SPECIAL DISPATCHES TO THE BEE.

THE PRESIDENT'S HEALTH.

WASHINGTON, October 20.—The president has returned, in excellent health. The report that he was suffering from Bright's disease is incorrect.

STAMPED ENVELOPES will be sold to the public after January 1, 1883, at reduced rates of 10 per cent on present prices. The post-office department has also arranged to print special return request notices upon envelopes without additional charge, when ordered in quantities of 500 or more.

THE CABINET.

The session of the cabinet to-day was short and unimportant. No names were agreed upon for vacancies in the army, caused by the retirement of M. D. Wells. The political situation in New York and Pennsylvania was informally discussed. The president appointed Edward P. Ferry, of Utah, government director of the Union Pacific railway, vice Robert H. Baker. The president will remain here for a week or ten days and then will return to New York.

MINING INDUSTRIES. The report of the director of the geological survey for the fiscal year is now nearly complete. The director has been engaged during the greater part of the year in the preparation of statistics relative to mining industries in the United States.

From the report it appears that Director Powell at the beginning of the last fiscal year resolved to curtail field work in view of the large mass of unprepared material which had accumulated and had determined to give more special attention to office and laboratory work, necessary for the preparation of this work consisted in identification, classification and description of fossils; the chemical and microscopic examination of rocks; minerals and ores; the construction of geological sections; the preparation of charts, diagrams and other illustrations and preparation of reports on various subjects, which have occupied the attention of the scientific men of the survey. Experiments have been made under the management of the former director, Clarence King, on various phenomena connected with rock formations. An examination of the area involved in reports on the geology of the structural geology of the Eureka mining district of Colorado, of the volcanic rocks of the great basin and of Mount Shasta, Hood and Rainier. Another department of the work has been the study of certain lake basins in Utah, Nevada and California. These lakes are now mostly extinct, Great Salt Lake being one of few exceptions, and their history, which is now being studied, includes a study of the quaternary climate, which tends in turn to the study of the climate of the arid portion of the United States. Another field of investigation has been the study of the glacial formations, extending from the Atlantic coast to the middle portion of the great plains in northern latitude. This investigation is also a research tending to the quaternary climate, and to the character and origin of the present topographic features of the area involved. Investigations have also been conducted relating to economic geology of Ten Mile district, Summit county, Colorado, and one of the basaltic mesas at Golden, which will be extended to cover the entire Denver coal basin. Much time has been spent in preparation of the report on the Laramie district. In Nevada, the Eureka district has been carefully surveyed, and a report has been prepared on the Comstock lode and Washoe district. The director says all of the investigations have practical value in determining the characteristics of ore deposits, and will advance the mining industries by pointing out the best methods of systematic development. Early in the fiscal year geographical work was commenced in New Mexico and Arizona, which is preliminary to the geologic examination of the country. In conclusion Major Powell says that the survey has been engaged during the greater part of the year in preparation of statistics relative to the mining industries of the United States, which are complete and exhaustive in every respect, which are intended for the use of the census bureau.

THE COLORADO FLOOD.

CHICAGO, October 20.—Information was received here to-day that at the meeting in Denver of the roads interested in Colorado business, and the present to one of the Colorado railway association, it was decided to include all business west of the Missouri river, and George H. Daniels, now assistant commissioner of the Iowa trunk line association, was made commissioner, vice S. H. Pierson, who resigned to accept a position in the passenger service of an eastern company. The new arrangement goes into effect November 1st. Daniels' headquarters will be at Denver.

CONGRESSIONAL NOMINATIONS.

SPECIAL DISPATCH TO THE BEE. NEW YORK, October 20.—The following congressional nominations were made to-day: Republican, Eighth district, John W. Watt; Eleventh district, Hamilton Fish; Tenth district, Ninth district, Joe Hardy. The three democratic conference committees of the Eleventh congressional district nominated Roswell P. Flower; Tenth district, German-American independent citizen congressional convention chose Abram S. Hewitt.

THE UNIVERSALISTS.

PHILADELPHIA, Pa., October 20.—In the Universalists general convention to-day, a resolution was adopted condemning the death penalty, and recommending humane punishment. A resolution was adopted urging all legislatures to enact stringent laws for the prevention of cruelty to animals, and provide for the execution of such laws. Adjourned.

A POLITICAL ROW.

CHARLOTTE, N. C., October 20.—W. H. Bailey, democratic candidate for the house, from Mecklenburg county, was assaulted this evening, by A. B. Gillespie, revenue agent, and badly wounded. Bailey stated he was carrying the election for the republicans. Further trouble is apprehended.

OREGON SENATORIAL CONTEST.

SALMON, October 20.—The balloting for senator continued all the afternoon, the democrats trying to obtain an adjournment. Mitchell held his strength until the 2d ballot, when his supporters began to go over to J. N. D. Jph. The 29th ballot stood, Mitchell 26, D. Jph 23, balance scattering. Balloting still going on.

DURANGO IN ASHES.

DURANGO, Colo., October 20.—The most destructive fire ever known in Durango originated this evening in a Chinese laundry. Sixty or more frame dwellings were burned. Loss \$3,000, mostly insured.

GENERAL FOREIGN NEWS.

CONFISCATED ESTATES IN RUSSIA.

ST. PETERSBURG, October 20.—The Herald says during the last session of the council of the empire it was resolved to restore to former owners or their heirs a large portion of the confiscated estates in the western provinces.

THE POLAR GRAVEYARD.

BRUSSELS, October 20.—At the final sitting of the international conference, Herr Leuker, member of the German reichstag and delegate to the conference, declared that Germany, especially liberal Germany, was at heart pacific. "If the country which is our western neighbor," said he, "wishes peace as sincerely as we do, peace is assured."

SUBJECTS FOR THANKFULNESS.

LONDON, October 20.—Trevelyan, chief secretary of Ireland, in a speech at St. Mark's, returned last evening, said the recent magistrates of Ireland, in their last reports, were singularly unanimous in stating that the relations between landlord and tenant were improving; that rents were being fairly paid and intimidation decreasing. "Another subject for thankfulness," said Trevelyan, "is the fact that it is now nearly six months since there has been a cold case between the constabulary and people in the Irish provinces."

DEALINGS IN CONFISCATED BONDS.

CAIRO, October 20.—It is believed the following will constitute the chief counts in the indictment against Arabi Pasha: First—That in violation of the law of nations he hoisted the white flag in Alexandria, and under cover thereof retired with his troops and gave up the city to his and pillage.

RECEIPTS OF THE HORSE GUARDS.

LONDON, October 20.—The horse guards, who returned from Egypt marched through London, taking up, respectively, the route by way of Fillingdon. The weather was fine and the reception along the whole route, over six miles long, was enthusiastic to a remarkable extent. On their arrival at Albany barracks, in London, they were received by the prince and princess of Wales. The life guards met with no less hearty greeting at Windsor.

WOLSELEY AT CAIRO.

ALEXANDRIA, October 20.—General Wolseley has arrived from Cairo and reviewed the troops.

ASERDEZ, MISS.

October 20.—Rev. Robert F. W. senior, bishop of the M. E. church south, is dead.

October 20.—Rev. Robert F. W. senior, bishop of the M. E. church south, is dead.

DR. FISHBLATT, OF THE DES MOINES MEDICAL DISPENSARY, IMMENSE PRACTICE IN OMAHA, NEB., WILL MAKE HIS NEXT VISIT ON Tuesday, Nov. 7th, 1882, AND WILL REMAIN THREE DAYS AT THE PAXTON HOTEL, WHERE HE CAN BE CONSULTED ON THE Eye & Ear, Throat & Lungs, Catarrh, Kidneys AND Bladder and Female Diseases as Well as All Chronic and Nervous Diseases.

DR. FISHBLATT. Has discovered the greatest cure in the world for weakness of the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, tinidity, trembling, dimness of sight or blindness, diseases of the head, throat, nose or skin, affections of the liver, lungs, stomach or bowels—these are the disorders, arising from sedentary habits of youth—and secret practices more fatal to the victim than the songs of Sirens to the mariners of Ulysses, blighting their most radiant hopes or anticipations, rendering marriage impossible, and leaving those that are suffering from the evil practices, which destroy their mental and physical system, causing

NERVOUS DEBILITY. The symptoms of which are a dull, distressed mind, which unites them for performing their business and social duties, makes happy marriages impossible, distresses the action of the heart, causing flashes of heat, depression of spirits, evil forebodings, cowardice, fears, dreams, restless nights, dizziness, forgetfulness, unnatural discharges, pain in the back and hips, short breathing, melancholy, are easily of company and have preference to be alone, feeling as tired in the morning as when retiring, seminal weakness, lost manhood, white bone deposit in the urine, nervousness, trembling, confusion of thought, watery and weak eyes, dyspepsia, constipation, nervousness, pain and weakness in the limbs, etc., should consult me immediately and be restored to perfect health.

YOUNG MEN. Who have become victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect who might otherwise enter our listening senators with the thunders of their eloquence or waken to ecstasy the living fire, may call with confidence.

MARRIAGE. Married persons or young men contemplating marriage beware of physical weakness. Loss of procreative power, impotency or any other disqualification specially related. He who places himself under the care of Dr. Fishblatt may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANAL WEAKNESS. Immediately cured and full vigor restored. This distressing affection, which renders life a burden and marriage impossible, is the penalty paid by the victim for improper indulgence. Young people are apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands this subject will deny that procreation is lost so near by those falling into improper habits than by the prudent. He who is being deprived of the pleasures of healthy offspring, the most serious and destructive symptoms of both mind and body arise. The system becomes deranged, the physical and mental powers weaken. Lost procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption and death.

A CURE WARRANTED. Persons ruined in health by unlearned pretenders who keep them trifling months after months, taking poisonous and injurious compounds should apply immediately. DR. FISHBLATT, graduate of one of the most eminent colleges in the United States, has effected some of the most astonishing cures that were ever known. He is entitled with ringing in the ears and head when asleep, great nervousness, being alarmed at certain sounds, with frequent blushings, attended sometimes with derangement of the mind, were cured immediately.

Take Particular Notice. Dr. F. addresses all those who have injured themselves by improper indulgence and solitary habits which ruin both mind and body, unfitting them for business, study or marriage. These are some of the sad, melancholy effects produced by the early habits of youth, viz. Weakness of the back and limbs, pains in the head and dimness of sight, loss of muscular powers, palpitation of the heart, dyspepsia, nervous irritability, derangement of digestive functions, debility, consumption, etc.
