

THE OMAHA DAILY BEE

TWELFTH YEAR.

OMAHA NEB. THURSDAY MORNING, NOVEMBER 23 1882

133

THE NATIONAL CAPITAL.

Operations of the Department of Steamboat Inspection During the Fiscal Year.

Travel by Water Growing with the Country--The Proportion of Lives Lost.

The Expenses of the Navy Barely Within the Annual Appropriations.

Preparations Nearly Complete for the Opening of the Garfield Monument Fair.

Detective Miller Bounced for Betraying the Government.

CAPITAL NOTES.

Special Dispatch to This Day.

EXCHANGING BONDS. WASHINGTON, D. C., November 22--Since November 1st there have been \$19,273,700 in 3 per cent. bonds re-

A LIVELY TALK. Ex-Gov. Fenton, of New York, had a long talk with Secretary Folger at the treasury department to-day.

STAMBOAT INSPECTION

Supervising Inspector General Dalton, in his annual report for the fiscal year ended June 30th, last, gives the following statistics of the steamboat inspection service: Number of vessels inspected, 5,317; tonnage of same, 1,295,564; officers licensed, 20,467; showing an increase over the previous year in number of vessels of 338, in tonnage of 74,561, and in number of licensed officers 2,069.

Speaking of the iron troubles Gould said the chief difficulty was in regard to the Bessemer steel industry, which he said would take care of them.

THE MONUMENT FAIR.

A meeting of the executive committee of the Garfield fair association was held to-night. It was decided to extend the date of the Garfield grand festival to the 21st of December.

BOUNCED.

The district commissioners this afternoon found George C. Miller, detective, guilty of the specifications charged against him by Attorney General Brewster, namely, conspiracy with the star routers, and in consequence an order has been issued removing Miller from the metropolitan police force.

NORTHERN PACIFIC LANDS.

Respecting the adjustments of withdrawal of lands for the benefit of the Northern Pacific railway under the grant of July 2, 1864, Secretary Teller has directed the commissioner of the general land office to conform to the line of route as definitely located, to make an adjustment of route in accordance with maps of definite location.

KEENE WAS NEXT INTERVIEWED.

On the speculative situation and he did not hesitate to say he thought it absurd to talk of stocks down after the decline that had been witnessed and with railroads earning such enormous amounts as at present. He confidently expressed the belief that an era of better days was about to dawn for holders of stocks. The

sentiment of conservative houses in the street is decidedly in favor of higher prices.

These views were expressed by Osborne & Co., Work, Strong & Co., Muzgrave & Co., G. A. Bennett & Co., and by foreign houses generally.

Bessemer Steel Pro-Rails.

Special Dispatch to This Day. PITTSBURGH, November 22--The iron manufacturers of this city generally do not agree with eastern manufacturers who are disposed to indulge in gloomy speculations in regard to the future iron and steel trade. A large number of the most prominent manufacturers were interviewed to-day and none anticipated any serious break.

Melville's Story.

WASHINGTON, November 22--Melville this morning concluded his account of his experiences up to the time he arrived in this country. Cross-examination then began. In response to a question Melville reiterated the former statement that it would have been impossible to have begun the search for DeLong any sooner than it was done.

DISMISSED.

As a result of the naval court martial recently held in this city to inquire into the conduct of Capt. Alfred Hopkins in leaving the Pensacola navy yard when yellow fever made its appearance, an order was issued to-day dismissing that officer. Hopkins was commander of the yard.

A TALK WITH GOULD.

The Raid on Stocks, the Business Outlook and the Crops. Special Dispatch to This Day.

NEW YORK, November 22--Jay Gould, in a talk with a reporter to-day, said he thought the decline in stocks had gone further than any element in the situation would warrant. The uneasy feeling as to what the policy of the government might be with regard to the management of the public treasury had arisen, and this uneasiness had resulted in calling loans to a large extent, which necessitated an extensive liquidation.

Horrible Death.

BIRMINGHAM, Ala., November 22--This evening a horrible accident occurred at the Sloss furnace. A scaffold was formed in the stack of the furnace and the fire in the stack apparently died out. Two colored men, Robert Mayfield and Alex King, were lowered by ropes from the top for the purpose of removing the obstacle. It is supposed the men were overcome by gas from below, as both fell to the bottom, which was a fiery mass of ore and coal, and the bodies reduced to cinders.

Train Wreckers' Work.

COLUMBUS, November 22--The St. Louis limited express for the east, leaving here at 12:05 this morning on the Pittsburg, Cincinnati & St. Louis road, was wrecked near Union station, 26 miles east of here, by a rail which had been placed across the track. The accident happened shortly after 1 o'clock. The engine pitched down an embankment over thirty feet, turning twice over, landing in a field. The engineer and fireman escaped with slight bruises. Two postal and baggage and passenger cars were thrown to the bottom of the hill in a confused wreck, but no person was fatally injured. The people in the sleepers all escaped, some with bruises and cuts. A large number received received bruises and cuts. The damage to the cars is about \$10,000.

The Steps of Troy.

TROY, November 22--The new superintendent of police will issue a general order to-morrow. Captains and patrolmen who recognize him will be retained, the others dismissed. The old force hold the station houses and declare they will not give them up.

Helping Mrs. Brown.

BOSTON, November 22--The entertainment in aid of the widow of John Brown, contributed to by Mrs. Julia Ward Howe, Madame Schiller, Oliver Wendell Holmes and Geo. Henschel, netted about \$2,500.

Sentenced for Contempt.

NEW YORK, November 22--Abraham Marks, an attorney, was to-day sentenced to thirty days in the county jail for contempt in assaulting an opposing counsel while a case was progressing in the supreme court.

The Providence Fire.

PROVIDENCE, November 22--Six of the persons injured in yesterday's fire in the Callender building are already dead and it is expected that the injuries of others will prove fatal.

FOREIGN NEWS.

King Humbert Addresses the 'Potent, Or ve and Reverend Seigniors' at Rome.

King William Decorates the Duke of Connaught for Services in Egypt.

Bismarck's Advice to the Sultan--Affairs in France.

GENERAL FOREIGN NEWS Special Dispatch to This Day.

CAIRO, November 22--The report prepared by Borelli Bey, public prosecutor, in which he summarizes the evidence directly concerning Arabi Pasha and other leaders with the burning Alexandria and the massacre of Europeans, was submitted to the Khedive and approved. It will be presented to Lord Dufferin. It is understood that the Egyptian government is prepared to leave it to Great Britain for decision where the evidence is sufficient for proceeding with the trial on charges specified in the report.

Iron Workers Agitated.

Scranton, Pa., November 22--The Lockport Iron and Coal company has accepted a contract to deliver 20,000 tons of steel rails at the works at \$40 per ton. This price is equal to \$42 per ton delivered at New York. The cost of production is over \$40 per ton, but the company will keep the mills in operation without profit rather than suspend. The prospective cutting of wages creates much excitement. Men are determined to stand against a reduction should the western rates remain as at present.

Belckburn's Denial.

LOUISVILLE, Ky., November 22--Congressman Belckburn says, in reference to the alleged plot against Speaker Keifer, "I have not seen a copy of the Enquirer to which you refer, but have learned of it in the report to form a foundation. There was an idea suggested of offering a resolution to impeach Keifer for his partisan rulings, but such a thing as resorting to force was certainly never mentioned in any democratic caucus or meeting, if it was thought, and I do not believe the latter idea ever entered the head of any democratic member of congress."

THE ITALIAN PARLIAMENT.

ROME, November 22--The Italian parliament was opened to-day. The king, in his address to the chambers, said he greeted with pride and joy the representatives of the nation, fortified by the free vote of all classes of citizens. This admirable transformation, prepared in accordance with the wish of Victor Emmanuel, gave assurance that the people were ripe for liberty. The king intimated upon parliament the duty of carrying out those pacific objects which are vital to real greatness. He indicated as subjects for legislation the condition of manufactures, agriculture, mercantile navy and the railway system. He said there would also be introduced measures dealing with public security, administration of justice, education, and elaboration of the penal code for the whole country. The relations of Italy to foreign powers, he said, were friendly. Italy responded to marks of sympathy from all by scrupulously observing her treaties, by advocating in the councils of the powers a frank and loyal policy, aiming at the maintenance of peace and reconciling national interests with those of Europe. The projected marriage of the Duke of Genoa was a fresh pledge of sympathy between the Italian and German peoples. Reverting to internal affairs the king said: "Now that the destinies of Italy are in your hands, no foreign force from within or without can impede your examination of great civil and social problems. You will thus add to the glories of Roman Italy the glories of modern Italy."

COMMONS TALK.

LONDON, November 22--In the commons to-day Lord Randolph Churchill placed on the paper a fresh batch of amendments to the procedure rules, otherwise the opposition to the remaining rules will be nominal. In the discussion of the ninth proposed resolution, Gladstone made a further concession to the effect that collective suspension should only be applied in case of wilful disregard of authority of the chair. The rule was adopted, 16 to 19. The limit of terms of suspension for offences after and including the third offence was fixed at one month.

DEMOLISHING FORTIFICATIONS.

PARIS, November 22--The municipality has voted in favor of the demolition of the outer fortifications of Paris.

ARABI AND THE SULTAN.

CONSTANTINOPLE, November 22--Two letters from Sheikh Mahmud Zafar to Arabi Pasha will be published. The writer disapproves Arabi's conduct in the name of the sultan.

BLOW UP.

MADRID, November 22--By the accidental explosion of gunpowder in the barracks to-day nearly the whole building was blown to pieces and fifteen soldiers injured.

BISMARCK'S ADVICE.

CONSTANTINOPLE, November 22--The Porte is trying to ascertain the views of Germany on the Egyptian and Tunisian question. At a recent interview of the Turkish ambassador at Berlin with Bismarck, says a correspondent, Bismarck advised the Porte to remain quiet, as the time was inopportune for raising the question of supporting the claims of Turkey. The Porte has agreed to several changes in the organization of the army recommended by German officers. Hitherto this advice was not acted upon.

THE HOUSE OF HANOVER.

LONDON, November 22--A Berlin dispatch says, in recognition of his meritorious service in Egypt, the emperor of Germany has presented the Duke of Connaught with the order of Frederick the Great. The act has political significance, which the advocates of closer union between England and Germany will heartily hail.

THE GERMAN BUDGET.

BERLIN, November 22--Debate on the budget commenced in the diet to-day. Richter, the most distinguished opponent of the budget, was absent on

account of illness. Clerical leader Schorlemer invited the conservatives to go hand in hand with the ultra-montanes on all questions.

AN OLD PLAY REVIVED. PARIS, November 22--The second performance of Victor Hugo's 'Le Roi S'Amuse' was given to-night. The first performance took place fifty years ago.

HONORS TO AMERICA. ROME, November 22--When Astor the American minister, presented his credentials yesterday he was conducted to the Quirinal in the royal carriage and was received by King Humbert surrounded by the state functionaries. After the audience was concluded Mr. Astor was introduced to his residence. Royal courtesiers were drawn up as a guard of honor in the court yard of the palace.

FOUNDERED. LIVERPOOL, November 22--The steamer Winton with grain from the Black Sea foundered off the Island of Rhé, on the coast of France. Thirty persons were drowned.

SCOTCH LAND TROUBLES. LONDON, November 22--The authorities of Aberdeenshire have agreed to send a detachment of police to the Isle of Skye to assist in the serving of processes, provided the commissioners of Invernesshire will hold themselves responsible for their expenses. Meaningful arrangements on the island are proceeding. At the mass meeting on the island one of the speakers said that any tenant paying rent, unless the revaluation was granted, would be a marked man. It was also resolved to take every lawful means to prevent tenants from taking evicted farms.

A HOPELESS CAUSE.

PROSECUTING POLYGAMISTS PROVES A FAILURE. SALT LAKE CITY, November 22--The grand jury of the third district, just discharged, found three indictments under the Edmunds law out of 20 cases presented. There were two Mormons whom the district attorney could not get rid of in an unconvincing grand jury and they are supposed to have given the warning to witnesses who were run off. When caught they knew nothing or refused to answer or answered falsely. President J. F. Smith is supposed to have warned one who was indicted and he has absconded. The grand jury in the second district is in session. The district attorney says he cannot reach polygamists by prosecution. It must be done, if at all, by some other method.

The Sufferings of Miss Bond.

SPRINGFIELD, Ill., November 22--In the circuit court at Taylorville to-day Miss Emma Bond, the victim of the gross outrage in June last, particulars of which the public well remember, appeared before the grand jury. She was but recently able to leave her bed, and during the examination was overtaken with paroxysms which have so often come near causing her death. Medical aid was called and she was temporarily restored. The examination proceeded again and she was again prostrated. Her condition resumed when she was examined a third time. In this spasm her sufferings were terrible and her screams resounded through the building and were heard in the streets more than a square distant. She was finally quieted and taken to her uncle's house in the suburbs of the town, where she is lying in a precarious condition, though resting with comparative quiet at a late hour to-night.

Jamaica Jaundice.

KINGSTON, November 14--The national agitation in Jamaica has reached a very serious and critical stage. Public feeling is fiercer than ever. The whole colony is united against the government and the season, no matter who may follow them. In the great cities of the east, where they have appeared, it is universally conceded that this company stands at the head of all, with no one to reasonably dispute the leading position with them. Madame Ober, the manager of the company, has grouped together the finest talent she could possibly secure, and it has been almost exclusively enterprise, for no opera company has so large a roster of artists as hers for her company; but her enterprise has been liberally rewarded by those who enjoy the very choicest music that she has made it profitable. Crowded houses and "standing room only" have been the order wherever they have appeared.

A Church Building Fund.

NEW YORK, November 22--An important meeting of prominent laymen of the Protestant Episcopal church was held in Bible house this afternoon for conference concerning the American church building fund commission. A resolution was adopted giving a plan for individual subscriptions to the fund throughout the church. A resolution was also adopted concerning more general offerings upon the part of parishes. The meeting was spirited and indicates increased interest in the movement to raise \$1,000,000 for the church building fund in the Protestant Episcopal church.

Chalmers the Elect.

MEMPHIS, November 22--A Jackson (Miss.) special says: The amendment returns from Tate county give a tally sheet showing for James R. Chalmers 1,472 votes, Van H. Manning 1,166 votes, H. P. Carter 3 votes. The county certificate is as follows: "We the undersigned commissioners of election from Tate county, Mississippi, Tuesday, 7th of November, 1882, for election of member of congress from the Second congressional district of Mississippi, do hereby certify that the above and foregoing is a true, correct list of the returns of votes cast in Tate county and the same was approved and by us forwarded to the secretary of state as the official vote of Tate county, Mississippi, this November 18th, 1882."

Mexican Railroads.

MEXICO, November 22--The opening of an important branch of the Mexican Central railway, which places the great mining region of Guana Juato in communication with the national capital, is being celebrated with

great splendor. An excursion train from Mexico for Guana Juato included four carriages and the directors' car. The company numbered about 150 people, representing the agricultural and railroad and commercial interests of the country. Attached to the engine in front was the figure of Liberty holding the torch of progress and on either side the Mexican and American flags. The population of towns and cities through which the train passed turned out en masse. At Marfil the visitors entered the horse cars and were driven to Guana Juato, followed by thousands of people.

THE LABOR CONGRESS.

Important Measures Decided Upon by the Federation of Trades at Cleveland. CLEVELAND, November 22--In the labor congress to-day the action which is to be presented to legislatures is to make employers liable for accidents to persons while in their employ, similar to the Indiana law, was approved. The protective tariff plank was ordered stricken from the platform of principles by a vote of 17 to 1. Mr. Grompner, of New York, representing the O'garrauer's International union, in an earnest speech denied that strikes cause loss in the end to workmen, notwithstanding temporary loss sometimes sustained. The declaration from the Chicago Trades assembly in favor of eight hours as a day's work was presented by Mr. Crawford and endorsed, after striking out the sentence that eight hours will lighten the burden of carrying useless classes. The committee on legislation were instructed by a vote of 12 to 6 to endeavor to secure the passage of a uniform apprentice law, to insure the thorough teaching of trades to the young. The congress adjourned until tomorrow, in the midst of a discussion on the basis of future representation in this body, during which remarks were made tending to discountenance the Knights of Labor and denouncing socialistic organizations. A mass meeting was held this evening in the city armory, Richard Powers, of the Chicago seaman's union, presiding. Speeches were made by Congressman Thompson, H. Murch of Maine, Mark L. Crawford of Chicago, Samuel Gompers of New York, S. F. Leffingwell of Indianapolis, Robert Howard and Eric A. Foster of Massachusetts, and E. W. Fitzgerald of Dayton.

TELEGRAPHIC NOTES.

PHILADELPHIA, November 22--Charles Moore and Bernard O'Neill were arrested to-night on the charge of robbing the house of Hugh McNell this afternoon of bonds and other papers valued at \$15,000. The papers were not recovered. The thieves are from New York. O'Neill is only out of the penitentiary two months.

A Notable Musical Event.

It is a great pleasure to announce the coming to Omaha of such a highly talented association of musical artists as compose the Boston Ideal Opera company, who will open an engagement of four nights and Wednesday matinee at Boyd's opera house on Monday evening, December 4th. It will most assuredly be the most brilliant musical event of the season, no matter who may follow them. In the great cities of the east, where they have appeared, it is universally conceded that this company stands at the head of all, with no one to reasonably dispute the leading position with them. Madame Ober, the manager of the company, has grouped together the finest talent she could possibly secure, and it has been almost exclusively enterprise, for no opera company has so large a roster of artists as hers for her company; but her enterprise has been liberally rewarded by those who enjoy the very choicest music that she has made it profitable. Crowded houses and "standing room only" have been the order wherever they have appeared.

THE GREAT RAIL OF BLOODED CATTLE REBUIES OVER \$30,000.

CHICAGO, November 22--Hon. Charles B. Farwell met with what promised at first to be a serious if not a fatal accident. By the tipping up of a plank he was precipitated into the basement area of a new building, falling twelve feet, and was so stunned as to be unconscious for a time. Examination showed, however, that no bones were broken. Both wrists were sprained and he was considerably bruised about the head and body. The doctor says his injuries are not dangerous.

THOROUGHBREDS SOLD.

A draft from the Horford and Pollard Angus herds of M. H. C. Chalmers, of Hillhurst, Quebec, Canada, was sold at auction at D. Xer park to-day. Thirty-one Horford and thirty-eight Angus were disposed of for a total \$32,960. The Horfords averaged \$375; the Angus, females, \$664, males \$407. The polled cattle were just out of quarantine after importation.

THE RATES WAR.

Investigation into the rumor sent from New York to the effect that Messrs. Keop of the Northwestern and E. Diddle of the Rock Island were on their way to New York on a lightning train with the track clear for them to patch up peace in the northwestern war, seems to have been a stock jobbing scheme. The facts are that Keop and Hught left for New York yesterday and should be in that city now. Officers of the road state that the trip was made on ordinary business, and had nothing whatever to do with the war of rates. Riddle was here at 9 o'clock to-night. President Cable, of the Rock Island, says no meeting to fix up peace is in prospect, either in New York, here, in Minneapolis, St. Paul or anywhere else.

ROBBING THE MAILED.

A number of Chicago banks received copies of the following circular to-day: "FIRST NATIONAL BANK OF DENVER, Colo., November 18, 1882. Frequent wholesale robberies of United States mails between here and New York compel us to issue this circular. Commencing in December, 1881, and continuing up to the present time, we have lost on an average about one entire mail each month from New York and New England. Some months they take two, as in October, when they stole entire ones of the 21 and 31st. Remittances due from us for collections or other matters fail to reach you on time please advise promptly and duplicate drafts will be forwarded at once. We have repeatedly informed the postal authorities of these wholesale robberies, but they continue all the same. Very Respectfully, N. S. Wood, Cashier.

Correspondents of the banks here say none of their remittances to Denver have been tampered with.

ARTISTS IN ARMS.

Charles D. Ives, general manager of the Burlington, Cedar Rapids & Western railroad, and Miss Helen M. Jarvis, daughter of a well-known artist and litterateur of this city, were married at St. James Episcopal church this afternoon. They will live in Cedar Rapids, Ia. Miss Jarvis was musical editor of the Daily News.

A G-d Scheme.

MILWAUKEE, November 22--Manager Merrill said to-day, regarding the cutting of passenger rates: "Take people wherever they want to go and bring them back; this is a big country, and neighbors live far apart; give everybody a chance to go visiting and take their friends along."

Thurlow Weed Dead.

NEW YORK, November 22--Surrounded by his weeping children, grand children, physicians, nurses, and the attendants of his household, Thurlow Weed, the veteran journalist and statesman breathed his last at 8:55 this morning. His daughter, Miss Harriet Weed, was so overcome that she had to be supported by two female attendants. The grief of the other children was none the less poignant. Just before passing away Mr. Weed groped with his right hand around the bed as though he sought his children's hands. His grand daughter took the extended hand and felt a soft pressure, and the next moment he was dead.

At the funeral there will be ten pall bearers, who have not yet been selected. Previous services will be held at 9:30 Friday for the family, in the house; public services in the church, adjoining at 10; at 5 the remains will be taken on the steamer Draw to Albany and buried in the rural cemetery Saturday.

A Huge Land Sale.

NEW YORK, November 22--The Northern Pacific railroad company, at a meeting to-day with the land syndicate, decided to sell three million acres of land east of the Missouri river at four dollars per acre.

CHICAGO GOSSIP.

Hon. Chas. B. Farwell Tumbles into a Cellar, but Escapes Serious Injury.

The Great Rail of Blooded Cattle Rebuiies Over \$30,000.

No Immediate or Remote Prospect of Peace in Railroad Circles.

The Advisability of Paying a Premium to Passengers is Seriously Considered.

Denver Banks Kick Against the Robbing of their Mails.

Special Dispatch to This Day. SERIOUS FALL. CHICAGO, November 22--Hon. Charles B. Farwell met with what promised at first to be a serious if not a fatal accident. By the tipping up of a plank he was precipitated into the basement area of a new building, falling twelve feet, and was so stunned as to be unconscious for a time. Examination showed, however, that no bones were broken. Both wrists were sprained and he was considerably bruised about the head and body. The doctor says his injuries are not dangerous.
