MINOR MENTIONS.

J. Mueller's Palace Music Hall. There have been no marriage licenses issued for three days. Subscribe for newspapers and periodicals at H. E. Seaman's book store.

There are now only fifteen in jail, two of them being women. The Round Table had an interesting study of K. Nelson last evening. A half-hour prayer meeting is held now every noon at the rooms of the Y. M. C. A. on North Main street.

Dick Ricketts is charged with petty assault, for which he is to interview Justice Vaughan to-day. Henry Vincent, of the Nonconformist, was in the city yesterday and favored the Bee with a call. He says he expects to soon resume the publication of that paper regularly.

The proposed enforcement of the ordinance forbidding the throwing of ashes in the streets does not seem to be kept up. There are too many places to begin, and too few to leave off at. Everybody seems to be liable.

There were six free lodgers at the city calaboose Monday night, but not a disorderly and not even a drunk. Officer Clough broke the twenty-four hours' monotony yesterday forenoon by dragging in one drunk.

Sheriff Jones, of Crawford county, is in the city, his mission being to get Charles Volght, the young man who lately had some trouble with Dr. Billinger.

It is claimed that the young man is not right in his head, and is to be taken back to Crawford county for treatment.

Riley Clark, sheriff of Neola, was in the city yesterday on his way back from Seneca, Kan., where he has been after a man who run off a team on which there was a mortgage. He got the team, but left the man lodged in jail at Seneca charged with stealing a horse there.

The entertainment given by the Baptist ladies at Dobay's last evening proved nice enjoyable and quite successful. The tables were spread in a beautiful and tempting manner and were well patronized, while the entertainment, consisting of tableaux, music, etc., was equally enjoyable.

The Episcopalians were happily entertained in a social manner last evening at the house of Mrs. Blosser by Mrs. E. Smith, Mrs. J. N. Baldwin, Mrs. J. L. Stewart, Mrs. Rice and Mrs. Blosser. An opportunity was also thus given for the people to meet the rector and wife in a social relation.

Chief Field yesterday took the pains to make copies of the new ordinance requiring railway companies to keep flagmen at the Broadway and Main streets crossings, and forbidding the obstruction of the streets. These copies he served on the railway companies, that there could be no possible plea of ignorance, and it is now the intention to enforce the ordinance strictly.

During the meeting of the grand lodge of Knights of Pythias in this city last fall, Julius Pappé, of Marshalltown, one of the delegates, lost an elegant locket, containing the pictures of several of his family. Yesterday it was secured and returned to him. It seems that one of the employees of the hotel where he stopped found it and sold it to a second party, who in turn sold it to a third party. The third party wanted \$15 for it, and refused to give it up for less, but on being arrested and brought before Justice Abbott, delivered up the locket and took \$5 reward, whereupon the case was dismissed. He claims to have paid \$2.50 for the locket.

Over the Road. Jailor Schoutz has returned from Fort Madison, whither he took Crowley, who is sentenced to three years for mayhem. On the trip the officer learned much of Crowley's history, a Creston officer telling him that Crowley, while living there, was known as one of the worst fighters in the country and given to biting as well as striking. On landing at the penitentiary the darkey who changes the clothes of the new comers recognized Crowley as an old resident of Davenport, where he also had the reputation of a wicked fighter. It was also learned that he had been twice in the asylum at Mt. Pleasant, his insanity being apparently caused by whisky, and when that was out, the man would become pretty clear-headed again. Crowley was set at work in the penitentiary in the chair department. Schoutz found Carpenter and Owens at work in the boot and shoe department. Hendershott had been placed in the blacksmith shop. Crowley is the last of the lot to be taken over the road.

OFFENSIVE AND DEFENSIVE

Various Cases Whose Two Sides Are Being Aired in the Courts.

Deputy Sheriff Metcalf returned Monday night from Kansas City, bringing with him the man Straup and Mrs. Peter Johnson, charged with adultery. Metcalf got the necessary papers from Governor Crittenden at Jefferson City, on Sunday, and had the honor of driving with the governor himself. He also brought back Mrs. Johnson's three children. On arrival here at night the man was lodged in jail, but the woman was allowed her liberty on her own recognizance. Yesterday morning she appeared before Justice Vaughn, accompanied by her attorney, G. A. Holmes, who filed a motion for a change of venue, and her case was sent to Justice Schurz, who continued the same until Friday next. The man Straup had his case continued until this afternoon, and waivered examination was placed under \$500 bonds to await the action of the grand jury next May, and in default of bail went to jail.

The several cases growing out of the annual meeting of Thurston and Simpson on Broadway last Sunday were also called yesterday morning before Justice Vaughn. Mr. Holmes as attorney for Mr. Simpson had the cases against that gentleman sent to Justice Schurz on a change of venue. The cases against Thurston and Mrs. Simpson for adultery were continued until this morning. Simpson on appearing before Justice Schurz yesterday afternoon pleaded guilty to assault, and was fined \$10 and costs, which was afterwards cut down to \$5 and costs, on recommendation of Mr. Hunter, who was serving as proxy for the county attorney. The costs run the bill up to \$17, which Simpson paid. The other charge against him, that of carrying concealed weapons, was dismissed on motion of Mr. Hunter.

THE BOARD OF TRADE.

An Invitation to the Water Gas Company of Omaha—The Paving Question.

A meeting of the board of trade was held last evening. The secretary was instructed to invite the representatives of the Water Gas company now in Omaha to present plans and facts at the meeting of the city council Friday night. The secretary was instructed to appear before the city council and ask that body to fix some convenient time at which to meet with the board of trade and discuss the paving question, so that the citizens might be better informed on the subject. The resignation of Mr. Harkness, chairman of the board of directors, was received, but laid over. Adjourned until next Monday evening.

It was decided to have a spring meeting and also a running meeting and other doings on the Fourth of July.

CATCHING COWS.

The Ordinance Translated into English by Marshal Jackson.

The ordinance lately passed by the city council in regard to stock running at large is so worded that none but an expert can determine from its publication what it is meant to effect, and many citizens are as much in the dark about the affair as though the ordinance had not been given publicity. The ordinance provides: "That the ordinance entitled, 'An Ordinance to Prohibit Stock from Running at Large in the City of Council Bluffs,' be and the same is hereby amended as follows: By inserting after the word 'no' in the second line of section one thereof the following: Cattle, goats, sheep, and by striking out all of said section one after the fourth line thereof."

There is a good deal of complaint about this blind way of making such a radical change as this ordinance contemplates, and as many do not know what it means, Marshal Jackson comes to the front and translates it. "No stock is permitted to run at large in the city at any time." He has already commenced the enforcement of the ordinance, but owing to unsafe and unfit condition of the present city pound, he is to let up for a day or two, until better accommodations can be provided for the bovines. In the meantime he is daily beset by applicants for

mercy. One had a cow of remarkable gentleness, who never did anything to harm anyone. She ought to be exempted. The marshal's deputy, Jack White, suggested that this kind of cow were the very ones they were after, as they could drive them in easier than the wild vicious ones. Another wants his cow exempted because it is a pretty Jersey, who is of too good blood to be placed in a pen with a lot of plebeian cows, and ought by rights to have the freedom of the city granted her. These complaints will thicken now that the ordinance is translated into English, so that folks catch its full meaning, and now that its enforcement is begun. It is expected that there will be a great cow war, if there are not too many cowards, and fun is expected all along the line.

WORTHILY BESTOWED.

Alderman Newell the Recipient of an Elegant Memento by the Fire Lads.

Last evening Alderman F. C. Newell was induced by pretenses tinged with falsethness of a kindly sort to enter the Rescue engine house, where he was suddenly surrounded by the paid men of the department, who through Chief Templeton presented him with an elegant gold-headed cane, very nicely engraved, "Presented to F. C. Newell by paid men of C. B. F. D. 1883." The recipient was taken completely by surprise, but rallied sufficiently to return thanks in a manner appropriate to the occasion, and one which was fully appreciated by the fire lads, who believe in deeds rather than words, and who want little upon more rhetoric. The gift will be a happy reminder to Ald. Newell of his pleasant relationship with the donors, and in a token of the appreciation felt for what he has done to further the interests of the department. In losing Mr. Newell from the city, the fire department will be among the heaviest losers, for he has done much in establishing an electric alarm system here, and organizing a paid department, besides making other changes for the better.

A Sewing Machine Agent "Ergod" (Because He Had a Colored Assistant. Carrollton (Mo.) Democrat. The Brunswick News is authority for the statement that I. R. Griffith formerly of this place, got into trouble at Dalton, Charlton county, on Friday night of last week. He had gone there for the purpose of selling sewing machines, and the editor of The News says he "had with him a colored man, whose assistance he had availed him-

self of for the time being to negotiate sales of machines to colored people in Dalton and vicinity with whom the said assistant had acquaintance. Trouble seems to have grown out of the endeavor to secure accommodations for the negro at the Dalton hotel. Mr. Griffith says the landlord was mistaken as to the nature of his request, and would not listen to an explanation. Be that as it may, much feeling was worked up against the two, and culminated later in an onslaught upon them with eggs, thrown in great numbers and remarkable accuracy. Mr. Griffith was naturally quite indignant at which he deems an unjustifiable assault, and he will probably take steps to have the matter brought to the attention of the next grand jury. The gentleman has been here only a short time, and would be recommended from Carroll county, and has seemed to our citizens to be a quiet, inoffensive, industrious man—one who would not intentionally commit any breach of decorum such as should subject him to such indignities as were put upon him at Dalton.

No Gongs, No Banners—"A Summer Idyl," from a Providence Merchant. Mr. George H. Davis, a nut dealer at 397 West 11th Street, bears his grateful testimony to the unequalled excellence of the production of one of our most skillful Providence Pharmacians. Mr. Davis says, "Last spring I was very greatly troubled with severe inflammation of the kidneys, and it became so bad that at times I was unable to get up. My sufferings were intense, and my blood was so putrid that for a while I was scarcely able to attend to business, and the severe pains would come so suddenly and severely that I would be obliged to leave a customer whom I might happen to be waiting upon. During a part of the time I was unable to walk, and scarcely knew what to do or which way to look for relief. At this time a friend recommended Hunt's Remedy. I took two bottles of it, and it took right hold of my disease and cured me very speedily, and I have experienced no trouble with my kidneys since.

"Furthermore, Hunt's remedy has strengthened me very much, and since I began to use it I have been able to attend to business, and am all right now. I heartily recommend it to all. What it has done for me it will do for you who are afflicted."

Suffered for Twenty Years. Hon. Joshua Pathill, of East Saxton, Mich., writes: "I cannot say enough of the merits of Hunt's Remedy. It has proven in my case a year's gain for it having suffered for about twenty years with severe disease of the kidneys (which on local physicians pronounced Bright's disease). I made a journey east to consult the eminent Dr. H. A. G. Miller, N. Y., of whom I was told the specialty I had heard much of. Dr. Miller examined me carefully and simply told me to get a bottle of Hunt's Remedy and according to directions. After having traveled so far for treatment, it struck me as all right. I followed his advice, and right glad was I that I did so, for before I had taken Hunt's remedy I had a dozen times found myself unable to get up, and my kidneys were so bad that I had to get up and down, and I was in the doctor's hands, and of course I followed his advice, and right glad was I that I did so, for before I had taken Hunt's remedy I had a dozen times found myself unable to get up, and my kidneys were so bad that I had to get up and down, and I was in the doctor's hands, and of course I followed his advice, and right glad was I that I did so, for before I had taken Hunt's remedy
