

Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Logansport, Ind., Dec. 1, 1886. For a long time I have been a sufferer from stomach and kidney disease. My appetite was very poor and the very small amount I did eat very much from non-retention of urine. I tried many remedies with no success, until I used Brown's Iron Bitters. Since I used that my stomach does not bother me any. My appetite is simply immense. My kidney trouble is no more, and my general health is such, that I feel like a new man. After the use of Brown's Iron Bitters for one month, I have gained twenty pounds weight.

Leading physicians and clergymen use and recommend BROWN'S IRON BITTERS. It has cured others suffering as you are, and it will cure you.

HERBERT THAYER.

His Sudden and Unexpected Death in Massachusetts on Wednesday.

The Details of the Sad Occurrence Together With a Sketch of His Life.

The fact was stated in Wednesday's Bee that Herbert Thayer was dangerously ill in the east, and that Gen. John M. Thayer, his father, had started east to visit him.

Dana Thayer, the general's eldest son, and a commission merchant in this city, yesterday received a telegram from his mother, dated at Bellingham, Mass., stating that Herbert was dead.

He also received a letter from his mother yesterday, in which the nature of Herbert's sickness was given. He had only been sick a few days, and the malady was inflammation of the stomach. Mrs. Thayer expressed no particular fears for the recovery of her son, and doubtless thought it was but a slight indisposition which would overcome in a few days. The disease, however, assumed a more violent type which resulted in death.

Herbert Thayer was well known in Omaha, and was a popular, frank and intelligent young man of irreproachable moral character. For years past he had been in active business with his brother Dana. First at Fort Fred Steele, Wyo., in the sutler store at that post, and subsequently at the Union Pacific railroad eating house at Rock Creek, Wyo. Lately the brothers formed the idea of engaging in the commission business here, and with that view, caused to be built a large warehouse near the Union Pacific depot. Pending its completion, Herbert, in company with his younger brother, Jehu, started east on a visit to his mother in Bellingham, Mass. Soon after he reached there he was taken sick.

Gen. Thayer, when he started from Omaha Wednesday, had no idea of the seriousness of his son's illness, but probably before this the sad news had reached him by telegraph. Bellingham is the old home of the Thayer family and the place from whence the general emigrated to Nebraska in 1856. Both Dana and Herbert were born there, and in the latter's death it seems a strange coincidence that after so many years absence from the place of his nativity he should be called back there to give up his life.

Mrs. Thayer is suffering at present from sickness, not of a serious nature, but it is feared that the sudden blow of Herbert's death may aggravate it. General Thayer will reach Bellingham on Saturday morning, and Dana who started yesterday, will be there on the morning following, when the funeral will occur. Herbert at the time of his death, was a little more than 30 years old and unmarried. His death will be regretted by a large circle of friends throughout the state and Wyoming, where in his business relations he made so many acquaintances. The general and his family have the sympathy of the entire state. He has lived here a long time, and during the greater portion of it has been conspicuously identified with the material growth and advancement of its cities and communities.

Not an alcoholic beverage, but a true and reliable family remedy is Brown's Iron Bitters.

New Year's Reception--Ladies' Work--Vocal Music Class to be Organized after the Holidays.

The organist of the Young Men's Christian association, Mr. H. H. Allen, has consented to instruct a class in vocal music of fifteen lessons at the association hall, commencing as early after the holidays as the class can be secured. Tickets will be sold at \$1; members of the association 50 cents.

The demand for a class in rudimentary instruction has induced the association to secure Mr. Allen, and it is hoped that there will be a large membership. The young will find the course of great benefit to them in music reading.

NEW YEARS RECEPTION. The Ladies' society of the Young Men's Christian Association held another of their pleasant meetings in the association parlors Tuesday afternoon, when followed reports of committees and the discussion of work at hand.

The New Year's reception demanded especial attention, and this and that which would add to the pleasure of the day were discussed. A committee representing each of the churches will be present to receive their friends.

The following was adopted by the society before adjournment: Whereas, Many ladies of our city are accustomed to place wine on their tables on New Year's Day; and Whereas, We have noticed, with great regret, that in too many cases the drinking of wine on such occasions has been the commencement of a bad career; therefore, Resolved, That we use all our influence and persuasion against the custom, and invite all ladies interested in the well-being of young men to lend us. Lady friends who may not be personally invited, and who are interested in the success of the New Year's reception, may send such entertainment to the rooms as they may be willing to provide.

*Example is better than precept. It is well known that dyspepsia, bilious attacks, headache and many other ills can only be cured by removing their cause. Kidney-Wort has been proved to be the most effectual remedy for these, and for habitual constiveness, which afflicts millions of the American people.

Special Dispatch to The Bee. ST. LOUIS, December 28.—The latest news from the Indian territory says: The Chilocoe party in the fight Sunday last had seven men killed, and it is thought the Spiochee band lost as many more. Spiochee and his party had gone into the Cherokee nation, but he is expected to return again and keep up the disturbance. Reinforcements are hastening to Okmulgee to protect the capital. Captain Bates, with a detachment of United States troops, is also there, and soldiers have been ordered to Cafaula, where there is a good deal of excitement and many of the women and children have been sent away for safety. The difficulty grew out of the political divisions of the tribe into what is known as loyal and disloyal parties during the war. Spiochee is now at the head of the loyal party or band, and Chilocoe is the principal chief of the nation and of course at the head of the party in power. He has some eight hundred armed men under him, and Spiochee is said to be nearly as strong. Both parties are armed with all sorts of weapons, and seem to be in an ugly mood. It is thought that the United States soldiers and Major Tully, the United States agent, will succeed in quieting them and restoring order.

A Tennessee Tragedy. Special Dispatch to The Bee. KNOXVILLE, Tenn., December 28.—The Tribune has information of a terrible tragedy in the mountains

Fort McKinney, Wyo., Dec. 17, 1882, is extended to twenty-three (23) days. The following is published for the information of this command:

WAR DEPARTMENT, ADJUTANT GENERAL'S OFFICE, WASHINGTON, Dec. 19, 1882. To the Commanding General Department of the Platte:

SIR—It appearing from numerous communications received at this office from officers of the Army that a misunderstanding exists in regard to the kind of books furnished under paragraph 200 of the Regulations, as well as to whom application should be addressed for the information of the officers in your command, that the following company books are furnished from the office of the Adjutant General: Company Sick Report Book and Record of Vaccination.

The following company books are furnished by the Quartermaster's Department: Order book, morning report book, clothing book, descriptive book, and letter book, and applications should be addressed accordingly. [Signed] R. C. DRUM, Adjutant General.

Swindlers Abroad. If any one has expressed an interest in any way in the word "Hops" in their name, cheating honest folks, or that we will pay any of their bills or debts, they are frauds and swindlers, and the victims should punish them. We deal in and pay only the bills for the genuine Hop Bitters, the purest and best medicine on earth. HOP BITTERS MANUFACTURING CO. ASHLAND AIRINGS. Correspondence of The Bee.

ASHLAND, Neb., December 27.—The holiday season being upon us, there is but little else of general note that is transpiring that outsiders would care to "take with their coffee."

Mr. Isaac Slaton, one of our youngest and most popular merchants, died a few days ago, leaving a young and interesting family to mourn his departure.

Our graded school gave a most successful entertainment—literary and musical—in the opera house a few evenings since. The large hall was well filled, and the receipts were about \$60, on 10, 15 and 25 cents' admission fee. This will nearly release the fine school organ from financial embarrassment.

Mr. Samuel J. Foster was married to Miss Emma L. Stambaugh, by Rev. H. A. Guild, on the 17th inst. Eucapius has a new disciple among us, in the person of Dr. Merdith, who comes from La Porte, Ind., and is a most intelligent and excellent gentleman.

We had a free spread of the gospel here on Monday. A team attached to one of the hotel busses concluded to have a little Christmas in their own way, and so started down Silver street at a lively pace, the bus being well filled with passengers, among them the Rev. Mr. Bargees, of Plattsmouth, who was tumbled into the snow and rolled over and over. When he regained his perpendicularity, he not inaptly represented the modern politician in the white washing business.

Prof. G. G. Sill, formerly of our city, but now principal of the school at Jarrista, is holidaying with us. He has sold his 40 acre lot, near town, for \$900.

Christmas trees, or their equivalent, were had in the Baptist, Episcopal and Methodist churches, on Monday evening, where with literary and musical exercises, everybody and his family were made happy.

Among the most pleasing of Christmas incidents was the presentation to Rev. H. A. Guild, by the Baptist church and other friends, of a very fine carriage horse, to take the place of recently lost by Mr. G. by its having run into a barb wire fence.

Rev. Wm. Searitt, of the Congregational church, was presented with a well-filled purse, and Rev. C. P. Hackney, of the M. E. church, was also suitably remembered.

We have for several days been enjoying very fine sleighing, and it bids fair to last for several days more.

Why do not some of your capitalists and manufacturers come down here and assist in utilizing our water power? Did you know that we had one of the best of the kind in the state?

We are all interested in The Bee's libel suit, and hope to see it pushed to a satisfactory conclusion. Character is too sacred a possession to be sacrificed upon the altar of hate. B. D.

Chicago Lawlessness. Special Dispatch to The Bee. CHICAGO, December 28.—The street highwaymen are becoming so bold and their attacks occur so frequently that there is considerable talk of suppressing them by means of private enterprise. Scarcely a night passes that one or more attacks do not occur. One of the victims is likely to die. All of them have suffered severe injuries from the murderous sand-bag, and have lost considerable property. Several women have been maltreated and robbed at dusk. One young lady was stopped in broad daylight on one of the quiet residence streets. One of her assailants put a handkerchief over her mouth, while the other took her pocketbook and earrings. The incorporators of the electric elevated railroad are making a strong push to secure a favorable action from the city council on their scheme. They propose make electricity the motive and lighting power.

portion of Hawkins county, about sixty miles from Knoxville. Saturday night last some white men went to the house of a negro named Gray for the purpose of whipping him, charging him with stealing hogs. They demanded admittance, which was denied. They then fired upon Gray's cabin and fire was returned. In the battle Gray was mortally wounded and since died. His stepson had his thigh broken by a ball. A white man, Jim Williams, was shot in the head and is said to be mortally wounded. Another white man named Orrick was wounded.

The Sugar Refiners Convention. Special Dispatch to The Bee. BOSTON, December 28.—The conference of sugar refiners and importers of Boston and vicinity was held to-day. Every house was represented. The meeting was called especially to present views of the trade to the members of congress who were present—Wise, Bowman, Chandler, Morse, Ranney and Russell, and to agree to some arrangements for the assessment of duties on sugar. It was intimated by the congressman that the differences among sugar importers and refiners had hitherto prevented action, and if a plan could be united upon by them, there was a hope of securing a material reduction in the tariff.

The following resolution was adopted: "Resolved, That the refiners and importers of sugar of Boston favor a large reduction in the duty on sugar and that to accomplish this purpose we request our members in congress to favor it."

A schedule was made as follows: On all sugars, melado, etc., not above 75 degrees polariscope test and not above No. 13 Dutch standard in color, 75 cents per 100 pound, with pro rata addition for each degree of polarization above 75 degrees, which, upon this basis, is three cents per degree per 100 pounds. In approving the graduation of duty according to the polariscope test, we mean that test which is now used in commercial transactions.

A resolution was adopted urging that any bill changing the tariff should go into effect at once, and another to the effect that a change in the tariff on sugar, if accomplished by the present congress, should be accomplished by a provision similar to that of a section of the tariff act of June 16, 1872, which provides that a change of tariff applies to all sugars then in bond. Congressman Morse, during the discussion, said that in opposition to the opinions of other congressmen, he believed that if the bill was completed by the committee of ways and means it would take a political aspect, and be put through by a caucus. If it is to pass it must pass in that way. It is unfortunate these questions are made political questions. I am very much afraid no bill will be passed. I fear it will be brought up late in the session and will be talked to death.

CHICAGO, December 28.—The sale of seats for the Langtry engagement at Haverly's has been comparatively small. One sale of \$5,000 worth of tickets were disposed of yesterday for the whole engagement. Much dissatisfaction exists as to the way in which the sale was managed by Abbey's agent.
