabi's order.

WILL DEFEND HIMSELF.

Arabi persists in declaring he will defend himself if denied English counsel at his trial.

GENERAL FOREIGN NEWS.

Special Dispatches to THE BEE.

LOCAL SELF-GOVERNMENT FOR IRELAND.

DUBLIN, October 16.—The demand for local self government in the programme of the national conference includes the abolition of nomination by the government to office and the abolition of the office of lord lieutenant. The central council of the new League will consist of thirty members, twenty of whom will be elected by the county conventions and ten by the Irish parliamentary party.

REBELLIOUS MINERS.

PARIS, October 16.—An appeal by Victor Hugo depreciating the execution of Arabi is published.

A dispatch from Montecatles mines reports the gen d'armes discovered fifteen dynamite cartridges with lighted fuse attached hidden near a school house. They were extinguished without explosion. Two thousand troops are stationed in the neighborhood of the town.

DAVITT'S DOCTRINES.

DUBLIN, October 16.—Michael Davitt, in a speech at Edgeworth, Longford, declared that the only thing that could bring peace to Ireland was recognition of the tenants absolute ownership of any property in the soil. He either created or purchased a right of undisturbed occupancy for the tenant.

THE NATIONAL PROGRAMME.

DUBLIN, October 16.—The Freeman's Journal, in reviewing the programme of the national conference, says it is strictly constitutional and parliamentary. Only within the lines of the constitution can the battle of Ireland be effectively fought.

Elaborate military arrangements have been made at the vice-regal lodge. Soldiers leave the barracks only in couples. Half the available force is to be retained in the barracks.

Marwood, the hangman, is threatened with assassination if he ventures to go to Ireland to perform an execution.

BURNED IN HARBOR.

LONDON, October 16.—The North German Lloyd steamer Frankfort burned yesterday, while at anchor in the harbor of Bremerhaven.

AGAIN FRIENDS.

The Times says it has reason to believe there is good prospects of a friendly understanding being arrived at between France and England in regard to Egypt.

FROZEN UP.

ST. PETERSBURG, October 16.—Freezing weather has set in. Navigation has been suspended in the Volga and Kama rivers on account of drift ice.

Notes.

Special Dispatches to THE BEE.

BERLIN, October 16.—The appointment of Count Von Hartzfeldt as secretary for the foreign office is gazetted. Burchard, secretary of state for the imperial treasury, is designated as plenipotentiary of Hesse in the federal council.

Herr Von Eisenkecker, present German minister to Japan, will be appointed minister to the United States.

MADRID, October 16.—The programme of Marshal Serano's new party is drawn up, but its terms are not yet made public.

PARIS, October 16.—The international congress for the protection of submarine cables had its first sitting at the ministry of foreign affairs to day. The minister of posts and telegraphs presided. The business was confined to the presentation of credentials. Morton, United States minister, and Vigaud, second secretary of legation, will represent the United States.

DUBLIN, October 16.—Dillon will not attend the conference of the Irish Nationalists.

ODESSA, October 16.—The Tiflies mail has been robbed, the postillion murdered and 500,000 roubles stolen.

PARIS, October 16.—Gerville Reache, member of the chamber of deputies, offers to defend Pasha.

BERNE, October 16.—Ninet, Arabi Pasha's advisor, expelled from Egypt, has arrived here.

DUBLIN, October 16.—Inspector Morrow left for Kingston to-day with Stewart, of the ship Gladstone, to identify and bring home Westgate, the self-confessed murderer of Cavandish and Burke.

TELEGRAPH NOTES

Special Dispatches to THE BEE:

GRAND RAPIDS, Mich., October 16.—Burglars broke into A. Zierlyer's jewelry store last night, drilled open two sets of double doors in the safe, and secured some $10,000 worth of diamonds, watches and cash.

RICHMOND, Va., October 16.—Thoma B. Christian, stock broker, has failed; liabilities unknown; assets small.

FORTRESS MONROE, October 16.—The Vandalia and monitor Montauk, for Philadelphia, have returned to the Roads. The Montauk was unable to make headway in the heavy sea.

SAN FRANCISCO, October 16.—The British ship Bremen, Captain Dougal, from Liverpool, ran ashore on Farrollone island this morning at 10 o'clock, during a dense fog. The crew were all saved and brought here by the schooner Daisy Rowe. The vessel will probably be a total loss.

Dividing the Spoils.

Special dispatch to THE BEE.

NEW YORK, October 16.—The joint conference committees of democratic organizations of this city, after a long consultation, divided the ticket so that the naming of sheriff goes to Irving hall, county clerkship to the county democracy, and two judges of the superior court and three coroners to Tammany. Irving hall named as her candidate for sheriff Alex V. Davidson, and the county democracy present Patrick Keenan for county clerk. It was said Iving Hall had threatened to withdraw unless given either shrievalty or county clerkship, and Tammany after a long talk yielded the point. The ticket will be submitted to the different conventions to-morrow evening.

Arrest of Bowen.

Special Dispatch to THE BEE.

PHILADELPHIA, October 16.—Henry A. Bowen, accused of attempting to bribe Wm. Dickson, foreman of the star route jury, was arrested to-day, charged with obtaining a month's board by false pretenses.

A Grade Restored.

Special Dispatch to THE BEE.

WASHINGTON, October 16.—The secretary of the navy has decided to restore the grade of Port Admiral at New York, abolished when Vice Admiral Rowan was relieved from the yard. Commodore John H. Upshur, at present commandant at New York, to be assigned to the position in addition to his present duties.

The Lost Preston.

Special Dispatch to THE BEE.

LONDON, October 16.—The cargo of the steamer Preston ashore near Berwick, is still being thrown overboard. Three tugs were in attendance yesterday, but nothing could be done towards floating the vessel. This morning the Preston remains broadside to the sea in a bad position. No lighters or boats can get alongside.
