-The Boys' band was out with a fonr horse team on Christmas day, serenading some of the citizens at their homes. The boys played well, as they always do, in fact, and received many compliments for the evident steady improvement which they are making. In the evening they on learning of it, ordered him out, and clared for the clare of the clare rounds the boys favored the city editor of THE BEE with a happy call and gave him a merry and musical Christmas greeting.

-William Messner showed himself a true Christmas artist by the manuer in which he decorated "Our Meat Market." December 21, 1882.

Prof. H. Samuels:

Dear Sir—Some two years and a half since you visited this city, and at that time I was troubled with my eyes, caused by excessive proof-reading and other office work to such an extent that I could at times hardly read, study or decipher plain print without frequently resting them. You adjusted a pair of glasses for me that are next to indispensable, and I have no hesitancy in recommending persons to you who may be troubled with weak eyes. Yours truly,

OMAHA, September 18, 1872.

Some years since, while engaged in editorial labor at night, my eyesigh: became impaired, and I found it difficult to find glasses which would afford any relief. During the past two or three years my eyes grow weaker by constant use, and I began to be alarmed lest I might for a time be obliged to lay acidemy books, which I so much delight in. Providence, I think, has kindly alded me by sending Dr. [Samuels to this city. By use of his improved crystal glasses for several days I find the natural vision restored, and I am now able to lead and study as much as I please without tiring the eye or causing pain. It seems wonderful that such an effect can be produced in so short a time, and I I are no doubt

will be permanent.
I am glad Prof Samue's has visited this city where so many need the aid he can afford then and I hope his glasses will be introduced and extensively used here.
