BRITISH GRAIN TRADE.

LONDON, October 23.—The Mark Lane Express, in its review of the week, says: "Wet weather staggered sowing operations, and hindered the threshing and marketing of wheat. Samples of wheat which have come to hand are in bad condition. Prices in the London market are unchanged. Provincial markets have improved one shilling for fair qualities, on account of the inquiry for seed wheat. Foreign wheat is unimproved, and supplies moderate. Altogether trade is dull, and, if anything, weaker. The off-coast market is inanimate, except for No. 2 red winter wheat, which advanced two shillings. Trade in forward is steady at one shilling advance. Floating bulk continues to drop because of the steady decline in American Atlantic shipments. This, however, does appear to have effected the market. Flour is quiet and unchanged. Foreign flour is restricted to supply. Trade is slow and prices upheld. Barley is steady. Foreign barley is dull and rather weaker. Oats are unchanged. Imports of foreign oats made prices a shilling better. Maize is improved. There has been a further advance of sixpence. Buyers scarce on account of high rates. Sales of English wheat the past week were 54,736 quarters at 39s 7d per quarter, against 54,330 quarters at 47s 1d the corresponding period of last year."
